A COVID-SAFE HALLOWEEN

Parks & Recreation announces alternative Spooktacular Lane event for families to celebrate

Staff report

Mayor Brian Arrigo called on Revere residents to make plans to safely celebrate Halloween and avoid high-risk activities including traditional trick-or-treating, parties and haunted houses. Over the next four weeks, the City will work to provide residents with information about the risks associated with various Halloween activities so they can make educated decisions for themselves and their families. The City of Revere's Parks and Recreation Department has developed an alternative plan for a "Spooktacular Lane" drive-thru event that incorporates Covid-19 public health guidance and provides Revere families an opportunity to safely participate in Halloween festivities.

As of October 13, the Revere Board of Health has been notified by the Massachusetts Department of Public Health of 2,895 positive and probable cases of COVID-19 in the City of Revere. The City is averaging 13.6 new cases a day. Revere is currently classified as a "high-risk" community by the state; last week the City had the third-highest per capita positive case rate in Massachusetts.

"Halloween is one of my family's favorite holidays, but for the health of our community, we have to celebrate differently this year. We hope this alternative option provides our young people

Dedicated bus-lane pilot program set to launch at the end of October

By Cary Shuman

A dedicated MBTA bus lane pilot program that will run from Revere Street to the Revere-Chelsea line, is projected to be launched by the end of the month. The Revere Traffic Commission approved the bus lane pilot program at its Sept. 10 meeting, setting a start date of Sept. 30, 2020 and a completion date of Dec. 31, 2020. The start was delayed, but officials this week

Veterans Day ceremony will be virtual

By Cary Shuman

Marc Silvestri, director of veterans services for the City of Revere, has announced plans for the observance of Veterans Day (Nov. 11) in the city, stating that the annual ceremony will be a virtual one due to the coronavirus. The ceremony will begin at 11 a.m. on Veterans Day. "We'll be holding a Virtual Town Hall where some other veterans and I will be speaking about our experiences in military service," said Silvestri. "I'm going to try and get as many eras covered as I can." Silvestri, a highly decorated United States Army veteran who received the Bronze Star in Valor medal, will ask his fellow veterans to talk about their experiences in service and "what it was like when they returned home." "This is an old Native American tradition," related Silvestri. "When

RHS Principal kicks off new Webinar meeting series

By John Lynds

Last Thursday, Revere High School Principal Dr. John Perella hosted the first in a series of Webinar community meetings that he said will be held bi-monthly going forward. "These meetings going forward will be bi-monthly," said Perella. "One of the things we intend to do going forward is to reach out to family and students to provide much more clarity and much more information (throughout the school year)." Perella said that while the COVID-19 pandemic has created more challenges compared to a tra-

ConsComm approves request from POPYC

By Journal staff

The Revere Conservation Commission held its monthly meeting on Oct. 7 and approved several items on the agenda. The major request brought before the commission was the petition by the Point of Pines Yacht Club (POPYC) to repair, and then place, approximately 15 of its docks on the nearby dune grass. Jay Bolton, who spoke on behalf of the yacht club, noted that this is the same process as last year and that an additional four docks are to be placed next to the yacht club's building. He noted that all of the vegetation recovered for the spring and summer and that this

with a safer way to have some fun," Mayor Arrigo said. "We've made some good progress over the past few weeks in terms of stabilizing our numbers. But we have to remain vigilant to ensure we are in the best possible position with the onset of colder weather and in anticipation of another surge in cases. I'm asking our residents to support us in this effort by not participating in high-risk activities. We are all in this together."

Halloween Spooktacular Lane

The Revere Parks and Recreation Department is hosting this year's Halloween Spooktacular Lane at 101 School Street (Revere High School) on October 31 from 12:00-4:00 p.m.. Adults will drive up to the event and youth will walk through the Spooktacular Lane while observing social distancing guidelines. The driver of each vehicle must remain in the car, and a second adult is encouraged to accompany younger children. Parks and Recreation staff will be on hand to accompany younger children as needed. Masks will be required for all attendees. The event is for Revere residents only and each vehicle must register for a time slot in advance at www.revererec.org. For more information, please con-

tact the Revere Parks and Recreation office at 781-286-8190.

Guidance for Halloween Celebrations

The Centers for Disease Control has provided comprehensive guidance related to risk levels associated with traditional Halloween activities.

Higher risk activities should be avoided to help prevent the spread of the virus and include:

- Participating in traditional trick-or-treating where treats are handed to children who go door to door
- Having trunk-or-treat where treats are handed out from trunks of cars lined up in large parking lots
- Attending crowded costume parties held indoors
- Going to an indoor haunted house where people may be crowded together and screaming
- Going on hayrides or tractor rides with peo-

ple who are not in your household

- Using alcohol or drugs, which can cloud judgment and increase risky behaviors
- Traveling to a rural fall festival that is not in your community if you live in an area with community spread of COVID-19

The City is encouraging residents to participate in lower-risk activities, including:

- Carving or decorating pumpkins with members of your household and displaying them
- Carving or decorating pumpkins outside, at a safe distance, with neighbors or friends
- Decorating your house, apartment, or living space
- Doing a Halloween scavenger hunt where children are given lists of Halloween-themed things to look for while they walk outdoors from house to house admiring

Halloween decorations at a distance

- Having a virtual Halloween costume contest
- Having a Halloween movie night with people you live with
- Having a scavenger hunt-style trick-or-treat search with your household members in or around your home rather than going house to house

Moderate risk activities include:

- Participating in one-way trick-or-treating where individually wrapped goodie bags are lined up for families to grab and go while continuing to social distance (such as at the end of a driveway or at the edge of a yard)
- If you are preparing goodie bags, wash your hands with soap and water for at least 20 second before and after preparing the bags.
- Having a small group, outdoor, open-air costume parade where

people are distanced more than 6 feet apart

- Attending a costume party held outdoors where protective masks are used and people can remain more than 6 feet apart
- Going to an open-air, one-way, walk-through haunted forest where appropriate mask use is enforced, and people can remain more than 6 feet apart
- If screaming will likely occur, greater distancing is advised. The greater the distance, the lower the risk of spreading a respiratory virus.
- Visiting pumpkin patches or orchards where people use hand sanitizer before touching pumpkins or picking apples, wearing masks is encouraged or enforced, and people are able to maintain social distancing
- Having an outdoor Halloween movie night with local family friends with people spaced at least 6 feet apart

Revere TV
Your Community Source

SPOTLIGHT

RevereTV recorded its first cooking show in the new kitchen studio! This shoot was a mock cooking show, rather, a run-through only consisting of the current staff. It didn't hurt that the staff got fresh baked cookies out of the deal. With this shoot, it is now clear that RTV has the tools to complete a multi-camera shoot with proper audio, lighting, and coverage of the complete kitchen. Once the studio is open to the public, community members will be given information and guidelines about the use of the kitchen studio, as well as a full list of available equipment and appliances. Don't forget that RevereTV also has a state-of-the-art full television studio, which is used more often for program recordings.

Last Thursday, RevereTV covered the Revere Youth Baseball Championship Game at the Griswold Baseball Field. The RTV crew has been covering at least one game a week through the summer season, which has continued through to October due to initial delays. Each game covered has been streamed live to YouTube, Facebook, and the RTV Community Channels. Last week's game was Indians versus Phillies. To view all games covered by RevereTV this year, visit the RTV YouTube page. Replays will also air on Friday and Saturday nights on Comcast channel 8 and 1027, and RCN channel 3 and 614.

RevereTV produced a highlight program by a group of Revere youth, along with a RHS staff advisor, that teamed up with City Hall to create the COVID-19 Oral History Project. RevereTV was not part of the actual project, but helped with facilitating this specific recording. The youth interviewed many people from different backgrounds and professions about their experience with the virus this year. The project is extensive, and the program in the studio was hosted by longtime RTV community member, Ed Deveau. The students participated via Zoom while Deveau hosted from the studio. You can soon find this program airing on the RTV community channels, on Facebook, and on YouTube. Watch to learn more about this youth-led project.

To watch government programming, watch RevereTV on Comcast channel 9 or RCN channels 13 and 613. All city meetings air live, but can always be found on the RTV YouTube page.

