City officials announce Memorial Day ceremony

Green Beret Nicholas Lavery to be keynote speaker

Journal Staff

Everyone has a story, but the story of Warrant Officer Nicholas Lavery is one of bravery, courage and determination.

He has received three Purple Hearts, a Silver Star, a Bronze Star, and a Bronze Star with Valor for heroism in combat.

It is only fitting that Lavery, who has had five deployments, be invited by Mayor Brian Arrigo to be the keynote speaker at Revere's Memorial Day Ceremonies on Monday, May 27 on the American Legion Lawn at 249 Broadway at 11 a.m.

World War II Veterans will also help commemorate the 75th Anniversary of D-Day.

Lavery shattered his right leg in Afghanistan in 2013 and has never considered a medical discharge. By 2015, Lavery was back in Afghanistan, the first special operator to return to combat as an above-the-knee amputee.

It is valor and determination that made Lavery a hero and helped him

survive more than 40 surgeries, intensive retraining and, eventually, a return to combat. He lost his leg when a long-trusted Afghan soldier fired on him and his fellow soldiers, and other enemy forces emerged on rooftops, shooting. Lavery was hit four times.

"My reasons for staying were the same as the ones I enlisted," the 6-foot-5-inch Kingston native said. "I made an oath to protect my country."

He was inducted into the UMass Lowell Military Hall of Fame. Lavery holds a bachelor's degree in criminal justice from UMass-Lowell.

Lavery is pursuing his master's degree at the Chicago School of Professional Psychology and spending time with his wife, Army Master Sgt. Toni Lavery, and their young son, Dominic.

After the ceremony, all are welcome at Casa Lucia on Lucia Avenue for a lunch have a chance to meet Lavery in person.

Temple B'Nai Israel to close after more than 113 years

By Cary Shuman

Temple B'Nai Israel, the beloved Jewish house of worship in Beachmont and the setting for bar mitzvahs, weddings, and other joyous celebrations through the years, will close its doors this Friday.

Debby Cherry, president of the temple on Wave Avenue, said this week's traditional Friday night Shabbat Services will mark the end of the

113-year-old temple's presence in the city.

"We much prefer to stay open, but it's lack of membership, lack of participation, and changing demographics," said Cherry at a final concert event Sunday honoring the temple's legacy.

Cherry said the temple was once home to more than 300 families, who would fill the

Four Revere students receive ACE scholarships

By John Lynds

With development in the region at an all-time high, the need for professionals in the architecture, construction, and engineering fields is bigger than ever.

ACE Mentor Program of Greater Boston, the non-profit organization which introduces high school students to the architecture, construction, and engineering industries, is at the helm of helping develop future talent in those industries.

tries.

Four Revere students are among the 24 impressive high school students from a community in and around Boston that received a scholarship this year.

Matthew Cravotta, Richard Briana and Alejandro Buenrostro, all students at Revere High School, as well as Revere's Axel Perez Castillo, a student at Excel Academy Charter High School, were all named ACE scholarship winners.

With professional guidance by industry mentors who are full-time employees of construction, design and engi-

neering firms, Cravotta, Briana, Buenrostro and Castillo participated in a five-month design project and construct a hypothetical project in order to learn about each discipline.

"We are so proud of Axel and the work he did as part of ACE this year," said Excel Executive Director Owen Stearns. "The hands-on experiences of this program were the perfect complement to the course he took as part of Excel's dual enrollment program. We could not be more proud of him."

Nine ducklings rescued from a storm drain

On May 16 at approximately 1:30 p.m. Engine 4 of the Revere Fire Department was dispatched to a report of ducklings stuck in a storm drain at 18 Griffin St. Capt. Domenic LaSala along with firefighters Patrick Rosa and Michael Forte arrived to find a man standing over a storm drain with the cover off.

About five feet down from the street level, in the water, were nine ducklings who had fallen in and were trapped. Engine 4's crew used two plastic

rakes to scoop the ducklings from the drain. Surprisingly, the first few rescued jumped back in, after which they were placed in a bucket to secure their safety.

The entire time the Mother stood by anxiously watching the operation from a distance. The ducklings were placed across the street where the their mother seized the opportunity to retrieve her ducklings. The family then waddled away bringing the saga to a happy ending.

dents will be honored at the ACE Mentor Program's 9th annual networking event on Thursday, May 23, at the Artists For Humanity EpiCenter in Boston.

The 2019 event will feature remarks by Cravotta, Briana, Buenrostro and Castillo and 20 other students who received scholarships this year ranging from \$3,000 to \$13,000 as well as a "Mentor of the Year" award ceremony.

Castillo was recently presented with a \$3,000 scholarship by Chair of ACE Scholarship Committee Steve Eustis and ACE Board Chairman Michael Tecci while Cravotta, Briana, and Buenrostro each received an \$9,000 scholarship.

"It is with great excitement that we have the opportunity to award these 24 talented students with their scholarships,"

said Nigel Gallaher, former Chairman of ACE of Greater Boston. "All of this is possible due to our committed mentors and our ACE volunteers who work tirelessly on top of their full-time jobs to engage our largest group of students in the program, to date. Also, our graduates who have successfully entered careers in the architecture, construction and engineering fields are our best advocates for the program and we can't thank them enough."

ACE of Greater Boston was launched in 2007 and is one of over 70 affiliates under the ACE national umbrella. Through practical, project-based, hands-on explorations, students work collaboratively and creatively to design innovative solutions to real world problems. City Council is pretty upset about Ugly House banner at Wonderland

By Cary Shuman

Revere city councillors expressed dismay at Monday's Council meeting about a large banner that is hanging from the top tier of the Wonderland MBTA Garage.

Councillors Joanne McKenna and John Powers co-sponsored a motion that requests "Mayor Brian Arriago to send a letter to the MBTA to remove an enormously large 'We Sell Ugly Houses' banner that has been hanging for the last two months from the top of the Wonderland Garage."

McKenna was the first to address the issue of the 'Ugly' banner.

"Just recently they put a 10-foot-by-12-foot sign hang-

ing on top of their garage," said McKenna. "They put it in after the ordinance was approved and I would like to have them take it down."

Powers urged the MBTA to address the issue immediately.

"I would like to take it one step further and have the MBTA come up here and explain the rationale of putting that sign up there," said Powers. "Just the wording on the billboard is personally offensive to me."

Councillor-at-Large Steve Morabito also weighed in on the banner.

"My first thought was, 'this [banner] looks sloppy,'" said Morabito. "I'm not even sure the MBTA knows about this. It does not look profession-

al. It doesn't even look like it's sturdy or a fixture on the building the way it hangs."

Councillor Jessica Giannino said the ordinance banning billboards and advertising signs was first advanced by "our colleague," the late Bob Haas, in response to the large number of billboards in the city. Giannino expressed hope that the banner would be removed promptly.

"I felt the same way (as Councillor Morabito) when I first saw the banner," said Ward 4 Councillor Patrick Keefe, adding that he would like to see the Inspectional Services Department remove all advertising signs from telephone poles throughout the city.

"I was shocked when I saw it," said Ward 2 Councillor Ira

Novelsky. "It's an ugly sign to say the least."

Councillor-at-Large George Rotondo said the garage "is a state-owned property and there is nothing we can do about it."

Council President Arthur Guinasso agreed with the assertion that it is a state-owned entity but he added that the garage was being leased to "a private concern."

"This is sort of an injustice to our community," said Guinasso. The council leader said that maybe with the assistance of Revere's state delegation (Speaker Robert A. DeLeo, Rep. RoseLee Vincent, and Sen. Joseph Boncore), the situation could be rectified.

The City Council supported the motion.

MEMORIAL DAY IS A DAY TO REFLECT UPON THOSE WHO GAVE THE LAST FULL MEASURE

The Memorial Day weekend is upon us, a three-day weekend that for most Americans marks the start of the summer season. Many will celebrate appropriately with barbecues and outdoor activities with family and friends.

However, amidst our festivities, we should not forget that Memorial Day is America's most solemn national holiday, marking our nation's tribute to those who made the Supreme Sacrifice for our country.

Memorial Day initially was observed on May 30 and was known as Decoration Day, in an era before the turn of the 20th century, when the Northern states paid tribute to the Union soldiers -- who gave their lives to preserve America as we know it -- by decorating their graves that were a part of the landscape of every Northern community whose sons died to preserve the Union and free the slaves.

That tradition continues to this day, with the graves of those who gave their lives for their country being decorated with American flags and flowers around the country, whether by veterans organizations or family members.

The new century soon brought with it wars, seemingly every generation, that would give new meaning to the words Supreme Sacrifice. Starting with the Spanish-American War in 1898, American blood was shed on foreign soil in WWI, WWII, Korea, Vietnam, the Gulf War, and then Iraq and Afghanistan, not to mention in other far-off places around the world that are known only to our government.

Although history has been less than kind in judging the wisdom of our policy-makers who involved us in many of these conflicts, what is beyond dispute is that in every war to which we have sent our young men and women, they have performed with courage and patriotism in the belief that they were serving the best interests of our nation.