"This is the 25th year I am participating in this event, which is a rite of fall for me personally," said Speaker DeLeo (D-Winthrop). "I am grateful to all the survivors, family members, and friends from Winthrop and Revere who participate in this event each year. The House has a long-standing commitment to protecting public health. I'm proud that we passed legislation to ban all flavored tobacco products and to tax vaping products in an effort to protect youth from the harmful effects of tobacco use. This legislation save lives."

WOMEN'S HEALTH FORUM CANCELLED

Due to the COVID pandemic, House Speaker Robert DeLeo's Annual Women's Health Forum has been cancelled. "It's more important now than ever that we get our flu shots and keep up with our annual health appointments," said Speaker DeLeo (D-Winthrop). "The Annual Women's Health Forum is usually a time for the community to gather and to focus on issues relating to women's health, so I want to take this opportunity to remind everyone to get their flu shots and to check that their health screenings are up to date."

An interview with Democratic Nominee for State Rep. Jessica Giannino

By Cary Shuman

This week the Revere Journal conducted an interview with Councillor-at-Large Jessica Giannino, who was victorious in the State Representative Democratic Primary held Sept. 1.

As a result of her impressive victory in the Primary and with no Republican opponent on the Nov. 3 ballot, that win on Sept. 1 was tantamount to being the next state representative in the 16th Suffolk District that includes Revere, Chelsea, and Saugus.

Giannino would be inaugurated in January, succeeding current State Rep. RoseLee Vincent, who has commendably served her constituents since 2014.

The Journal asked Councillor Giannino about her continuing

campaign for state representative, the issues and legislation she will bring forward as state representative, and her motion to enact a one-year candidate residency measure for Revere city elections.

Giannino believes candidates for elected city positions should live in the city for at least one year before they can run for office. The measure received the support of her fellow councillors, but there was some dissenting opinions raised by residents about the ward councillor aspect of her proposal, citing the possibility of re-districting as a result of the 2020 U.S. Census. It is expected that both Revere and Chelsea will see an increase in population as determined by the U.S. Census.

Following are Councillor Jessica Giannino's

responses to our interview questions:

1. Are you connecting with voters leading up to the Nov. 3 election?

Yes, since my victory in the September primary I've continued my efforts on the campaign trail by connecting with voters; both those that I have the pleasure of knowing, and those who may have not heard directly from me yet and I will continue to do so for the next three weeks. We have been doing standouts weekly as well as continuing to engage through social media.

2. Are you beginning to consider what issues or legislation you will be supporting or presenting when you take office in January?

Yes I certainly am. Some of my biggest issues include education,

the environment and public safety, all which have been greatly affected by the pandemic. I recently joined hundreds of signatories to urge the Massachusetts Department of Elementary and Secondary Education to provide Latinos with equal access to technology and connectivity. Unfortunately, the new norm comes along with a whole new array of issues that will need to be addressed.

3. Will you be speaking at the subcommittee meeting when they talk about your candidate one-year residency requirement motion?

Yes. I am looking forward to discussing this in subcommittee.

4. Were you surprised by some dissenting opinions about the

ward residency aspect of your motion?

As an elected official, I'm never surprised by someone disagreeing with me. What I am concerned about is the feedback I get from my constituents, who are overwhelmingly in favor of this motion. This was not set forth to discriminate against those affected by potential redistricting. With the changing climate and new economic and development

opportunities being presented to Revere, it is important that residents feel secure in their governing body. This motion will help to ensure that.

said that a late-October launch is now the goal.

"The City is working on finalizing the plans and agreements with the MBTA," said Julie DeMauro, On The Move Acting Living coordinator and City of Revere transportation manager. "Officials from both organizations hope to launch the Bus Only Lane Pilot Program by the end of October."

The program has worked successfully in Everett where a lane on Broadway is dedicated to buses in the early morning hours.

The bus lane would run southbound (toward Chelsea) from the intersection of Revere until the final stop on Broadway near the Cassaso Overpass. The lane would be in operation Monday to Friday, from 4 a.m. to 9 a.m.

Revere Fire Chief Chris Bright, a member of the Traffic Commission, said he expects to see lines painted the street denoting the new bus lane in the next week or so. He said the Commission spoke with Everett officials about the program.

"Everett has a dedi-

cated bus lane and officials there determined that it was very helpful in reducing traffic and increasing MBTA bus ridership," said Bright. "This [Broadway Revere Bus Routes 116 and 117] is one of the busiest bus routes in the Greater Boston area. I think it's the second or third business overall in the system.

"The Commission worked out the concerns of the Fire Department and emergency vehicles for the lane," said Bright.

The chief noted that The Revere Fire Department will be able to use the dedicated bus lane during fire emergencies and "supposedly we're going to be able to control the traffic lights with emergency transponders so we can supersede the buses and whatever their situation is."

Bright said parking concerns were addressed at Traffic Commission meetings "to minimize any hardship on the businesses" during the bus lane's hours of operation.

The Bus Lane Pilot Program is being launched as the City starts its Residential Parking Sticker Program this week.

the warriors in the Indian tribe used to go to war, immediately upon their return, they would sit down with the whole vil-

lage and share their stories. Instead of holding the burden of war upon themselves, it was spread across the tribe. That's

where the veterans town hall comes from."

Silvestri said he spoke at a Veterans Day Town Hall on the North Shore

a few years ago as a guest of Congressman Seth Moulton, who is also a decorated war veteran.

"It's a tradition that I'd like to bring here and there's no better year than now."

Mayor Brian Arrigo will also deliver remarks at the ceremony. Ward 2 Councillor Ira Novoselsky, Past Commander of the Jewish War Veterans of Massachusetts, will also speak during the ceremony.

Novoselsky, who co-chairs the Revere Veterans Dinner Committee with Al Terminiello Jr. said the annual Veterans Day Dinner Dance at the Beachmont V.F.W. has been canceled due to the coronavirus. The event has been held annually for the past 16 years.

Conservation Commission, and members of the yacht club to see what can be done on matters like this," Powers said.

"Let's figure it all out then and keep everyone happy," Conservation Commission chairperson Nick Moulaison said. "The best option is to let them do it and if the grass does not grow back, then they will have to pay to replace it. We should plan for a meeting in the spring."

The motion was passed with a negative determination, which is a finding that the local conservation commission has decided that the proposed work is not subject to the Massachusetts Wetlands Protection Act (WPA) and therefore can pro-

ceed without additional approvals from the commission, and a proviso that the yacht club must restore the grass if it does not grow back.

In another matter, the commission approved the installation of a new, 12-inch drain and a four-foot catch basin on Alden Avenue at Rice Ave. The project is being overseen by CDM Smith of Boston. Adrien Fleury of CDM Smith told the commissioners that presently there are 28 private properties that are illegally connected to the existing pipe. He said that usage of the pipe must be discontinued because the overflow water is being discharged in violation of state and federal law. The new, 12-inch

pipe will be connected to the city drain and excess water will be discharged properly.

Ward 5 Councillor John Powers noted that this situation has existed for a number of years and in that time the basements in almost all of the homes were kept dry when there was danger of flooding, which was a major concern from present homeowners about the new project.

Fleury assured Powers that this new drain will be more than able to handle the water flow from private pumps when the need arises and will discharge the water pursuant to state and federal mandates.

The motion to issue the order was passed unanimously.

The commission gave the green light to Innovative Mosquito Control to start spraying the marshland along the North Shore Road Rear area in an effort to kill the non-indigenous phragmites that are overtaking the native plant life in the marsh. There are about four acres that will be sprayed.

The motion was passed unanimously with a negative determination.

Rick Salvo of Engineering Alliance appeared before the commission to seek permission to demolish and then rebuild a retaining wall 23 feet closer to the

limit line of the marsh.

The location of the work is listed at 320 Charger Street. Salvo noted that most of the vegetation in the area is non-indigenous. After the work is completed, there will be 177 new, indigenous plantings that could be started as early as this fall, but definitely by spring. It is estimated that it will take 60 days for the project. The commissioners approved the request.

The next meeting is scheduled for [November 4](#). A major item on the agenda will be the hearing on the Amazon parking lot on American Legion Highway and the fate of the mature trees that are on the site.

Baker hopes to continue to brighten up the 'new' Revere

By Melissa Moore-Randall

If the city looks a little brighter and more colorful these days, it is mainly due in part to the work of the city's Project Planner, Elle Baker. As Project Planner for Strategic Planning and Economic Development, Baker and her colleagues have been responsible for a variety of projects that have brightened up the city's neighborhoods. In an office located in the "penthouse" of City Hall, Baker along with Robert O'Brien, Director Strategic Planning and Economic Development, Julie DeMauro, Active Transportation Coordinator, Techrosette Leng, City Planner, and Frank Stringi, Chief City Planner, focus on resilience, open space and recreation, public art, beauti-

fication projects, and historic preservation.

Baker, who grew up in Saugus, now calls Revere home with her two children, Victoria and Myles making their home down the Point of Pines. Her department's projects have included restoration and creation of many popular spots in the city including Oak Island Park, Beachmont School, Lincoln School Playground, Gibson Park, Gibson Community Garden, Garfield School Playground, Harmon Park, Paws & Play Dog Park, Sargent Street Mural, A Stroll Through Time Banners, Open Space and Recreation Plan, Annual Beautify Revere Event, Paul Revere School Playground, and the Little Free Libraries.

Currently, Baker and

Elle Baker, the city's Project Planner for Strategic Planning and Economic Development.

her colleagues focused on the reconstruction of the Curtis Park baseball field and basketball court, restoration of the exterior of the Revere History Museum, and The Sun Rises and Sets on Revere Photo Contest and Banner Project on Revere Beach and Ocean Avenue. Upcoming and continued projects include the Sonny Myers Park reconstruction, set to be completed by November, and the Northern Strand Community Trail which is set to begin in the spring of 2021.

When asked what her vision was for future projects, Baker said, "Moving forward it is vital to actively seek and secure funding for more robust resiliency and sustainability plans so we are prepared to take advantage of shovel ready grant opportunities. Some larger scale federally funded projects will be needed to protect Revere's residents and infrastructure in the face of sea-level rise and climate change in the next century. We recently submitted an application

to the Army Corps of Engineers with the support of Lynn, Saugus, Malden and Everett for a feasibility study to mitigate flooding throughout the shared watershed and coastline. I am looking forward to working with stakeholders on the Municipal Vulnerability Preparedness Action Grant for a Coastal Feasibility study for the Point of Pines and Riverside and also the Master Plan Grant from the Seaport Economic Council secured by Paul Rupp. We are a coastal community and offering significant community boating opportunities for residents is an opportunity we have not yet realized. We are also completing the City's five-year Hazard Mitigation Plan fostering collaboration across all city departments."

Baker looks forward to continuing the focus on

the activation of public spaces like the Beachmont Community Garden and the Revere History Museum. The historic establishment of the Museum has been cared for by the Revere Society for Cultural and Historic Preservation. Baker said, "They have curated so many interesting pieces that tell the story of our city. Volunteers have done a tremendous job. As the exterior renovation is nearly finished, we continue to advocate for internal infrastructural restoration projects, updating electrical and seeking energy efficient updates and perhaps interactive exhibits. Ideally, this historic site will be prominently on the "Visitor Must See" list for every hotel guest in Revere."

In addition, Baker

hopes to increase public art and lighting installations both temporary and permanent throughout the city to brighten dark spaces and celebrate the city's cultures and vibrant history amidst all the new development. Baker added, "A public art commission could help to drive and facilitate creative work. I would love to see some historic sculptures and will continue to add art and cultural aspects to public spaces like the lobster trap at Gibson Park, the American Red White and Blue Theme at Harmon Park, and the banners along the beach."

The work of Baker and her colleagues will clearly continue to make the "new" Revere brighter and better for residents and visitors for years to come.

RENTAL RELIEF PROGRAM IS A WIN-WIN

The announcement by Gov. Charlie Baker on Monday of a \$171 million package of programs that will help renters stay in their homes comes as welcome news for both tenants and landlords alike.

Housing insecurity never is a good thing both for individuals and society-at-large, but that is especially true amidst a pandemic, when overcrowded shelters could become a breeding ground for the coronavirus.

With the state's moratorium on evictions set to expire at the end of this week, the need to provide relief for renters, many of whom have been affected by the decline in the need for their services in the hospitality industry (hotels, restaurants, and travel), is immediate and necessary to avoid a societal and humane catastrophe for tens of thousands of families across the Commonwealth.

The governor's plan also comes as good news for landlords for whom evicting a tenant for non-payment always is a last resort. Although the big real estate companies that own and manage thousands of apartments probably could get by with an increase in defaults on rents, the small landlords, who have just a few apartments and who need the monthly rent in order to pay their mortgages, would be facing financial disaster without a relief package.

Although some may question whether the \$171 million is enough to get everybody to the other side of the pandemic -- and quite frankly, it probably won't be -- it nonetheless is a good start that can be supplemented as circumstances warrant in the future.

Gov. Baker's rental relief program comes as good news for all of us. We trust the legislature will join in, and perhaps even augment, what the governor has proposed.

MASK UP AS WE APPROACH WINTER

The wonderful weather we enjoyed for much of this past weekend certainly was welcome as we approach the darker and colder days that lie ahead.

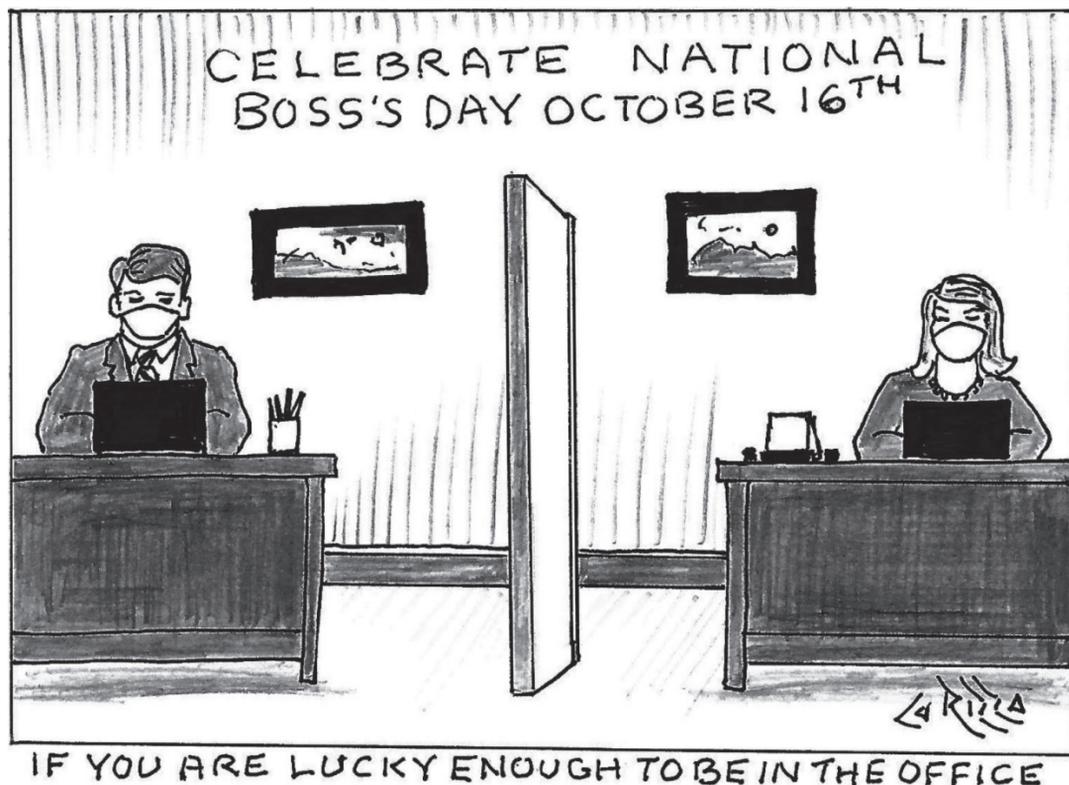

However, make no mistake about it: Winter is coming, and so is the need for all of us to be extra-vigilant about taking precautions to ensure the health and safety of ourselves and our loved ones in the months ahead.