For those of us who have been spared the horrors of war, it is difficult, if not impossible, to appreciate the sacrifices that have been made on our behalf by those who served -- and died -- while wearing the uniform.

It is these brave Americans, who gave "the last full measure," whom we honor on Memorial Day. Without their heroic efforts, we would not be writing this editorial -- nor would you be reading it.

So as we enjoy the long holiday weekend with friends and family, let each of us resolve to take a moment -- if not longer -- to thank those who gave their lives in order that we might be able to enjoy the freedoms that make America the greatest nation on earth.

Abraham Lincoln's words in his Gettysburg address ring as true today as they in 1864:

"Four score and seven years ago our fathers brought forth on this continent, a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal.

"Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battle-field of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

"But, in a larger sense, we can not dedicate -- we can not consecrate -- we can not hallow -- this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us -- that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion -- that we here highly resolve that these dead shall not have died in vain -- that this nation, under God, shall have a new birth of freedom -- and that government of the people, by the people, for the people, shall not perish from the earth."

LETTERS to the Editor

CONFRONTING MENTAL HEALTH

Dear Editor:

In America today, approximately 45-47 million, or 1 out of five Americans, is suffering with a mental health issue; and approximately one in 25 adults is currently experiencing a serious mental illness that substantially interferes with one or more major life activities. Sadly, the rate of suicide is at a 30-year high.

While more individuals are accessing care, an astounding 9 million are struggling with unmet needs. These are our friends, colleagues, neighbors and perhaps our own family members. As CEO of the Arbour Hospital, my staff and I have the privilege of serving many members of our community who are experiencing some of the most challenging times of their lives -- mental illnesses that are often invisible to the casual observer in ways that physical illnesses are not.

May is Mental Health Awareness month, providing an important opportunity for reflection and collective action to address barriers, including the ongoing stigma and stereotypes preventing many individuals from getting the care they need.

A recent poll of 1,000 Americans conducted by Research Now provides some noteworthy insights regarding perception and barriers. High percentages of respondents view mental health as equal in

importance to physical health with illnesses like depression and anxiety cited among the top concerns, along with cancer and heart disease. The same poll identified barriers to care and different perspectives regarding value for physical and mental health where historically the latter wasn't taken as seriously.

The good news is that there is much hope -- and today, positive outcomes are not only possible, they are experienced every day. Like chronic physical illness, mental illness can be diagnosed and effectively managed. Individuals who were once in despair can regain their mental health and go on to live their best lives. This is highly rewarding and one reason I chose to work in this field.

What can we do within our communities to recognize the signs of mental health issues and assist those in need of care and treatment?

- Listen and show understanding: If you suspect a loved one is struggling, offer to listen and encourage them to seek professional help.

- Share the Lifeline number (800-273-TALK) -- a 24/7, free and confidential support line. Military veterans may press '1' for dedicated support. Suicide affects all demographics: different ages, races, ethnicities, sexual orientation and occupations.

- In case of acute emergency, dial 911 or go to the near-

est emergency room. Suicide is often preventable when people at risk receive the support that they need.

- Our schools should encourage students to pursue careers in mental health fields, whether through nursing, medical or vocational programs. This is a growing field; we need the next generation of talented professionals. Arbour educational partners include Northeastern University, Roxbury Community College and Tufts School of medicine.

- Each of us can play a positive role to improve the lives of the millions of Americans suffering from mental health challenges, not just during this month, but every month in every community across the country.

Eric Kennedy, CEO
Arbour Hospital

A GREAT DAY AT RACES

Dear Editor,

Revere's Great Day at the Races was a day to remember. The Topsider Lounge at Suffolk Downs was filled with folks having fun. Everyone had a terrific time socializing, eating, drinking, placing bets, winning, losing and just experiencing the thrill of the track. And the sun was out!

The Beaumont Improvement Committee (BIC) wants to thank everyone who participated in making this event a success: everyone who bought a ticket, donated a raffle item, bought a raffle, at-attended the

event, arranged flowers, purchased props, made phone calls, ran all over town for stuff, and most importantly showed up.

We were fortunate to have the support of sponsors, big and small: Suffolk Downs, HYM, RedGate, XSS Hotels, EZ Disposal and Recycling, Global, Mayor Arrigo, Madison Print, Revere TV, our elected officials, and our local businesses.

The BIC is a strong advocate for making the City a better place to live, work, and play. When we see a need, we roll up our sleeves and figure a way to get it done, or at the least offer a solution to help get it done.

The public stairways throughout the city need fixing. It's an extremely expensive project, and the City is working on it. However, it's through the volunteer efforts of the BIC committee and many city employees, and with money from grants, that we repaired our first set of steps from Webster to Pearl Avenue. We plan to further beautify the area with landscaping, lighting, and a little library.

The money raised from the Day at the Races will be donated toward the repair of the five worst sets of stairs. If you're interested, the BIC meets at 7 p.m. on the first Tuesday evening each month at the Revere Police Station. All are welcome.

HOUSE PASSES DISTRACTED DRIVING LEGISLATION

The Massachusetts House of Representatives passed legislation to ban drivers from using hand-held electronic devices in vehicles unless they are in hands-free mode.

"Distracted driving is a factor in too many dangerous and fatal motor vehicle accidents, and the House is proud to take this step to move this policy forward for Massachusetts - making our roads safer and protecting our drivers, passengers and pedestrians," said House Speaker Robert A. DeLeo (D-Winthrop). "I want to thank Chair Straus for his diligence and hard work, and Leader Wagner, Chair Michlewitz, members of the Black and Latino Caucus, and my colleagues in the House who were instrumental to this process."

"I was proud to cast my vote in support of this legislation, which will help to prevent accidents by ensuring drivers are more focused on

the roadway than what is happening on their phone," said Rep. RoseLee Vincent (D-Revere). "Thank you to Speaker DeLeo, Chairman Straus and Leader Wagner for shepherding this bill through the Legislature. Lives will be saved, and we will all be safer in our vehicles because of this bill."

"This legislation makes clear that drivers must keep their hands and eyes on the road and not on cell phones," said Rep. Bill Straus (D-Mattapoisett), Chair of the Joint Committee on Transportation. "The Committee has received extensive testimony showing that cell phone use is a top threat to safety on our roads today."

"I am proud to support the hands-free legislation that was passed by the House today," said Assistant Majority Leader Representative Joseph F. Wagner (D-Chicopee). "This bill is a collaborative approach that will save lives and make the Commonwealth's roadways safer by prohibiting the dangerous behavior of distracted driving."

The bill defines hands-free devices as those that engage in voice communication with and receiving audio without touching, holding or otherwise manually manipulating the device. Law enforcement officials have the ability to issue warnings to drivers until Dec. 31, 2019 before the law goes into effect on Jan. 1, 2020. The bill will also:

- Allow for drivers to use mapping or navigation devices if they are affixed to the windshield or integrated into the vehicle and only involve a tap or a swipe;
 - Exempt use of electronics in the case of an emergency and for first responders if they are using the devices as part of their duties;
 - Penalize drivers with fines \$100 for the first offence, \$250 for the second offence and \$500 for third and subsequent offences;
 - Builds off and bolsters existing law by creating compliance measures, requiring the inclusion of race on the uniform citation, and extending this practice to all jurisdictions;
 - Invests \$300,000 towards data collection and analysis by an outside entity;
- The bill will now go to the Senate.

"With an influx of local hospitality employment opportunities, our priority is making sure Revere residents have every opportunity to compete," Mayor Arrigo said.

"We're proud to collaborate with The Neighborhood Developers and IINE to offer this training to our residents free of charge."

The free training for Revere residents is made possible through a \$100,000 commitment from the City of Revere and a \$50,000 grant from the Massachusetts Executive Office of Housing and Economic Development in 2018.

CITY OF REVERE JOINS RBC IN DCR MEETINGS

Pictured from left to right: Annette Bornstein, Carol Haney, Tom Trainor (DCR), Eleanor Viera, Bebe Wunderlich, and Priscilla Nickerson.

Every month, for the past 12 years, the Revere Beautification Committee (RBC) has met with representatives from the Department of Conservation and Recreation (DCR) to discuss Revere Beach. A representative from the City of Revere, Priscilla Nickerson, has now joined the RBC at these meetings.

These monthly meetings discuss a variety of issues concerning Revere Beach such as the cleanliness of the beach, the plantings along the beach, improve-

ments that need to be made on the beach, parking along the beach, the condition of the sidewalks and bollards, etc. These discussions result in an agreement on how to address each issue. The results are then reported at the next monthly meeting and remain on the agenda until the issue is resolved.

Anyone who has concerns about Revere Beach, call the RBC at 781-485-2770 and leave a message with the concern. The concern will be included in the next month's agenda.

Vincent, Mayor Brian Arrigo and many other elected city officials and candidates. Serino took to the podium with a big smile on his face, listening to the rousing round of applause from the crowd as he announced his candidacy and outlined his agenda if elected.

he still were mayor. Stop & Shop has agreed to give the city a parcel of land valued at \$500,000 for construction of a new fire station in Ward 6 as part of the mitigation package for the new Stop & Shop to be located at Squire Rd. and Washington Ave. The new memorial for the Battle of Chelsea Creek, recognized as the first naval engagement of the Revolutionary War 224 years ago, was dedicated this past weekend at its new location at Cronin Rink. An undercover sting operation by Revere police nabbed 11 local bars and restaurants that sold alcoholic beverages to underage minors. The City Council has voted to appropriate \$350,000 to bring the city's computer systems into compliance with Y2K. "Notting Hill," "The Love Letter," and "Star Wars: The Phantom Menace" are playing at the Revere Showcase Cinemas. **30 years ago May 24, 1989** Revere Teachers Assoc. President Richard Champa said that the proposed layoffs of 40 teachers is not fair because other city departments are not sharing equally in the budget reductions that are being forced on the city because of the reduction in local aid from the state caused by the

state budget crisis. The federal EPA brought dismay to local residents and officials when it announced this week that Rowe's Quarry should remain as a back-up for sludge waste from the new Deer Island wastewater treatment plant in the event that the site in Walpole that has been selected by the MWRA for the disposal of the sludge is unable to handle the volume. The city will conduct low-key exercises on Memorial Day, starting with observances at 11 a.m. on the front lawn of the American Legion building. "Indiana Jones and the Last Crusade," "Pink Cadillac," and "Field of Dreams" are playing at the Revere Showcase Cinemas. **40 years ago May 23, 1979** Mayor George V. Colella and City Councillor William Foley, an announced candidate for the mayoral post, exchanged vitriolic letters this week with charges and countercharges regarding the issue of the city's unpaid bills to certain vendors. The new, \$7 million Beachmont School is set to open its doors on Tuesday. Students of the Ronan, Pasteur, and Howe schools will report to the regular classrooms on Tuesday, collect their books, and march to their new school, where they will spend the rest of the

year. The final day of classes for all Revere public school students will be June 15, thanks to no snow days this winter. The city will observe Memorial Day with the traditional parade. The official theme of Memorial Day this year, proclaimed by President Jimmy Carter, is to honor the men and women who served in the Vietnam War. Mel Brooks' "Blazing Saddles" is playing at the Kincaide Theatre in Winthrop. **50 years ago May 22, 1969** Despite three hours of debate, the City Council was unable to come up with a vote either for or against the creation of a Redevelopment Authority. The 46 members of the Immaculate Conception High class of 1969, consisting of 33 girls and 13 boys, will receive their diplomas Sunday evening in the church. Kevin Kinnally is the Class President. Memorial Day this year will be observed for the first time on the fourth Monday of May, rather than the usual May 30. Revere will hold the traditional parade that will march through the center of the city to the Ye Olde Rumney Marsh Burying Grounds. The City Council has adopted a new ordinance banning hitchhiking in the city and imposing a \$50 fine. Quick action by a local res-

ident and Revere firefighters thwarted an attempt by two youths to burn down the Paul Revere School. The youths were seen fleeing the area shortly after the fire had started. Damage was confined to one section of a classroom. Robert H. Cole of 52 Arlington Ave. has been accepted to Yale University. George Perullo is the new President of the Patriot Civic Club. Robert Horton and Richard Jaeckel star in "Green Slime" at the Revere Drive In Theatre. **60 years ago May 21, 1959** Sabino Russo, 83, was struck and killed by a fire truck as he was crossing the street in the vicinity of 715 Broadway. The driver of the ladder truck said he was speeding up Broadway behind a pumper that was heading toward a grass fire in No. Revere when he first saw the elderly man stepping into the street. He swerved the truck, but it struck a glancing blow upon Russo and then crashed into Rigione's Market. Ladder man Joseph Pizzano, 38, was thrown off the truck and suffered a shoulder injury for which he was treated and released at Revere Memorial Hospital. The 13th annual Children's Ball sponsored by the Shurtleff School PTA is expected to draw 1,200 children this

Friday evening. Harold LeGrow, chairman of the event, said there will be two grand marches of the children to the music of John Sisk and his orchestra. The School Committee reviewed 150 applications for 10 teaching positions at its meeting this week. Rod Steiger stars in "Al Capone" at the Revere Drive in. Dean Martin and Jerry Lewis star in "At War with the Army" at the Revere Theatre. **70 years ago May 26, 1949** Thomas W. Dowd, a member of the Revere Housing Authority, suggested this week that the city sell vacant lots throughout the city for \$10 to veterans, who then can build homes on the lots. Down noted that although the RHA is in the process of constructing 222 units of veterans housing, more than 1,000 veterans have applied for the units. The city's veterans organizations will gather at the Rumney Marsh burial grounds at 10:30 a.m. for the start of the city's Memorial Day exercises on May 30. More than 8,000 local residents have received chest x-rays by means of the mobile x-ray truck pursuant to the state's program for screening the state's residents for tuberculosis. dous turnout of participants and spectators on Sunday afternoon. Lena Martoccio portrayed Mary, Queen of the Most Holy Rosary. June Allyson, Elizabeth Taylor, Janet Leigh, and Margaret O'Brien star in "Little Women" at the Revere and Boulevard theatres. **80 years ago May 25, 1939** Bishop William A. Rice of Honduras administered the Sacrament of Confirmation Wednesday afternoon to 400 boys and girls of St. Theresa's and Immaculate Conception parishes. The so-called Revere rack-ets trails have concluded, with the defendants, including former Mayor James M. O'Brien, still awaiting the jury's verdict. Police Chief Edward J. Tighe and Lieut. Henry Tracey were acquitted yesterday. A parade starting at the Parkway overpass and ending at the Revere Beach Blvd. bandstand will highlight Memorial Day eeriness here on Sunday. Kelly's Bowl-away on Revere Beach Blvd. will hold its gala grand opening on Saturday. Basil Rathbone stars as Sherlock Holmes in "Hound of the Baskervilles" at the Revere and Boulevard theatres.

TEMPLE B'NAI ISRAEL HOSTS LAST CONCERT BEFORE CLOSING

Temple B’Nai Israel began its service to the Revere community on May 19, 1906 and last Sunday afternoon, May 19, 2019, the temple held its final concert honoring their

legacy. The last services will be Friday night at 7 p.m., May 24, and the temple that served Revere so honorably will close.

sanctuary for Rosh Hashanah and Yom Kippur services on the High Holidays. “There has been a significant decline in members over the last 20 years and it kind of exacerbated more recently, said Cherry. “We also have an older congregation.” Cherry was the first woman to be president of the temple, serving from 1998 to 2003. Though she grew up in Revere and celebrated her bat mitvah in 1971 at the temple, she is now a resident of Lynn. “We only have a handful of members who now live in Re-

vere,” said Cherry, noting the current roll is at 55 members. Several long-time members stopped by the temple on Sunday for a farewell celebration and concert. A video of the temple’s 100th anniversary dinner held at the Peabody Marriott played on the television in the hall. “It’s really sad and it’s really hard to do this today,” said Cherry. “It’s hitting the members hard. It’s lovely that people have come back, but today it hit me that this is the end.” Beachmont resident Car-

ol Tye said she has attended many celebrations at the temple. Tye said her father, Walter Tye Jr., used to light the flame on the altar in the mornings to assist the congregation at its daily services. “He lit the flame, went across the street to the Mass, and came back afterwards and then he went to school,” said Tye. “It’s sad to see this place close.” Ward 2 Councillor Ira Novoselsky called it an “unfortunate situation” seeing the temple close its doors for good. He said his former temple

(Congregation Tifereth Israel at the corner of Shirley and Nahant Avenues) closed two years ago. “Unfortunately the Jewish population doesn’t live here anymore,” said Novoselsky. “Most of the members at Temple B’Nai Israel came from out of town.” Longtime Beachmont resident Bruce Singer said he was bar mitzvahed at the temple in 1967. “We had a lot of great times at the temple and have a lot of happy memories,” said Singer.

Bruce Singer, who celebrated his bar mitzvah at Temple B’Nai Israel in 1967, is pictured inside the sanctuary with his cousins, Doreen Grossman and Rachel Grossman, at an event Sunday at the temple.

NINTH ANNUAL BOSTON WOUNDED VETERAN MC RUN FROM HARLEY DAVIDSON IN REVERE

It takes more than a village to put this annual run together, in fact a lot of local cities and towns send police and other first responders to help out during the event. The weather didn't cooperate at all, but that didn't stop these dedicated riders from a huge turnout, despite the rain. Rain gear to plastic bags covered the hundreds of riders as they awaited a break in the weather at Revere's HD headquarters. Revere Mayor Brian Arrigo was on hand to greet the selected veterans who were honored during the run, and presented them with a City of Revere "Challenge Coin," with the assistance of Revere Veteran's Agent Marc Silvestri and Revere Police Chief James Guido.