This means that wearing masks, not gathering in large groups, and always maintaining physical distancing become crucial measures that all of us easily can follow in order to avoid spreading the coronavirus.

We were struck by a statistic from the CDC that we saw the other day concerning the state of Arizona. COVID-19 cases in Arizona spiked 151% after a statewide stay-at-home order expired, but then dropped precipitously by 75% after local mask mandates were put into effect.

Each of us has the ability to stay safe amidst a pandemic if we just follow a few simple rules -- wearing masks, avoiding crowds, washing our hands frequently, and staying at least six feet apart from others when out in public.

Admittedly, this is not an ideal way to lead our lives. But with 215,000 of our fellow Americans already dead, the only way we can avoid doubling that number in the months ahead is if we adhere to these common-sense measures at all times.

LETTERS to the Editor

SUPPORTING CANDIDATES WHO BELIEVE IN SCIENCE

Dear Editor,

As a voter and a patient, I know that it is critical to support candidates who believe in science and believe in the work being done day in and day out by the biopharmaceutical industry and researchers. These researchers are working tirelessly in their dedication to defeating COVID-19, while also continuing to research new treatments and potential cures for rare and chronic conditions.

For individuals like me living with the gene for Huntington's disease (HD), this work is of the utmost importance. Huntington's is a genetic disorder that causes the progressive breakdown of nerve cells in the brain.

Some people describe it as having ALS, Parkinson's, and Alzheimer's all at once. Living with the gene, I can anticipate that I will eventually have the disease and start to experience symptoms, which can include everything from difficulty concentrating to lapses in memory, and other brain changes that cause abnormal involuntary movements and mood changes.

There is currently no cure or way of slowing down HD, only ways to manage symptoms. However, scientists and researchers have delivered options for the most complicated conditions known to man, and I believe that with the proper policies and support in place, they can also do so for patients like me. We must advocate for proposals that not only lower costs and ensure

access, but also protect biopharmaceutical innovation. As we face one of the biggest public health challenges of our lifetime, there is only space for proposals that can promise to do both, and leaders that support it.

We need to elect leaders that will bolster the biopharmaceutical industry as they work to find answers for COVID-19. I can only hope that their efforts to do so will set a precedent for patients like me, who are waiting each day for answers of our own.

MBA CHARITABLE FOUNDATION SOCIAL MEDIA CAMPAIGN

Dear Editor,

Thank you for all those who participated in the MBA Charitable Foundation Social Media

Campaign. Your votes helped us distribute funds to various agencies who have worked endlessly in supporting those affected by the COVID-19 pandemic across the Commonwealth.

Each campaign awarded \$5,000 to six organizations. All selected organizations received a base of \$500 and we used your input and the general public to allocate the remaining \$2,000. Here is a review of the September campaign:

- Boston Health Care for the Homeless - \$550
- Bread of Life, \$1,650
- Friends of Boston's Homeless - \$700
- Greater Boston Food Bank - \$550
- Project Hope - \$1,050
- Boston Resiliency Fund - \$500

ditional school year, he said Revere High School has been off to a great start despite these challenges.

"So far we are very happy with the way things are going," he said.

One of the main topics that was highlighted during the virtual community meeting was assessing and grading at RHS during the 2020/2021 school year.

During the meeting, Perella said RHS is exploring a switch from the traditional letter grading system to a more modern 'standards-based' grading system that is being used in Revere's elementary schools, middle schools as well as numerous school districts across the state.

Standards-based grading (SBG) is an intentional way for teachers to track their students' progress and achieve-

ments while focusing on helping students learn and reach their highest potential. It is based on students showing signs of mastery or understanding various lessons and skills. Standards-based grading is a way to view student progress based on proficiency levels for identified standards rather than relying on a letter grade that represents the sole measure of achievement.

"This is a really important topic that is critical to students, teachers and parents," said Perella. "We all take for granted the traditional grading system but it is really important to ground the discussion around the fact we are using a system from a time period that is very different in the time period we are living in today."

Perella said traditional letter grading was rooted in early 19th Century

RHS Principal Dr. John Perella during last week's Webinar community meeting.

education but today puts more emphasis on the grade rather than the actual learning.

"The letter grade, for a longtime, reflects what a student does and how they are successful in school," said Perella. "This type of system prioritizes the letter grade but does not take into account the stories of students cramming for tests or exams and forgetting everything they learned the moment the test is over. This has been a real concern for us."

When the COVID-19 pandemic hit last March and school buildings were closed, RHS Assistant Principal Leah Tuckman said it necessitated a change in the grading system.

Because letter grades are rooted in in-person instruction RHS, said Tuckman, simplified grading to Pass/Not Yet. The switch in grading for last year has now got the ball rolling on switch-

ing to SBG for the high school.

While Tuckman said letter grades will still be used at RHS this year, the district is trying to create a bridge system of grading that supports students and teachers but starts to bring the high school into a more modern grading system.

Perella said the topic will be discussed further on October 21 during this month's second Webinar. During that meeting teachers will give their perspective of the pros and cons of SBG versus traditional grading. Then on Nov. 4 there will be a meeting on the college perspective of SBG versus traditional grading.

"There have been a lot of changes due to COVID," said Perella. "But this has gotten us to start thinking of where we want to go as a district and what sort of system we want to use to gauge success of students."

Governor Deval Patrick brought his campaign for re-election to Revere this past Saturday. Patrick visited the popular Bagel Bin on Shirley Ave., where he was greeted by more than 100 supporters. Patrick was accompanied by House Speaker Bob DeLeo. Patrick is facing GOP nominee Charlie Baker in November.

A 52 year-old Pleasant St. man has been charged with leaving the scene of an accident after allegedly striking and killing a 40 year-old Salem woman as she was crossing the street on foot at Butler Circle and No. Shore Rd. Both the suspect and the victim ironically were on their way to the same Lynn methadone clinic when their paths fatefully intersected.

Rumors are swirling about the city that that former School Supt. and present School Committee member Carol Tye will join the race to succeed Mayor Thomas Ambrosino, who reportedly is stepping down from his office shortly.

Two former Wonderland Dog Track employees have been indicted on charges of larceny and conspiracy for a scheme in which the pair allegedly stole \$44,000 by cashing phony "out" tickets, which are tickets that are not cashed in on the night of the race, but which may be cashed in at any time during the year. It is estimated that each night there are 253,682 individual wagers at Wonderland.

A Sports Memorabilia convention held at the Beachmont VFW Post that was sponsored by Bob Pace of the Sports Nostalgia store at 77A Beach st. saw a Ted Williams baseball card sell for \$1000.

The trustees of the Atlantic Savings Bank reportedly are considering offers for a merger. Rumors have circulated that state regulators want the Atlantic, which has \$177 million in assets, to merge in order to solidify its financial standing.

NEWS FROM AROUND THE REGION

COVID RAPID DRUG TESTING SITE IN SCHOOLS

CHELSEA - The top state health director, Marylou Sudders, has been called on by Chelsea Public Schools, five other diverse public school districts and a group of leading health researchers to be designated officially for a pilot COVID-19 fast-testing program they're calling the 'Safe Teachers, Safer Students Back to School Testing Collaborative.'

The reason for the program, the collaborative stated, is largely because the traditional flu season is going to overlap with what is believed to be a second wave of COVID-19 infections. The fact that the symptoms for both sicknesses are very similar will make it difficult to figure out who has COVID-19, and who simply has the flu and a common cold.

"Each district in the Commonwealth must have access to testing capacity to identify those who are infected with COVID-19 within 24 hours, such that districts can isolate individuals and reduce transmission," read a memo on the program. "Such testing will also facilitate the return to school for those who are not infected, thereby preserving the workforce and reducing unnecessary quarantines. Furthermore, existing safety measures whose implementation is proposed are proving insufficient to reduce fear amongst teachers and parents given that they do not provide actual evidence of the number of asymptomatic COVID-19 cases in our public schools."