A break in the weather soon came, the crowd gathered near their bikes, the playing of the "National Anthem" and a salute as they exited HD for the scripted route and then to Anthony's of Malden to complete the afternoon.

Waiting for the sun, Organizer Veteran Andy Biggio, honored veterans of the run and cops from around the area ready to keep the riders safe.

Lots of bikes, but early in the day, lots of rain kept the riders indoors shopping at their favorite store.

Patty and Dennis Moschella with Bobby Marchionni.

Three generations of riders, Robert Pollard, Tammy Pollard and Brianna Easton.

Everett Police Officer Matt Cunningham in charge of operations for the run is shown with Revere Veterans Agent Marc Silvestri, Andrew Biggio (event organizer) and Police Chief Jim Guido.

The rain didn't keep the smiles away, Amy Elliot is ready for a great day.

Sgt. Chris Giannino, from the Revere Police Dept. kept the traffic under control.

These veterans are not riding but sure are supporting the good that this annual event brings to many wounded veterans.

Past Commander of the Mottola Post and Viet Nam Veteran, Dennis Moschella greets veteran JD Williams.

Sandra Dean found a way to keep her hair dry, but the rest was pretty wet.

5TH ANNUAL KITE FESTIVAL ON REVERE BEACH

The 5th Annual Revere Beach Kite Festival was hosted at Revere Beach on May 19th. Although clouds were in the sky, this did not stop the kite flyers from coming down to join us! Over 300 families from Revere and neighboring cities made their way to Revere Beach to fly their kites. When the rain started pouring down, dedicated flyers waited in line to grab their kites to use for a not-so rainy day. Unfortunately, the festival closed early due to the weather, but we are excited to return to the beach next Spring to enjoy the 6th Annual Revere Beach Kite Festival!

DOUCETTE WINS NEC BOYS JAVELIN CROWN

The Revere High boys outdoor track and field team turned in a strong team effort at the Northeastern Conference Meet that was held this past Saturday at Peabody High School.

The top individual Patriot performance came from Ryan Doucette, who brought home an NEC title in the javelin.

Ryan earned his crown with a throw of 151'-8", two inches further than the second-place contestant.

"Ryan is the first boy from RHS to win a conference title in this event," said RHS boys head coach Sam Ros. "We knew it was going to be tough with the kids from Swampscott and Malden having better best-throws this season, but Ryan was up to the challenge. On any given day, any one of the top 10 kids in the conference could win the event. After the first three throws in the trial were done, Ryan was sitting in second place, trailing by four feet. During the finals, each competitor gets three more throws. The standings held fast until the last throws. Ryan launched 151'-8", putting him two inches ahead of the Swampscott kid. He being the top-seed from the trial got the luxury to go last. After Ryan's final throw, we had to sit and wait. Once we saw the Swampscott thrower's last throw land, we knew right away that it wasn't far enough to beat Ryan."

Doucette was among a host of Patriot boys who turned

in fine performances to win medals.

Antony Arias brought home a second place medal in the long jump with a leap of 20'-5". Teammate Camron Ventura grabbed fourth place in that event with a jump of 20'-0". Camron earned another medal in the triple jump with a landing of 40'-7", which was good for seventh place.

"Another surprise finish for us came in the long jump," said Ros. "Antony was seeded fourth and coming off an Achilles injury, so I wasn't expecting much from him. Cam was seeded eighth and had never broken 20 feet. Cam breaking 20 feet and finishing fourth was definitely a great moment. Cam also had another great day in the other jumping event, the triple jump. Cam's PR coming into the meet was just under 40 feet. The goal was to break 40 feet for a chance to medal. He did just that jumping 40'-7" and medalling in seventh place.

"Antony jumping the way he did, coming within a few inches of his outdoor PR after an injury, shows how gutsy he is," added Ros. "I had a goal for Antony coming off last year's spring season. That goal was to break 60 seconds in the 400 meter hurdles. During this past indoor season, I trained and raced him with that goal in mind. He trained more with the distance runners and raced longer than he was used to. He opened this outdoor season running 62 seconds, so we knew he would break 60 by the end of the season. Unfortunately, his

injury derailed him for the last few meets until the conference meet. His performance in the long jump can be attributed to the way I trained him this past year. He got stronger and more determined. His best long jump this past winter season was 21 feet, 3 inches. I am confident he would have jumped at least that far for spring with a healthy leg. He would have had a shot to win the conference. Because Antony is such a hard-working kid and always wanting to improve himself, he was able to adjust to the training I put him through. Not many sprinters could just switch to longer running, but Antony was able to do so and improve everything about his events."

Lucas Barbosa scored six points for the Revere team

with a third place medal in the javelin with his toss of 143'-7".

"Lucas Barbosa held his own as well in the javelin," said Ros. "We didn't expect him to finish as high as he did considering he only picked up the event because he's been dealing with a hamstring injury from football. In a way, this injury kept us from winning the NEC Large Conference championship. He has been our top athlete and wins four events every meet. Not having him get those 20 points each meet cost us against Somerville and Malden. Going into the conference meet, he was seeded sixth in the javelin. Because Lucas is a natural athlete, he picked up the event quickly. He improved more and more each meet.

I knew he could finish well, but a third place finish is a nice surprise. I believe Lucas can get as good as Ryan with more practice. Ryan made the automatic qualifier for the Division I States in the event. I am hoping Lucas can qualify provisionally, but we won't find out until the performance list is announced."

In the discus, two Patriots won medals. Rayan Riazi finished in sixth place with a throw of 112'-0" and Alaa Atoui took eighth spot with his spin of 108'-9". Riazi also performed well in the 110 hurdles, placing 10th in that event. Jaryd Benson turned in a fine effort in the shot put with his toss of 41'-1", which left him just shy of medaling with a ninth-place finish.

"We had a great day in the

other throwing events, the shot put and discus. Jaryd Benson, even though he just missed medalling, threw one foot over his PR. Jaryd has worked very hard this season on improving his technique in the throwing events, especially the shot put," Ros said. "Our goal this year was to break 40 feet, which he had done a few times this season. With his throw this weekend, I know if we had a couple more meets, he would break the 42 foot barrier. In the discus, Rayan Riazi continues to improve as he has done throughout the season. It culminated this weekend when he finished 6th and threw a personal best. There was no doubt in my mind that Rayan could be one of the better throwers in

ATHLETE OF THE MONTH

Antony Arias

Revere High track star Antony Arias is May's Revere High Athlete of the Month. After leading the Patriots to an undefeated record in the early-season, Antony suffered an Achilles tendon injury that sidelined him mid-season. However, he returned to the track for the Northeastern Conference championship Meet this past weekend and finished in second place in the league in the long jump. "Antony's performance, coming within a few inches of his outdoor personal record after an injury, shows how gutsy he is," said his head coach, Sam Ros. "Antony is such a hard-working kid. He's always wanting to improve himself."

flashes of it during practice. Rayan's problem, which continues, is his consistency. He has the potential to throw over 120 feet right now, but his technique has to improve significantly. Alaa on the other hand, has been much more consistent. He didn't throw close to his PR, but his throw was enough to medal in eighth place. Alaa is similar to Rayan when it comes to consistency, but slightly better. Both of these boys are sophomores, so the future in the throwing events for us is very bright."

All three of the Patriots' relay quartets won medals. The 4 x 400 foursome of Augusto Goncalves, Samuel Gonzalez, Antony Arias, and Michael Adolphus finished in fourth place in a time of 3:41.32; the 4 x 800 crew of Fabio Tran, Christian Madrid, Victor Pelatere, and Cristian Acuna likewise finished fourth with a clocking of 8:39.24; and the 4 x 100 team of Matt DaRocha, Cam Ventura, Billy Ginepra, and Fray Del Rosario grabbed sixth place with a time of 46.32 in a close competition in which the first-place team won the race in 44.59.

"The final highlight of the meet for us and me personally, as a distance specialist, is the 4x800 meter relay," Ros said. "For the past couple of years, we knew we had a shot to the break the school record. It was just a matter of getting the right opportunity. This whole attempt centered around senior Cristian Acuna. Cristian had an amazing year last year as a junior. He ran sub 2:10 in the 800. We knew coming into this year we needed to surround him with the right supporting cast, one of which was freshman Victor Pelatere. Unfortunately for us, Cristian dealt with some health issues before the winter season. It put his development behind significantly so much that I wasn't sure if he would be able to run well for us again this year. Finishing races was difficult for him during the winter and much of spring. Regardless, I kept him training and brought him along slowly, picking and choosing to race him in shorter races. His status for the relay was not decided until the last meet against Malden. There, he ran a PR in the open 400 breaking 60 for the first time ever in 58

The Revere High boys 4 x 800 relay team won a fourth place medal at Saturday's Northeastern Conference Meet and set an RHS school record of 8:39.24. Pictured with their coach, Sam Ros, are (l-r): Cristian Acuna, Victore Pelatere, Christian Madrid, and Fabio Tran.

seconds. Then he ran another PR 20 minutes later in the 4x400 running 57 seconds. After that meet, I told the boys that we were going to roll the dice and put Cristian in the relay at conference. At conference, our game plan was to average 2:10 and no worse. The boys ran the strategy to perfection! Fabio Tran led us off with a 2:09.7. Christian Madrid back that up with an identical split of 2:09.7. Victor held up with a 2:10.2. Cristian completed an oddly identical split as Fabio and Christian with another 2:09.7! The boys ran so well that at one point they were within five yards of the lead. This was a great way to end Cristian's high school track career."