To try out the quick-testing program in the schools, Chelsea, Revere, Somerville, Wellesley, Watertown

and Brookline have asked for a pilot program, which would be launched immediately as cohorts of students and staff begin to return to the various schools. They were joined in the call by Dr. Douglas Golenbock, chief of infectious disease at UMass Medical, Dr. Nira Pollock, associate director of infectious disease diagnostic lab at Boston Children's Hospital, and Dr. Jesse Boehm, institute scientist at the Broad Institute.

Supt. Almi Abeyta said she was very glad Chelsea was in alignment with the other districts and medical professionals on the testing program.

"I am grateful to be part of the Safer Teachers, Safer Students: Back-to-School (COVID-19) Collaborative Pilot because as a collaborative we are learning and working with each other to bring our teachers and students back to school through testing," she said. "With this pilot, it is my hope that when we are able meet physically in-person for school, we can pilot this program with the first phase-in of our hybrid model and bring our most vulnerable students back first."

The memo on the stated it would be the first of its kind in the state, and maybe the nation - if accepted by Sudders as a pilot.

"We believe this multi-district pilot is the first of its kind in the public school setting, both in the State of Massachusetts and in the Nation," read the memo. "If successful, this effort will demonstrate how to reduce fear and anxiety about return-to-school, pave the way toward ensuring that in-person public school K-12 learning can continue as long as possible, and increase safety of both teachers

and students. Critically, it will create a generalizable framework that any town in the Commonwealth can follow."

The districts were chosen by the medical professionals due to their different choices in back-to-school formats, their different geographies, and the different community compositions. Since the pilot launched, the memo indicated 10 other districts have inquired about being involved.

The program would run roughly through Dec. 1, and would include the following types of testing.

•Symptomatic Testing and Contact Tracing: this testing will be covered by insurance.

•Time Zero Benchmark Testing: one-time testing of all staff and students prior to back-to-school.

•Weekly Assurance Testing for Staff: continuous monitoring of staff given their diversity of hometowns.

•Longitudinal Surveillance: weekly monitoring of all individuals in selected schools to provide real time estimation of risk in buildings and provide evidence of whether our safety protocols are working or not.

The collaborative of school districts and medical professionals asked primarily that Secretary Sudders designate the program as a state-supported pilot, and reconfigure existing Stop the Spread test sites in 'red' communities to support the schools.

HOOPBUS COMES TO CHELSEA

CHELSEA - The HoopBus came to the city to join with the Chelsea Youth Adult Alliance and the Chelsea Black Community for a BLM Protest for Breonna Taylor Saturday at Chelsea City Hall.

Residents and participants in the rally and march agreed it was quite an accomplishment for local leaders, including CBC President Joan Cromwell and her son, CYAA leader Kyle Umemba, to bring the HoopBus to Chelsea.

Joey Greenstein, HoopBus driver and producer, said the HoopBus had visited large cities such as Los Angeles, Washington, D.C. [for the March on Washington], New York City, and Springfield, the third largest in Massachusetts by population.

"The HoopBus is about spreading love through basketball and shooting the basketball around [there is an actual basketball hoop connected to the bus] Is a way to show solidarity," too," said Greenstein.

He said the goal of the HoopBus is "bringing people from all walks of life to show support and love each other and to make a positive impact."

Chelsea's second all-time basketball scorer Cesar Castro understands how the sport can bring the community together. Castro and Umemba co-founded the Let It Fly Classic Tournament that has become a very popular event in Chelsea (COVID-19 forced the duo to cancel the Classic this summer). The Classic has resulted in

thousands of dollars being awarded to Chelsea students.

"Kyle is my longtime best friend and I'm very proud of him for doing this and he knows he has my support 1,000 percent," said Castro. "This is a beautiful thing bringing the city together and sending a positive message and saying everything about Breonna Taylor and racial justice and making sure that everything becomes the right thing to do and comes to life."

Cromwell delivered the opening remarks at the rally. "I thank you all for being here on such short notice. We reached out to the City and the Police Department and amazingly as usual, everybody is on board as our community always stands with one strong voice and I'm so thankful for that."

Cromwell encouraged residents to fill out the U.S. Census form. "We want to make sure that we get as much [Federal] funding as we can in this city," said Cromwell.

She also urged residents to vote in the Nov. 3 election. "This is an election year and this vote absolutely going to change our country and our world, so please make sure you register to vote," said Cromwell.

Councillor-at-Large Leo Robinson said he was impressed by the appearance of the nationally recognized HoopBus in Chelsea.

"But I would like to see more of my colleagues in city government attending this rally and showing their support," said Robinson.

PUBLIC FORUM PLANNED BY COMMISSION

EVERETT - The Diversity, Equity and Equal Employment Commission announced that plans are being finalized for the first public forum addressing police policies and practices in Everett, according to Chairman Bishop Robert Brown.

The Commission was formed in June of this year in the wake of a rise in police violence around the country aimed particularly toward people of color, as well as an increase of activity by white supremacists and other hate groups. The DeMaria Administration recognized how concerning this was to Everett residents, many of whom are people of color. In response, Mayor DeMaria appointed Bishop Brown of the Zion Church Ministries to chair and direct the Commission in its work to address inequities in policing as well as other City services and the recruitment, hiring, and training practices throughout the city.

The Commission's initial focus was a review of the Everett Police Department's policies regarding the use of force, training standards, and the process of reporting and maintaining data. This important focus, which would include a presentation to and input from the public, has been ongoing since July with the cooperation of the

Everett Police Department. The Commission is in the final planning stages of a public forum in which it will present its initial findings. The public will be invited to provide input to address some of the challenges that may impact the relationship between the community and the Everett Police Department.

In addition to this crucial first step, the Commission is also engaged in the important work of increasing diversity throughout our City systems. The work of the Commission is long term and on-going. Commission members, with the support of the DeMaria Administration, said they are fully committed to achieving meaningful and sustainable change for the betterment of the community.

“There are no band-aid solutions,” read a statement from the Commission. “The Commission was not formed as a short-term solution to an urgent problem. The members of the Commission are fully committed to ongoing conversation and sustainable solutions to the challenges caused by systemic racism, discrimination, and disenfranchisement. We look forward to continuing this work and to receiving feedback from the community during our upcoming forum.”

The date and additional details of the Forum will be published soon.

VIRTUAL SCHOOLING STILL FACES CHALLENGES

EVERETT - The vast majority of students in the Everett Public Schools are logging on and participating in this fall’s virtual learning program, Supt. Priya Tahiliani told the School

Committee but she said all efforts are going towards connecting with the 11 percent of students that aren’t as engaged.

Monday’s attendance figures were the first analysis of the remote learning program this fall – a revamped program over last spring’s emergency effort that wasn’t as successful and was challenging to teachers and students. The numbers reflected the first 12 days of school, and had some bright spots and areas for improvement, said Tahiliani.

For the entire district, 55 percent of students have 100 percent attendance, while another 17 percent had missed only one day. That meant 72 percent of the students were regularly engaged in school online – whether at home or in the e-Learning Centers.

“That means right now we have no attendance issues for 72 percent of our population, which is a good start,” she said. “Another encouraging sign is attendance percentages increased from Day 2 to Day 7 and then again on Day 12. That does not mean we aren’t concerned about the other 11 percent of students that have attended school 59 percent of the time or less. Absolutely not. In fact, the 11 percent is what is driving our attendance outreach efforts across the district.”

Some of the best attendance has been at the elementary and middle school levels, but challenges exist within Everett High School and within vulnerable student populations – particularly English Language Learners (ELL) and low-income students.

While elementary and middle school attendance was above the district average, the high school

began the school year below the district average.

However, she said over the last two weeks the attendance at Everett High has been on the upswing – perhaps because some technology problems have been resolved and that outreach specialists have been hitting hard with communications to families with student that aren’t regularly attending.

“One guidance counselor at one school... tried to contact a family five times by phone, 18 times by the classroom Dojo and 12 times by class e-mail,” Tahiliani said. “That is not an isolated example. It’s indicative of what people throughout the district are doing.”

Another adjustment at the high school was adjusting how attendance was taken. While it was only at first period, the district is now looking at first period and then again at 1:30 p.m. Some students were missing the morning, but logging in for all of the remaining day. Tahiliani said if a student attends 50 percent or more of a day’s classes at EHS, they will now be counted present for the daily attendance figures – though they would still be marked absent for individual classroom attendances they missed.

Finally, she said she knows many students are a little down at EHS because they are missing sports, clubs, and social interactions that in-person school brings and which is so important at the high school age.

“Not playing your favorite sport or not being part of a cherished club or organization is no small consideration,” she said. “Nor is missing the daily abundant social interactions that a school

environment provides. We do understand teenagers are adjusting to this too and want them to know we are here to help them.”

One of the worst attendance groups were the ELL students, where only about 40 percent had 100 percent attendance and 60 percent didn’t have attendance issues in total. That left a large portion of about 40 percent that were having trouble and also the only portion of students that logged having no contact at all with the schools since the term began. Low-income students also showed a challenge as well, but not as significantly as ELL students.

•E-LEARNING CENTERS

Visions of the e-Learning Centers being swarmed with kids for parents needing support has not materialized, but those that need the help are getting it, Tahiliani said.

There are about 59 percent of those invited to the Centers who are utilizing them, and spots are available for those that need them. Last week, 51 student requested to come to a Center and were accepted. The average daily attendance district-wide was about 270 students per day last week, with a dip on Friday, Oct. 2.

One issue with the Centers, however, is there needs to be more staff for the younger kids, and the district has responded by calling back all paraprofessionals to the Centers this week.

“We did identify one concern that demanded immediate action,” she said. “We found we needed more staff to monitor the Centers – particularly for our younger grade students. On Monday, we did call our paraprofessionals to our schools.”

The paraprofessionals will be monitoring the Centers, and they were needed even if the Center population stayed where it is at.

•DEVENS SCHOOL OPENS

The Devens School in-district special education program opened up on Sept. 28 for in-person classes serving the most vulnerable students in the district, and things went very well.

“Because the opening was very positive, we expect more families to choose in person learning due to the success we had in opening that school,” she said.

She thanked Principal Brian Wallace for all of his hard work in getting the school ready, an noted some positives in that students were easily able to transition between classes and teachers were able to easily toggle between in-person and remote learning platforms.

EARLY VOTING TO START ON OCT. 17

EAST BOSTON - Amid a global pandemic, historic racial unrest and a faltering economy, voters will head to the polls on Nov. 3 during argu-

ably one of the most contentious U.S. Presidential elections since 1860.

Mayor Martin Walsh reminded East Boston residents and residents across the city that voter registration deadline for the Nov. 3 election is Oct. 24 and registered voters can begin early voting in the Presidential election later this month.

Walsh also announced that early voting in Boston would begin on Saturday, Oct. 17 and end on Friday Oct. 30.

In Eastie, the city has expanded early voting operations in the neighborhood.

“We now have 27 unique sites across the city where you can vote early and in-person, including City Hall,” said Walsh. “All of these locations, during the early voting period, are open to all registered voters in Boston. You can vote at any one of them.”

In Eastie early voting will take place at the BCYF Paris Street Gymnasium at 112 Paris Street.

The site will be open for early voting on Saturday, Oct. 17, from 11 a.m. to 7 p.m., Sunday, Oct. 18, from 11 a.m. to 7 p.m. and Tuesday, Oct. 20 from noon to 8 p.m.

YOUR RIGHT TO VOTE IS PROTECTED.

The Attorney General’s Office will protect your right to vote and make sure your vote is counted.

HOW TO VOTE

Register or confirm your voter registration at [RegisterToVoteMA.com](https://www.registermyvote.com) by October 24th. You have four options:

- VOTE EARLY BY MAIL**
Apply now at [MailMyBallotMA.com](https://www.mailmyballot.com). We recommend you submit your application by October 20th. Return your ballot by mail or deliver it in person to your local election office, an official ballot return drop box, or any early voting location during early voting hours. Your ballot must be postmarked or dropped off by November 3rd. Track your ballot at [TrackMyBallotMA.com](https://www.trackmyballot.com) or look up drop-off locations at [mass.gov/vote](https://www.mass.gov/vote).
- VOTE EARLY IN PERSON**
Vote at an early voting location in your city or town between October 17th and October 30th. Early voting locations and hours will be posted by October 9th on [MassEarlyVote.com](https://www.MassEarlyVote.com).
- VOTE IN PERSON ON ELECTION DAY**
On November 3rd, vote at your polling location between 7AM and 8PM. If you are in line by 8PM, you have the right to vote. Confirm your polling location at [WhereDoIVoteMA.com](https://www.WhereDoIVoteMA.com).
- VOTE ABSENTEE**
You can vote absentee only if you will be out of town or have a physical disability or a religious belief that prevents you from voting at your polling location. Request an absentee ballot by October 28th and postmark or drop off your ballot by November 3rd. Request an absentee ballot application by calling 1-800-462-VOTE or visiting [mass.gov/vote](https://www.mass.gov/vote).

RIGHT TO EQUAL ACCESS

All polling locations are required to be accessible, have an accessible voting booth, and have a system that allows voters with disabilities to mark their ballot privately and independently. People with disabilities may also have someone assist them at an early voting or polling location, use the accessible vote-by-mail system, or vote absentee. Call 1-800-462-VOTE / TTY: 1-800-720-3480 for more info or visit [mass.gov/vote](https://www.mass.gov/vote).

RIGHT TO VOTE WITHOUT INTIMIDATION

State law prohibits election interference and voter intimidation. If someone verbally or physically confronts you while you are trying to vote, requests documentation where none is required, follows you, or interferes in some other way with your right to vote, call the Attorney General’s Office at 617-963-2917.

RIGHT TO HAVE YOUR VOTE COUNTED

If you vote by mail, track your ballot to make sure it is received and accepted. If your ballot is rejected, your local election official should contact you and send another—you can submit the ballot or vote in person. If you receive a mail ballot but do not return it or if you are concerned your election office will not receive it in time, you may vote in person.

ST. MARY'S HONORS ST. FRANCIS OF ASSISI, WITH PET BLESSING

St Francis of Assisi is known as the patron saint for pets and animals in the Catholic Church, and last Saturday, St. Mary's parish offered to bless pets after the 9am mass. Covid-19 sure has taken it's toll on everything in 2020, including residents getting out with their cherished pets, non the less, Fr. John Sheridan

After his blessing, Link was looking forward to a walk with his owner and ready to enjoy another day with those who love him.

and a group of parishioners gathered in the parking lot to have their pets blessed.

According to history, St. Francis was born in Italy in 1181, while at war in 1204, he received a calling from God and renounced all worldly goods and devoted the rest of his life to the church. His view on nature as a marvel of God's good wishes on earth led him to hold animals as godly representatives. During his life his dedication to animals led truisms to legends and from this legacy, he was canonized as the patron saint of pets and animals. To this day countless pet cemeteries contain a statue or other image of St Francis.

Robert and Betty DeMauro are with Riley as he is blessed by Fr, Sheridan.

Zoie holds her head high as she is blessed by Fr. Sheridan. All the pets were silent during the blessing as if they knew this was a special day for them. Zoie is hown with her owners, Kevin and Nini Creel.

Shown above, last Saturday after the 9am mass, St. Mary's parking lot was the scene of the annual blessing of the pets in honor of St Francis of Assisi.

Shown to the left, Fr. John Sheridan closes the blessing with a prayer, for all pets and animals to be kept in God's graces and to find good homes for those in need, in memory of St. Francis of Assisi.

MCKENNA'S TRIBUTE TO A RED SOX STAR

Artist's Tony C mural is getting rave reviews

By Cary Shuman

Bobby McKenna never saw Tony Conigliaro play in person for the Boston Red Sox. But he developed an interest in the former baseball star who grew up in Revere.

McKenna mentioned his interest in Conig's baseball career to his father, Gilbert, who as a kid, closely followed the trajectory of Tony's baseball career.

"My dad told me Tony C was a couple years ahead of him when they were in school so all the kids were rooting for him back then," said Bobby.

Bobby also saw Tony C's photo in the Revere Images of America book that was sent to him by his mother, Margaret, while he was serving his country.