A final noteworthy effort came from senior Jonathan Nushi, who finished in the top 10 in the league in the two-mile run with a clocking of 11:02.

MAHONEY WINS NEC GIRLS JAVELIN TITLE

The Revere High girls outdoor track & field team received strong efforts from a number of the Lady Patriots at Saturday's Northeastern Conference Meet that was held at Peabody High.

Gianna Mahoney achieved the top performance of the day, earning the title of NEC champion in the javelin with a throw of 104'-1", which was 11 inches further than her closest competitor.

"Gianna was in third place going into the final round of throws and then got off a personal record (PR) throw of 104'-1" which won the

competition," said RHS head coach Antonio LaBruna. "She was the only freshman in the top 10 in the event, which makes her feat even more impressive. Gianna will be competing in D1 States next week and certainly has an opportunity to medal."

Teammate Carolina Betero enjoyed a stellar meet, winning medals in two events with a second-place finish in the high hurdles in 17.17 and then taking a fourth place medal in the 400 hurdles with a time of 71.34.

"Carolina had a huge meet as well," said LaBruna. "She just missed winning the high hurdles by a tenth of a second and finished fourth in the 400M hurdles. She is only going to get better and she'll be a top hurdler for the next three years."

Other medal-winning performances, awarded to the top eight finishers in each event, were earned by Revere girls as follows:

5th place - Emily DeMauro, Kathy Umanzor, Astrid Umanzor, Gabby Mogavero (4X400 relay) 4:42.6

RHS BOYS TENNIS NEEDS TWO WINS

The Revere High boys ten-

nis team, which stands at 6-7 on the season, needs victories in two of its final three matches in order to qualify for the post-season state tourney.

The Patriots defeated Northeastern Conference rival Malden this past week, 4-1. Freshman Ashton Hoang defeated his Golden Tornado counterpart at first singles in straight sets, 6-2, 6-0. David Phan triumphed at second singles, 6-4, 6-3, as did Wellan Sok at third singles, 6-2, 7-6 (8-6).

The second doubles duo of Vincent Nguyen and Matthew Freitas defeated their Malden counterparts, 6-4, 6-4, and the first doubles pairing of Ergi Ismahili and Michael Marchese dropped their match, 6-1, 6-1.

In a 3-2 loss to Lynn Classical, Hoang (7-6, (7-0), 6-1) and Phan (6-2, 6-2) won their matches in straight sets.

Coach Mike Flynn and his crew were scheduled to face Lynn English this past Monday. They will take on Malden today (Wednesday) and then will meet Somerville again in the season-finale.

In the individual state tournament this past weekend, Hoang, who last weekend became the first Revere boy to win a state tournament match, fell to one of the top players in the state. After dropping the first set, 6-0, Ashton came back in the second set to take a 4-1 lead before falling, 6-4.

"Ashton played a very smart match against a junior from Peabody who is a very strong and powerful player," said Flynn. "Ashton gave it his all, but the Peabody boy made his shots."

RHS GIRLS TENNIS TEAMS WINS PAIR

The Revere High girls tennis team earned a pair of victories this past week against Northeastern Conference rivals.

In 3-2 victory over Malden, the Lady Patriots were led by their top player, Farah Selman, who breezed past her Malden rival at first singles in straight sets, 6-0, 6-1.

Trang Nguyen triumphed at second singles, 6-2, 6-4, and the first doubles tandem of Lina Nguyen and Ayat Zakaria won their match, 6-2, 6-4, to give Revere the victory.

At third singles, Luisa Gil played well, but came up short by a score of 6-3, 7-6.

At second doubles, the tandem of Nada About Hadiba & Malak Oufessa dropped their contest in three sets, 6-3, 3-6, 6-1.

The Lady Patriots then dropped their next two matches to league powerhouse Marblehead, 5-0, and to Everett, 4-1, in which Gil was the lone Revere victor at third singles, 6-1, 6-1.

However, two days later the Lady Patriots turned the tables on the Lady Crimson Tide to earn a 3-2 victory. Gil once again won her match handily at third singles, 6-3, 6-0, and this time both of the Revere doubles teams defeated their Everett counterparts in hard-fought battles. The duo of Ayat Zakaria & Lina Nguyen won their match at first doubles, 7-5, 6-3 and the tandem of Malak Oufessa & Nada About Hadiba triumphed, 6-4, 7-5.

Trang Nguyen engaged in a fierce contest with her Everett opponent at second singles before coming up short, 7-5, 7-6. "This was a great match for both players, even though Trang lost," said RHS head coach Carla Maniscalco. "This was a great win for our team after losing to Everett two days earlier."

In a match with Lynn Classical in which the Lady Patriots dropped a 3-1 decision, Trang Nguyen, playing at first singles, was unable to complete her match because of rain. Gil fell at second singles, 6-3, 7-6, in which Luisa played a very strong second set.

At third singles, Lina

Nguyen won handily in straight sets, 6-0, 6-1. At first doubles, Malak Oufessa & Nada About Hadiba came up short, 6-0, 6-1, as did the duo of sophomore Chelsea Phan & Xiomara Romani Rojas at second doubles, 6-0, 6-1.

ROUGH PATCH FOR RHS SOFTBALL TEAM

The Revere High softball team endured a tough stretch this past week, dropping all three of its contests. Two of the losses came against Lynn Classical, the top team in the Northeastern Conference with an undefeated league mark. The third came at the hands of Medford, another top NEC rival that is ranked in the top 20 in the state.

A 10-6 loss to Classical in the teams' first encounter last Monday on the Lady Patriots' home field was a harbinger of their tough week to come.

Revere held a 5-0 advantage entering the seventh and final inning thanks to some timely hitting by Alexis Iacoviello, Danielle Dion, Kate O'Donnell, Olivia McManus, and Eve Lescovitz that produced the Lady Patriots' runs.

McManus meanwhile, was in command in the pitcher's circle, spinning a shutout through the first six frames.

But in the top of the seventh, the weather took a turn of the worse, bringing rain and wind -- and the proverbial roof fell in. Classical's bats came alive and by the time the dust had settled, the visiting Lady Rams had scored 10 runs and eventually went on for a 10-6 victory.

A 3-1 loss to Medford was followed by a 5-1 defeat at the hands of Classical in the rematch.

"Admittedly, we played the two top teams in the conference, but we seemed to be lacking the grit that has been a hallmark of our program for the past few years," said RHS head coach Joe Ciccarello. "Hopefully we can recapture that spirit in the final part of the season as we head into the state tournament."

The Lady Patriots were scheduled to play at Lynn English this past Monday and will entertain Malden today (Wednesday). They will host Beverly Friday evening for Senior Night festivities.

REVERE STUDENTS EARN HONORS

BELHAOUARI GRADUATES FROM EMERSON COLLEGE IN BOSTON

Asmaa Belhaouari from Revere recently graduated from Emerson College, receiving a BS degree in Journalism on Sunday, May 12. Emerson College awarded more than 970 undergraduate degrees and on Saturday, May 11, awarded nearly 300 graduate degrees during the College's Commencement ceremonies. Award-winning journalist, speaker, and author Soledad O'Brien received an honorary Doctor of Humane Letters degree and delivered the undergraduate commencement address. Award-winning scholar and writer Nell Irvin Painter, Pulitzer Prize-winning journalist, Emmy-nominated filmmaker, and theatrical producer Jose Antonio Vargas, and President of Miami Dade College Eduardo J. Padron also received honorary Doctor of Humane Letters degrees.

BELSCHNER, RECOGNIZED FOR EXEMPLARY SERVICE AND LEADERSHIP

On the eve of their May 12 commencement, 16 members of Assumption College's Class of 2019, including Andrew Belschner, of Revere, were honored with the College's prestigious Crown and Shield Award. The Award recognizes students who have distinguished themselves throughout their tenure at the College in the areas of leadership and community service. Award recipients have protected (shield) and furthered (crown) the interests of the student body and Assumption as a whole. "The very essence of leadership is the recognition that one has gifts and talents that can bring to life a vision that can be transformative for individuals, an institution, or society," Assumption College President Francesco C. Cesareo, Ph.D. shared with honorees and their families. "That transformation results from

the ability of a leader to inspire, to help people dream of possibilities not yet imagined. Remember that leadership is not about the accumulation of power and wealth or selfish aggrandizement. Rather, it is principally meant for the building up of society by being the advocates, supporters, and defenders of the weak and the little ones against all who oppress them." Crown and Shield recipients are nominated by faculty, staff and administration for their exemplary service and leadership. Belschner graduated with a degree in History. As a student at Assumption, Andrew served as an Admissions Ambassador and an ESL Argentina Program Student Ambassador in addition to an Orientation Leader. Andrew's responsibilities on campus also extended to serving as Class President, Student Government Association Senator, and Treasurer and Vice President for Academic Affairs. One nominator said "Andrew can be described as many things: funny, smart, kind, and

cute. Nobody could ever call this guy negative or grumpy." After graduation, Andrew will be preparing for family trips to both Bermuda and Italy.. "The challenge for you as you prepare to leave Assumption College and enter the next phase in your life is to continue to nurture the qualities of leadership that you have cultivated here," added President Cesareo. "As leaders formed within the Assumptionist tradition, our world needs you to bring it hope by making society a better place thereby bringing about the kingdom of God. In this way you will be a gift to others." LOCAL RESIDENTS INITIATED INTO THE HONOR SOCIETY OF PHI KAPPA PHI The following local residents were recently initiated into The Honor Society of Phi Kappa Phi, the nation's oldest and most selective all-discipline collegiate honor society. Laura Crystal of Revere,

was initiated at Salem State University. Lina DiCenso of Revere, was initiated at Salem State University. Liandra Reyes of Revere, was initiated at Salem State University. These residents are among approximately 30,000 students, faculty, professional staff and alumni to be initiated into Phi Kappa Phi each year. Membership is by invitation only and requires nomination and approval by a chapter. Only the top 10 percent of juniors are eligible for membership. Graduate students in the top 10 percent of the number of candidates for graduate degrees may also qualify, as do faculty, professional staff and alumni who have achieved scholarly distinction. Phi Kappa Phi was founded in 1897 under the leadership of undergraduate student Marcus L. Urann who had a desire to create a different kind of honor society: one that recognized excellence in all academic disciplines. To-

day, the Society has chapters on more than 300 campuses in the United States and the Philippines. Its mission is "To recognize and promote academic excellence in all fields of higher education and to engage the community of scholars in service to others." PRIETO NAMED TO EMERSON COLLEGE DEAN'S LIST Luis Prieto, a resident of Revere, has been named to the Emerson College Dean's List for the Spring 2019 semester. Prieto is majoring in Creative Writing BFA and is a member of the Class of 2019. The requirement to make Emerson's Dean's List is a grade point average of 3.7 or higher. ON HONOR ROLL AT AUSTIN PREP Olivia Cafarelli, Jenna Cobb, Ricardo Fernandes and Katrina Michalak have been named to the Third Quarter Honor Roll at Austin Prep.

FROM THE STATE FIRE MARSHAL Tips to start the Summer Off Safely

"Memorial Day is the unofficial start of summer," said State Fire Marshal Peter J. Ostroskey. "Many people are anticipating activities with family and friends, and getting their yards and grills ready for gatherings. Take a few minutes for safety and have a wonderful Memorial Day weekend."

Grilling Safety

Between 2014 and 2018, Massachusetts fire departments responded to 474 fires involving grills, hibachis, and barbecues. These fires caused 19 civilian injuries, seven firefighter injuries, and \$3.8 million in property damage. Last year, a terrible house fire started in Duxbury when the grill was used right against the side of the house.

State Fire Marshal Ostroskey offered these safety tips for grilling safety:

- Always grill outdoors.
- Place grills 10-feet away from the house and deck railings. Make sure grills are not under eaves or overhanging branches.
- You should not use a gas or charcoal grill on any porch or balcony.
- Gas grills can be used on first floor decks or patios, only if there is an outdoor stairway to the ground, or it is at ground level.
- Grills cannot be used indoors or on fire escapes.
- Keep all matches, lighters and lighter fluid away from children.
- Keep children and pets three feet away from grills. Create a circle of safety. Children should never play near grills.

On June 6, 2018, the Millbury Fire Department responded to a supertime grill fire. The grill ignited nearby furniture on the porch. Damages were estimated at \$20,000. The home had no fire sprinklers.

On July 11, 2018, shortly after midnight, the Ayer Fire Department responded to an outside grill fire. The homeowner had left the grill on at around 9 p.m. to clean it but forgot to shut it off later. The heat from the grill ignited the nearby wood railings on the deck and caused \$26,000 in damage. The home had no fire sprinklers.

On Aug. 19, 2018, the Scituate Fire Department responded to a grill fire on the back deck of a single family home. Working smoke alarms alerted the residents. Damages were estimated at \$15,000.

The home had no fire sprinklers.

Charcoal Grills

Propane is the most common grilling fuel, but many people use charcoal grills. Here are some charcoal grill safety tips:

- Only use charcoal starter fluid. Do not use gasoline or kerosene to start a fire in a grill.
- Never add lighter fluid to burning briquettes or hot coals. Doing so may cause a flash fire and result in serious burn injuries.
- Charcoal briquettes give off carbon monoxide, a colorless, odorless gas that can be deadly. Always use charcoal grills in a well-ventilated area. Never use charcoal grills indoors.
- For proper disposal of grill ashes, allow the coals to burn out completely and then cool for 48 hours before disposal.
- If you must dispose of ashes before they are completely cooled, thoroughly soak them in water before putting them in a metal container.

Gasoline and Lawnmowers

State Fire Marshal Ostroskey said, "Is your teenager finally old enough to mow the lawn? Then be sure to discuss gasoline safety at the same time; talk about why it is important to let the engine cool before refueling." Gasoline vapors are highly flammable and refueling a hot motor can ignited them. Gasoline spilled onto clothing can give off vapors until completely dry and be ignited by any heat source. Gasoline vapors can travel a long distance to find an ignition source, which is why gasoline cannot be stored inside the house. In the past five years (2014-2018), 335 lawn mower fires caused one civilian death, four civilian injuries, two fire service injuries

*"They say the pain will go away,"
Eleven long years have passed now and nothing has changed. The pain and emptiness in my heart still remains the same as the day you were taken away.*

*Ever since then, every day I wake up the battle continues, hoping and wishing that it was all just a bad dream, only to realize it was all too real and the pain in my heart is all so real. and an estimated dollar loss of \$1.6 million.

- Store gasoline outside only in approved containers.
- Keep gasoline away from all heat sources, such as smoking materials, pilot lights, campfires, and grills.
- Fill a cooled lawn mower. Never refill while it is hot.
- Keep hands and feet away from a mower while it is running.

On April 24, 2017, at 9:05 a.m., the East Bridge-water Fire Department was dispatched to a fatal fire in a single-family home. The victim, an 86-year old man was working on his lawn tractor when it caught fire and spread to his clothes and the deck. The building did not have any sprinklers and damages were estimated to be \$242,400.

On May 18, 2017, gasoline vapors ignited when a man attempted to refuel a commercial riding lawn mower in Framingham. The mower was damaged and he suffered second-degree burns to his left arm.

Gasoline and Outdoor Fires

“Never use gasoline to start a campfire or add it to any indoor or outdoor fire,” said Ostroskey. “We have had so many injuries this year from people mishandling gasoline and other flammable liquids.” In the past five years, Massachusetts hospitals have reported[1] treating 132 people with serious burn injuries from gasoline. On March 26, 2019, there were two terrible incidents in different communities when gasoline was added to outdoor fires causing terrible injuries.

In Ware, four young adults were injured at a birthday party when one of them added a flammable liquid to an outside burn barrel. Two were life-flighted to a Boston hospital; one was taken to a Worcester hospital, and one was treated at a local hospital.

In West Springfield, a man was seriously injured after pouring gasoline into a fire pit.

Smoking Safety

Smoking was the leading cause of fire deaths in Massachusetts last year, and there have been many fires this spring from improperly discarded smoking materials on porches and in backyards. These fires can smolder undetected for a long time and when they erupt into flames, travel fast. If they start on the exterior of the building, these fires can get a strong hold before the interior smoke alarms start to warn anyone of the danger. If you smoke, put it out, all the way, every time. Extinguish smoking materials in a can with sand or water, not in the mulch, leaves, grass, in a potted plant or other container that can catch fire. Don't snub them out on the porch railing or stairs.

Smoking materials caused a spring 2018 Chelsea fire that started on a back porch and consumed three triple-deckers leaving a dozen people homeless.

A late March 2019 fire displaced 20 from a Douglas apartment building started

by a cigarette tossed into dry mulch.

An April 3, 2019 fire destroyed a Peabody manufactured home. It was started by smoking materials discarded into dried leaves.

An April 27, 2019 fire in Newton killed a 62-year old man and injured an elderly woman. The fire was started by smoking materials underneath the exterior deck.

Fireworks

Marshal Ostroskey reminds us that, “The possession and use of all fireworks by private citizens is illegal in Massachusetts.” This includes sparklers, party poppers, snappers, firecrackers and cherry bombs, and more. “Leave fireworks to the professionals, and enjoy supervised displays,” he said. “It is illegal to purchase fireworks in another state and transport them to Massachusetts,” he added. Last summer, there were many fires, amputations and burn injuries from illegal fireworks in Massachusetts.