"When I was in the service, my mother would send me all these Revere books and all kinds of New England stuff and seeing Tony C in that book I started taking an interest in his baseball career," said McKenna. "He was such a charismatic guy with his base-

ball, his singing career, and all that stuff."

With that encouragement and support from his parents, Bobby McKenna became inspired to keep Tony Conigliaro forever in the thoughts of Revere. McKenna, a 47-year-old professional graphic designer, can now point proudly with the rest of Revere at a Tony Conigliaro mural that he composed on the traffic light switch box at the corner of Revere Street and American Legion Highway directly across from the Blanchards store.

Praise for his artistry

McKenna, 47, has been getting a lot of positive feedback for his latest artwork, following up on his Wonderland/Revere Beach murals on the Sargent Street traffic light switch box and at Sonny Myers Park on Beach Street along with his tribute to veterans mural at the Beachmont School.

RHS SPORTS THROUGH THE YEARS

**10 years ago
October 13, 2010**

The RHS football team endured another heartbreaking, one-point loss for the second straight week, falling to Marblehead, 21-20. Trae Weathers gave the Patriots an early lead when he intercepted a Marblehead screen pass and ran it back for a touchdown. Weathers also scored on an 89-yard kickoff return. Drew Lauria, who took some snaps at quarterback, scored the third Patriot TD on an 80 yard keeper, but Marblehead scored a TD late in the game and kicked the extra point for the winning margin. RHS head coach Lou Cicatelli, whose team now stands at 3-2 on the season, but is separated from a 5-0 mark by just two points, praised the defensive play of Jose Amaya and Jimmy Domenici.

The Revere High boys soccer team continued its winning ways with victories over Salem and Swampscott to improve to 6-1-2 on the season. Leo Giraldo scored both Revere goals in a 2-0 triumph over Swampscott. Brenzy Guzman, Quias Ghulan, and Giraldo scored the goals for coach Nik Tower's squad in a 3-1 win over an 8-3 Salem team.

The RHS girls cross-country team defeated Saugus, 17-44. Freshman Nikki Nelson won the race and set a personal record of 21:03. Teammate Caitlin Carmello took second in 22:53, followed by Maggie DiPlatzi in third in 23:19.

The RHS boys cross

country team defeated Saugus, 21-35, led by Rawlings Toglean, who won the race in a clocking of 17:33. Senior captain Ernesto Bonilla was the next Patriot across the line in 17:46.

The RHS girls soccer team improved to 4-4-1 with a 2-0 win over Everett. Marissa Parent scored both goals for the Lady Patriots.

Revere School Supt. Paul Dakin said he is making a strong effort to revitalize the Revere High athletic program with new Athletic Director Shaun Hart.

Kerian Spillane and Hoeun Phann scored goals for the RHS soccer team in a 2-0 win over Everett. Coach Dom Lomanno's squad now stands at 4-5-2 on the season.

The RHS football team dropped a 27-0 decision to undefeated Malden in the rain, fog, and mud Friday evening. The Patriots now stand at 0-5 on the season.

Meredith Toto scored her first career goal to give the RHS girls soccer team a 1-0 win over Malden.

Capt. Dennis Sasso led the RHS boys cross country team to a 24-33 win over Malden with a time of 19:01 on the latter's 2.9 mile course. Freshman Colin Doherty was second in 19:14 and Kevin Roach took third in 20:02.

A winless RHS football scored in the last 10 seconds to earn a 22-22 tie with undefeated Chelsea, a team that had been winless in the previous four seasons. Charlie Anderson tossed a pass to Doug Hittinger for the tying score, but the potential game-winning extra point sailed wide. Mike Sokolowski scored

two TDs and Louis Duquie added a two point conversion for the Patriots.

Carl "Sonny" Interbartolo, Revere High's own Galloping Ghost, raced for four touchdowns to lead the RHS football team to a 27-13 win over Leominster before 4000 fans at the Leominster Stadium. Dick Cain kicked three of four extra points. Revere now is the top team in the Class B rankings with three of its four wins having come against Class A opponents. Interbartolo has 12 touchdowns to lead the state in scoring and is the

subject of much attention in the sports pages Boston newspapers.

Scatback Mike Marotta sped 80 yards for a touchdown to lead the Immaculate Conception High football team to a 26-6 win over Matignon before 2000 shivering fans Sunday at Paul Revere Stadium.

18U Fall Ball team win on and off the field

By Melissa Moore

It may be football season, but it is still baseball season for some Revere boys. Casey Cummings, Kyle Cummings, Mike Popp, Rich Dimarzo, Dom Boudreau, Calvin Boudreau, Tyler Mine-sean, Chris Cecca, Sal DeAngelis, Ollie Svendsen, Andrew Leone, Max Doucette, Sam Burns, Bobby O'Brien, Patrick Keefe, Chris Cassidy, and Jeremy Giron round out the roster for the Revere 18U Extra Innings Fall Ball team. This year's Revere 18U team includes many players who have been teammates and opponents since their Little League days at St. Mary's.

The team earned their first win of the fall ball season last week. However, the highlight of the game came when the game ended. Kevin Cummings, dad of players Casey and Kyle Cummings, has been quietly battling cancer for almost a year. As the team celebrated their win, Coach Mike Manning presented Mr. Cummings with the game ball. Coach Pat Keefe commented, "The fact that he had the strength to make it to his sons' game is an unbelievable show of what the game of baseball and his children mean to him. When you think of Kevin it's synonymous with baseball and his children. He has coached his children and many kids in Revere over the last 8 years." Cummings was both a coach and opposing coach to many of the players on the 18U squad.

During the recent Sunday morning game against Masco, Revere led the entire game with

some timely hits and great pitching with Cummings' two sons contributing immensely to the win. Older brother Casey Cummings one upped teammate Calvin Boudreau, who had 6 strikeouts, striking out 7 batters while pitching 3 scoreless innings. Younger brother Kyle, closed out the game in

the last 2 innings letting up no earned runs. Casey also hit two balls off the left center fence (approximately 340 feet) driving in a pair of runs. The Revere 18U team is coached by Revere High School Varsity Baseball Coach Mike Manning, Patrick Keefe, and Richard Dimarzo.

Tony C Mural // CONTINUED FROM PAGE 11

Novoselsky, a Red Sox season ticket holder since 1968, knows all about Tony C's exploits as a Red Sox player, citing the right-handed slugger for being the youngest player in American League history to hit 100 home runs in his career. Novoselsky loves the McKenna-drawn mural.

"I remember Tony C's career with the Red Sox very well," said Novoselsky. "This mural will rekindle great memories for all Red Sox fans. It's a perfect depiction of Tony's Topps baseball card and anyone who followed the Red Sox in the 1960s is going to love it."

ball cards were the metrics by which McKenna considered the Tony C mural.

"I have a few of Tony C's baseball cards and looking at those, I thought the dimensions of it were just perfect to do something like that," said McKenna, who is the nephew of Ward 1 Councillor Joanne McKenna.

An ideal location for a Tony C mural

Bobby McKenna understands the significance of the mural's location. "Tony C grew up until the age of eight living right down the street and playing baseball at Am-

brose Park which is not that far away from this corner," related McKenna. "So I thought it was an ideal spot for a Tony C mural."

Bobby had to submit his designs for the Tony C mural to the city for approval. The designs were improved and as soon as the weather allowed, McKenna began his project at the highly traveled location in the spring.

"I began the mural when the COVID-19 pandemic first started and everybody kind of didn't know what was going on," said McKenna, a 1991 Revere High graduate who received a degree from Salem State University graduate following his stint in the U.S. Marine Corps. "I wore a mask when I was

on site and socially distanced from people who walked by."

A lasting tribute to a Revere kid

One of the interesting things about Tony Conigliaro is that so many neighborhoods lay claim to him. He grew up in Revere but played his Little League baseball career in East Boston. The Conigliaro family - that also includes brothers Billy and Richie - moved to Swampscott but Tony attended St. Mary's High School in Lynn where the school gymnasium is named in his honor. The Conigliaro family once operated a restaurant in Nahant, not to mention the Conigliaro-named restaurant located on the land adjacent to where the Stop

& Shop on Squire Road stands today.