A 22-year old man was seriously injured when roman candles were set off inside an Amherst apartment.

A 22-year old was injured in Gloucester playing with sparklers.

A 10-year old boy was injured by illegal fireworks at a Marshfield beach on July 3, 2018. He was an innocent by-stander.

A man lost part of his hand when a firework he was holding exploded. The explosion occurred in a Mansfield MBTA parking lot.

The Tewksbury Fire Department provided emergency medical care to a man who lost a part of every finger on his right hand when a firework he was holding exploded.

A 25-year old Brockton man suffered injuries to his left hand when a “cherry bomb” exploded.

A 22-year old Kingston man suffered injuries to his hands, face and stomach from a firework.

In the past decade (2009-2018), there have been 800 major fires and explosions involving illegal fireworks in Massachusetts[2]. These incidents resulted in 12 civilian injuries, 39 fire service injuries and an estimated dollar loss of \$2.5 million.

On June 25, 2018, people shooting fireworks in the street started a fire in a 6-unit Lynn apartment building. One ricocheted to the second floor porch and ignited several items. The fire spread to the rest of the second floor and to the third floor. Thirty-four firefighters were injured at this fire.

Burn First Aid

- Cool a burn. For minor burns, run cool water over the burn immediately.
- Seek emergency medical help immediately for more serious burns. Call 9-1-1.
- Use sunscreen with broad-spectrum protection from both UVB and UVA to avoid sunburn and skin damage that can lead to skin cancer.

NEWS FROM AROUND THE REGION

NEW GROUP LOOKS TO RAISE THE PROFILE OF BICYCLING

CHELSEA - With National Bicycle Month underway, a new group of cyclists and pedestrians in Chelsea are looking to create momentum and visibility on safety issues for those that aren't using vehicles.

The Chelsea Bike and Pedestrian Committee has formed over the winter and got things rolling with their first community bike ride on May 8. Now, they said they would continue those rides every Wednesday evening at 6 p.m.

Resident Asad Rahman, an avid cyclist who commutes to Boston daily from his Broadway home, has been involved in biking safety issues for a number of years and said he worked with City Planners to try to get more of a community built around bicycling and walking.

While he thought it might take some time, surprisingly the movement has grown quickly and they are already planning their first event and several events beyond that.

"More than ever, I think Chelsea is at a crossroads to put people and bicycles first instead of cars," he said. "We're a City with five or six street lights and several thousand people and cars go very, very fast. We hope we can shift the paradigm that people come first and cars come second...Right now we have a passionate group of people in Chelsea, and we'll ride around town on May 8, for about a half-hour and then have a social time to continue building this community."

With the help of the City and MassBike, the Committee is planning several events such as a Bike Repair workshops and a bike rodeo - this coming at future City events like Fiesta Verano and the Night Markets.

The group is on Facebook at BikeWalkChelsea, and anyone interested in joining them can show up at City Hall 6 p.m. on May 8.

The Vision for the Committee includes:

- To advance cycling and walking as leading modes of transportation in order to promote the health, wealth, and quality of life for Chelsea residents.

The Mission of the Committee is:

- To establish safe, interconnected, and enjoyable

infrastructure in Chelsea for cycling and walking, through strategy with the Planning and Development department, resident education on practical use, and community engagement to build awareness and enthusiasm.

CHELSEA STADIUM NEARING COMPLETION

CHELSEA - The newly renovated Chelsea Stadium is only a few weeks from being completed and put into use, school officials said this week.

Facilities Director Joe Cooney said the rainy weather has slowed down the surfacing of the track, but that most everything else in the long-awaited Stadium project is completed.

"We're getting very close," he said. "When it's done, it's going to look dynamite."

The football field is completely done, he said, but the track has been tricky.

Already there has been a base coat of asphalt put down, but the rubberized surface on the track cannot be placed down in the rain - which pretty much means it has been delayed for quite some due to the deluge that has been seen lately.

He said there are two layers of rubberized surface, and that when it is done, it will be a very fast track for the runners.

The only other things outstanding are the conduits for the lights, permanent bathrooms, and bleacher improvements.

He said they have to complete the project by early May because graduation is taking place on the new field on June 9.

DEMARIA PRESENTS \$208 MILLION FISCAL BUDGET

EVERETT - On Monday, May 13, in a joint meeting of the City Council and School Committee, the DeMaria Administration presented its City Budget for fiscal year 2020, where it spoke in glowing terms about the City's financial stability and its prospects for future growth.

The proposed FY 2020 budget comes in at just over \$208 million, reflecting a 4 percent increase over the previous year's budget. The public schools received the highest increase with \$89 million, a 7 percent increase over last year. Fixed costs, which include debt, pensions and health insurance, saw a

5 percent increase over last year. Meanwhile, City departments were allocated almost \$80,000 less than last year's budget.

Nine City Councilors as well as several School Committee members were present for the unveiling of the City's budget.

In a letter addressed to the Council and Everett Residents, Mayor Carlo DeMaria expressed pride in the City's financial situation, citing strong economic growth, successful partnerships, and the increase in investments in the city.

Mayor DeMaria highlighted improvements to facilities and infrastructure, including the renovation of parks and green spaces. He also underscored the millions of dollars in grant funding the City received to support advancements in public health and technology.

The mayor referred to the Encore Boston Harbor Resort as an "economic engine" capable of generating wealth for the City, some of which has already been received in the form of pre-opening payments in previous years.

He added that the casino has transformed the "formerly blighted" Monsanto site, has injected new life into Lower Broadway and has created "thousands of jobs" for the local community.

The mayor claimed that Encore is also committed to investing in the public health rooms of the City, as well as realizing a free shuttle connecting downtown Everett with the silver line in Chelsea.

Mayor DeMaria shared that Boston Globe Magazine rated Everett as one of the top 10 places to live in the Commonwealth, and number one on the North Shore. He cited rising home values, as well as tax relief to residents. The mayor also announced the creation of an affordable housing manager position in the new budget to ensure that residents of Everett can continue to afford to live in their homes.

"I know we will see even more of the growth and the progress that we saw in this past year," said Mayor DeMaria. "This year will be when the fortunes of the city turned."

A slideshow presentation by CFO Eric Demas accompanied the release of the budget, highlighting broadly what is contained therein.

According to his presentation, "the FY 2020 budget is balanced, with over \$40 mil-

lion of excess capacity available."

For the third consecutive year, Everett has been the recipient of a high stability rating by Standard & Poor's. This designation, which is based on management, budgetary performance, budgetary flexibility, liquidity and debts, can help the City apply for improvement grants.

The City also received its third consecutive GFOA Certificate of Achievement for Excellence in Financial Reporting as well as the GFOA Distinguished Budget Award.

In accordance with changes in Massachusetts General Law, Demas announced that the City will be required to adopt an enterprise fund budget for Everett Community Television (ECTV), which will be paid for through cable franchise fees.

Like other City departments, the Council will be asked to vote on the ECTV budget.

The budget packet submitted to Council was divided into four sections:

- Operating Budget;
- Water/Sewer Budget;
- Capital Improvement Plan;
- and the newly required Everett Community Television (ECTV) Budget.

On Saturday, May 18, Council will convene to conduct a more detailed overview of the budget, in which each line item will be examined. The final budget will be on public view at the library and the City Clerk's office.

The Council will be charged with reviewing and passing a final budget before the end of the current Fiscal Year, which concludes on June 30.

COUNCILORS HEAR ABOUT TRAFFIC

EVERETT - When Council met on Monday, May 13, the dominant topic of discussion for the evening was the imminent casino opening, currently

slated for the end of June.

Among other concerns related to the casino was the ongoing preoccupation with the City's plan to mitigate road and waterway traffic in the face of increased visitors to the area.

Everett Police Chief Steven A. Mazzie told Council that the City would turn in a "full traffic and waterway presentation" on May 28, created with the assistance of Encore's traf-

fic manager, in which Mazzie said he believed the Council would have most of their concerns addressed.

Council had previously expressed feeling underwhelmed by the City's preparation for a potential traffic crisis, but Mazzie's announcement of a pending presentation did little to assuage their fears.

Developers talk about their Revere Beach/Ocean Avenue developments at community meeting

By Cary Shuman

Ward 2 Councillor Ira Novoselsky brought together the developers of Ocean Avenue and Revere Beach properties at a community meeting May 15 at 376 Ocean Avenue.

What they heard was a vision of luxury apartments, a new hotel, new restaurants, a Starbucks, — a new look for the area that runs parallel to Revere Beach Boulevard.

Bob O'Brien, director of community development for Revere, led the presentation portion of the program. His knowledge of all things Ocean Avenue, past, present, and future, was most impressive. His tone was optimistic as he described what will be the total transformation of this area of the city.