Thanks to Bobby McKenna, there is a lasting tribute to Tony Conigliaro that is being seen by the thousands of motorists who travel on American Legion Highway each day.

"That's one of the biggest kicks that I get out of doing something like that - people are driving by all day and beeping and showing their appreciation for the mural," said McKenna.

Most importantly, Bobby gets credit for "a job well done" from his well-known aunt who sits

on the City Council.

"She loves all the work," said Bobby of the family's evaluation. "She can't believe that I'd be out there three weeks in the sun working on one thing."

What's next for master muralist Bobby McKenna?

Some are suggesting a mural for Miami Dolphins quarterback Jim Del Gaizo and his brother John Del Gaizo and other legendary RHS footballers like Joe Festa, Mike Mucci at Della Russo Stadium, but that's a story - or a mural - for another day.

Shown above, Bobby McKenna puts the finishing touches on his widely admired mural of former Boston Red Sox star outfielder Tony Conigliaro who spent his early childhood years in Revere. To the right, Bobby McKenna pictured at the site of his Tony Conigliaro mural.

CWA members win new agreement at WGBH

Staff report

Communications Workers of America Local 1400 has reached a tentative agreement with WGBH on a new three-year contract covering 240 workers at the public broadcasting station.

The agreement includes substantial improvements over the previous contract, which expired in February of 2020. Wage minimums will increase by 13 percent and annual wage increases will no longer be left to the discretion of management. All employees covered by the contract will now receive overtime and holiday pay. There will be limits on cost-sharing for health insurance premiums.

"This strong contract is a result of our members' determination to win much-needed changes at WGBH," said Don Tremontozzi, President of CWA Local 1400. "The agreement shows the power workers have when they join together

er in a union to fight for fair and equitable working conditions. When we fight, we win."

"We bargained this agreement under the shadow of the COVID-19 pandemic," said Barry Clegg, CWA Local 1400 District Vice President and Senior Editor for FRONTLINE PBS. "It wasn't easy, but we stuck together and the result is a contract that sets a high standard and that we can all be proud of. The union members at WGBH are passionate about the rich and important programming we provide for our public media audience, and we are excited to continue this work moving forward."

Other improvements include guaranteed vacation and sick leave, guaranteed holidays, improved severance pay and a provision that the use of contractors cannot result in layoffs.

The agreement will be sent to members for a ratification vote.

The Platters Light Up Boston

Legendary group films 'Twilight Time' video in Eastie

By Cary Shuman

The world-famous vocal group, The Platters®, used one of the most picturesque views of the Boston skyline to record a music video for the Disney+ series “WandaVision.”

The four current members of the legendary group that was founded by Rock and Roll Hall of Fame artist Herb Reed in 1953 – Kingsley McIntosh, Lance Bernard Bryant, Leslie Grate, and Omar Ross - performed The Platters’ timeless hit, “Twilight Time” along the boardwalk outside the Hyatt Regency Boston Harbor Hotel in East Boston.

The Platters’ classic song is being featured by Marvel Studios in its six-episode Disney+, WandaVision series.

Frederick J. Balboni Jr., president, and CEO of Herb Reed Enterprises, and manager of The Platters, has overseen the resurgence of the group, whose many hits, including “The Great Pretender” and “Only You,” still resonate today around the world. At the video shoot in East Boston, Balboni said he was excited about the music video being recorded in East Boston and the new generation of fans that are being introduced to The Platters’ sound.

“Putting faces to The Platters’ name, the video re-release of Twilight Time affords millions of our fans here and abroad an opportunity to see the group today, and the re-release of the track provides a chance to download the track onto personal playlists,” said Balboni.

Balboni hypothesized that Marvel Studios selected “Twilight Zone” for WandaVision because of its classic sound. “And Sony just used the song for an international campaign for their PlayStation games,” he added.

Bringing forth the legacy of Herb Reed

Mr. Reed had an extraordinary career in the recording industry. He was inducted into the Rock and Roll Hall of Fame in 2012. Many

credit the song “The Great Pretender” with helping The Platters become one of the first African-American groups to achieve international superstardom.

“We’re representing the legacy of Herb Reed and we’re bringing that legacy forward, which is very important to the African-American community, to music culture, and to women’s gender issues,” said Balboni.

For the first time in 45 years, The Platters will release a new album that will include new music and some of the classic hits.

“This is an exciting time and a third rebirth of the group and that very rarely happens,” said Balboni.

Choosing East Boston for the video recording

Balboni called the view [from the Hyatt Regency] of the Boston skyline “spectacular.” “The location does the fusion of what we’re doing, which is retro-contemporary,” said Balboni, “Twilight Time is a timeless song that we can make relevant today in a contemporary setting against the new Boston skyline,” said Balboni.

Praise for Balboni and enjoying Boston

The Platters enjoyed a tremendous reception from Hyatt Regency hotel guests and local residents who watched the video shoot unfold with such landmarks as the Custom House and John Hancock Tower in the background. The performers were congenial and accessible to fans and expressed humbly their feelings of pride in representing the incredible legacy of Herb Reed. Each vocalist seemed genuinely excited to be in Boston and working in coordination with Frederick Balboni.

“It [the Boston skyline] is absolutely beautiful and it’s wonderful to be a part of such an important part of music history and this resurgence of The Platters going into the new generation of a new market, so it’s extremely exciting and very gratifying,” said Lance Bernard Bryant, one of the lead

vocalists who grew up in Rochester, N.Y. and studied classically at SUNY Fredonia. “I think this video is going to reintroduce the group to several people who are familiar with The Platters’ music and introduce them to a brand new generation of younger music lovers who relate to the same style of music and will continue to grow with our new evolution of the music. Our new song, “It’s My Time,” is getting a wonderful response from people young and old.”

Kingsley McIntosh, who is known widely as “Cousin Brian,” actually performed on the road with Herb Reed prior to his passing.

“It [performing on stage with Mr. Reed] was an experience of a lifetime in every way imaginable,” said McIntosh. “He was a genuine person. His spirit is always around us.”

McIntosh, who grew up in Lexington, N.C. “The barbecue capital of the world”), said Mr. Reed taught him “that no matter who we were, whether it was a million people or five people, he had a motto: “Give it your all every night like this [performance] is the best thing that can ever happen to you.”

About working in Boston on the video, McIntosh said, “Boston is fun until you get in traffic around 5 o’clock and everybody is blowing their horn at the guy with the North Carolina license plates,” he said. “But we have one of the most important jobs in the world and that’s making people feel good.”

Speaking about Balboni, the group’s dedicated manager, McIntosh offered, “Fred is the best.

He’s a standup guy. He’s doing a great job for the group.”

Omar Ross is the newest member of The Platters. “It’s an honor to be with The Platters,” said Ross. “They have such a long history of great songs. I just feel honored to be a part of it. We’re a good team.”

Ross, who was born in Detroit, grew up in Florida and attended the Cincinnati Conservatory of Music, said he is enjoying his time in Boston. “Boston is growing on me. It’s a great city. I haven’t gotten to see too much because of COVID-19 but what I have seen I like.”

Leslie Grate, the stunning vocalist and native of South Carolina (“I’m a North Carolina

fan, though”) said it was “amazing” to be performing with The Platters. “We’re a group that does everything together. Boston is wonderful. I love the water and scenery. I’m excited to be in Boston. We can’t wait to see everyone when we begin to tour again.”

Michael Larson, longtime music director for The Platters, said, “It was a pleasure working with Herb Reed. The greatest thing about Herb Reed was that he was a great storyteller. And there’s nothing like sitting next to him in airports and Herb telling stories about meeting the Queen of England when he was young. Any time we went into a new city, he would have five stories about the city because he

had been everywhere. It was so much fun being with him. And it’s great to be with this group who is really dedicated to this music.”

Larson, who has been a Boston resident since 1997, said he met Frederick Balboni during his own piano-playing performance with his wife on vocals at the Encore Lounge in Boston’s Theater District.

“Fred used to come in and sing some songs and we got to know each other,” said Larson. “He knew I had a history with rock bands and groups and one day Fred brought Herb Reed with him to our show. We chatted and he liked what I did and I became music director,” said Larson. “It’s been a lot of fun.”