"We had vacant lots and parking lots for as far as the eye could see and now there is a lot of activity on Ocean Avenue," O'Brien told the residents. "But it didn't just happen last week. It didn't just happen in this administration. It really goes back a decade or more."

"Because the city administration then made the decision that if we were going to stimulate private development in this community, we had to make some significant public investment."

O'Brien credited Paul Rudd, former director of community development, as "the guy that was the key to envisioning what has now become Waterfront Square."

The first development was Vanguard (at the end of Ocean Avenue toward Revere Street). The second development was Ocean 650.

"There are four more sites to be developed, one of which is under construction now — three of which are already spoken for," said O'Brien. "The six people at this table represent nine Ocean Avenue projects and seven different organizations. These are quality developers with experience."

Damian Szary, representing Gate Residential (which also built One Beachmont on the former Shaw's Supermarket site), spoke about his group's new development at 500

Ocean Ave.

"Our project is a mixed-use project, 305 residential units (60 percent are one-bedroom) and also commercial spaces (two new restaurants)," said Szary. "The hope is to have one of the restaurants open for the Sand Castle Festival."

Szary said the property is being designed to minimize a view of the 405 parking spaces.

Budge Upton of Upton and Partners is the project manager for a new, family-oriented hotel to be located at 400 Ocean Avenue. The hotel is being built by the Lixi Group of Montreal. Upton was also the project manager for the Ocean 650 Apartments.

Upton said the group will be building a SpringHill Suites Hotel under the flag of Marriott Hotels.

"It's a first-class hotel and Marriott is very involved," said Upton. "We've been planning this for two years. We're also building a 5,000-square foot restaurant there. We're also building a 2,000-square foot Starbucks unit. There will be 4,000-square feet of meeting space and a swimming pool."

Also speaking about their projects were Andy Montelli of Post Road, who constructed the luxurious Batch Yard and Pioneer Apartments in Everett

Revere Mayor Brian Arrigo and Councillors-at-Large Dan Rizzo and Tony Zambuto attended the meeting.

After the meeting several residents thanked Councillor Novoselsky for arranging for all the developers to be in attendance and available for questions.

watch Tower) for 28 years, summed up the opinion of many of the residents at the meeting: The new residences and the new hotel will be beautiful and transformative, but there are concerns about the increased vehicular traffic.

"I thought this was a very helpful and informative meeting because up to now, the residents didn't have a clear picture of what's happening on Ocean Avenue, only the reality of trying to deal with all this construction for the past six years," said Hartnett.

"I think the new properties are gorgeous and it's wonderful that they want to develop the whole Revere Beach area," said Hartnett.

"But I don't think the city

is prepared to deal with another 1,000-2,000 units in a quarter-mile stretch of road. The traffic is awful. In the morning, it's the commuters and the people get so frustrated going over that awful

road at the Revere Street end, that when they see this clear stretch, they hit the gas and go flying by here at this end of Ocean Avenue," said Hartnett.

had requested that the Boston Harbormaster appear before Council to discuss in detail the plans and dealing with increased waterway traffic to and from the Encore Resort. However, he learned that someone in the City's administration had told the Harbormaster not to come.

"I'm disgusted," he said. "When I make a request, I want the [person] that I am requesting to come here."

"We've been requesting different people come before us, yet we haven't seen anyone that was requested," the councillor continued. "This has been going on for quite some time."

Councillor Wayne Matewsky was also incensed at the absence of the harbormaster.

"We requested [that] the Boston Harbormaster appear," he said. "That was blocked by somebody here in this building."

"A lot of interception is going on," echoed Councillor Michael McLaughlin. "Individuals want to intercept our work as a body."

"There's something missing here," he went on. "We're looking to hear from people who are not in this building. And they're being told not to be here. I need to hear from them about why they were told [not to come]."

Councillor Rosa DiFlorio agreed, stating, "Nobody has the right to tell [someone] not to appear without letting [Council] know."

But the Harbormaster wasn't McKinnon's only ex-

ample of when the Council's direct request for someone's presence was overridden by the administration. He mentioned that the Marine Division of the State Police was also supposed to have been present at the meeting but had canceled at the last minute.

Assistant City Clerk Michael Mangan responded that the Marine Division had other engagements but that he had been told that Police Chief Mazzie was "well-versed on the bridge situation and he could easily come in front of you to explain it."

The Mayor's Chief of Staff Kevin O'Donnell added that Chief Mazzie had been working with State Troopers assigned to the Mass Gaming Commission on getting a joint task force ready to police the gaming area.

But some Councillors wondered why they hadn't been involved in any of the meetings so far.

"Why has no member of Council been invited to meetings of the traffic commission?" asked Councillor McLaughlin. "We've been shown no real respect by letting us sit in and be informed so we can report back to our colleagues."

"Council should at least be invited to these meetings," O'Donnell conceded. "I will follow up to see why that isn't happening."

Councillor Peter Napolitano said that, not only had the Council members not been invited to the meetings, but also they had failed to receive any details as to what was being

discussed at those meetings.

"You've been meeting this whole time," said Councillor McKinnon. "Why doesn't the City Council—the city fathers and mothers—have a clue what's been discussed at those meetings?"

"They're trying to hammer out a memorandum as far as jurisdiction is concerned for the resort area, and it hasn't been signed off on," O'Donnell responded. "It's an ongoing process."

Councillors expressed a desire to be more informed about how the City plans to manage traffic caused by an increase in vessels using the waterways.

"Whatever benefit we get from the casino is going to be drastically overshadowed if we're not prepared for the influx of people coming into the city," said Councillor Napolitano. "If we're trying to address it during June and July, it's too late. The impact has already hit."

"If you don't think there's going to be a lot more boating traffic in that area, you're missing the boat," said Councillor Matewsky. "There's three yacht clubs. There's going to be thousands of boats. They're going to be opening that bridge like nobody's business."

"It's unfortunate the harbormaster is not here," he continued. "I just want to clarify when that bridge is going to go up and down."

"[The casino] is about to open up in just a short amount of time," said Councillor McLaughlin. "We get questions every day [from residents].

We need to get direct answers.

Councillor McKinnon agreed.

"We should know what's happening. We need to act like the board we are," he said. "We need to actually look at everything that's going on down there, and if you don't feel like you can, that's a problem."

Councillors will hear the City's presentation on traffic and waterways on May 28, where they hope their concerns will finally be put to rest. Another meeting is scheduled for May 30, dealing specifically with potential impacts to Wards 1 and 6.

MORASH, COMMUNITY ACTIVIST DIES

EAST BOSTON - Evelyn Morash, the outspoken community activist, wife and mother, died Sunday surrounded by her family.

Morash, an outspoken woman on matters of education who formed the group 'Parents and Teachers who Care' in the 1970s, raised her five children in a modest home at 62 Putnam St.

It was from the perch upon Eagle Hill that Morash became one of the most visible figures when it came to quality education for all children in Eastie, Boston and the state.

A contemporary of activists like Mary Ellen Welch and Anna DeFronzo, Morash emerged as yet another strong woman advocating for change at a time when women were expected to stay home, raise children and cook dinner.

A trailblazer, Morash was appointed to the state's Education Board by then Gov. Francis Sargent, where she advocated for vocational education for women.

"The present secretarial option is not enough," said Morash in 1973 East Boston Community News article. "As long as there is sexism in vocations we'll never beat it (sexism) down."

As the founder of Parents and Teachers who Care, Morash elevated the group as the sole advisory committee for improving Eastie education. The group and Morash's activities and advocacy became well known among educational leaders in and out of Boston.

"You only have to talk with her or attend one of the Parents and Teachers who Care meetings to realize how much she knows about East Boston and its schools," said one of the group's members back in the 1970s.

Morash was known to impress most any teacher with her knowledge of schools, education, its shortcomings and what could be done to improve learning for all.

Over the years the purpose of the group was to bridge the communication gap between parents and school officials.

"It was necessary that community voices be heard in the schools," she said in 1970. "The community had to be involved in more than baking cakes. Its purpose was to set up the needed communication between parents, teachers and school officials."

Morash was appointed

to the planning board for the construction of the new Barnes School along Eastie's waterfront in the early 1980s. Under Morash's leadership the school, now known as the Mario Umama Academy, would serve a dual purpose in the community for decades. Morash fought to have the new facility not only serve students, but also the community at large. At the time the school was a state of the art facility with a pool, science labs and other amenities and focused on science and math. However, Morash ensured that those amenities would reach the residents of Eastie through the Harborside Community Center. For years the center offered classes, events, recreation and summer camps for families and children across the neighborhood.

This partnership between the School Department, City and community continues today with the East Boston YMCA running several programs at the school after hours.

Morash also served a board member of the East Boston Neighborhood Health Center during its expansion in the 1980s.

Morash also spent nearly a decade involved with the Girls Scouts here. As the Girls Scouts District Chairwoman the Eastie Girls Scouts Troop thrived under her leadership and empowered hundreds of local girls. In the 1970s several Eastie girls were selected to attend the National Girl Scout Jamboree for the first time in Eastie's history.
