School Safety Community Forum provides vital information as new academic year begins

By Cary Shuman

The Revere School Safety Community Forum, held Aug. 12 at the West Revere School Complex, was an informative event that gave parents an in-depth look at how the City of Revere, Revere school officials, the Revere Police Department, and the Revere Fire Department are working as a team to keep the school

community safe in the coming 2022-23 academic year.

Revere Police Chief David Callahan, in his initial remarks, addressed the serious topic that is on the minds of parents across the country.

"These are difficult conversations to have, but it's reality," said Callahan. "I understand the concern people have. Columbine [High School] was one of

the first mass active shooter incidents that happened, and it changed a lot of things – how we looked at them, how we reacted, how the police trained to react to those situations, and we'll continue to do that now."

The forum had been advertised as 60 minutes in length, but it continued for 90 minutes, and the

Council plans a full agenda on Monday

By Cary Shuman

The City Council will have a busy agenda at its Aug. 22 meeting, according to Council President Gerry Visconti.

"Because there's been the usual summer hiatus (the last Council meeting was held July 11), I think you'll see a lot of items on the agenda," said Visconti. "I expect to see some discussion on the Suffolk Downs re-development project at our zoning sub-committee meeting, for example."

Visconti also will formally welcome back John Powers to the City Council. Powers won the Ward 5 special election over two opponents, Linda Santos-Rosa and Ronald Clark, on July 19 to reclaim the seat he had previously held for ten terms.

"I am looking forward to representing the residents of Ward 5 to the best

of my ability and working on some of the issues and projects that are important to my constituents," said Powers. "I am excited that the Point of Pines fire station and will be built in the coming year."

Some councillors have been supporting candidates in the State Primary that will be held Sept. 6. A contingent of Revere officials attended a fundraiser in Winthrop in support of gubernatorial candidate Maura Healey, the state's attorney general.

Last Friday, Chris Dempsey, candidate for state auditor, received the much-sought-after endorsement of popular Revere Mayor Brian Arrigo. Ward 2 Councillor Ira Novoselsky, dean of the Revere City Council, also endorsed Dempsey in his bid for the Democratic nomination for state auditor.

FRESH & LOCAL

August Tomatoes

By Penny & Ed Cherubino

With the arrival of gorgeous summer tomatoes, we suggest you save all those recipes that have you cooking tomatoes for fall and winter. Grab a sharp knife and cutting board, and supper is underway. If you can chop, slice, wedge, or dice a tomato, you can turn this ripe, red bounty from local farms into terrific menu items.

Summer is the season of local tomato glory when we pop pints of cherry tomatoes like candy and slice slabs of giant heirloom tomatoes to present on a platter as a side dish. A sprinkle of sea salt and a grind of fresh pepper is all they need to shine. And, perhaps, local August tomatoes are really meant to be eaten out of hand, over the sink, with the juices running off your chin.

cheese. This year we've been making that with the flavored Farmers Cheese Spreads from local cheesemaker Fromagerie Madeline at the Copley Square Farmers Market. Their seasonal selection includes plain, Everything Bagel, Garlic, Spinach Dip, Italian Herb, Dill, and Sriracha Hot Pepper. Slather a good slice of bread with the one that most appeals to you and top it with slices of tomatoes from a local farm.

In Provence, they have a whole-meal sandwich called Pan Bagnat. You should prepare it ahead, so it's perfect for entertaining or picnics. This sandwich is a great way to use slightly overripe tomatoes since you want the juices to soak into the bread. We like making it with big, round loaves of country bread.

Stuffing, Soup, and Salads

You can create an attractive main course by hollowing out beautiful heirloom tomatoes and filling them with something de-

Tomato Sandwiches

August is the month to enjoy BLTs. We also love avocados, lettuce, and tomatoes. Sometimes we switch out the bacon for

licious. For example, you can use the innards of your hollow tomatoes with mozzarella cubes, halved cherry tomatoes, and basil for a fresh take on a Caprese salad. We have also seen tomatoes stuffed with crab, tuna, or bean salads.

Gazpacho is another way to enjoy a relaxed, no-cook supper. This Spanish soup makes a great contribution to a potluck or picnic. Your food processor or blender will do most of

the work. Still, we recommend you hand-cut a lovely selection of toppings like colorful cherry tomatoes, cucumbers, peppers, and red onions. You can stray from the classic and add corn, crabmeat, or chunks of avocado.

You might create salads where the tomato is the star rather than a supporting cast member. Fill a platter with slices, chunks, and wedges of the best tomatoes you can find. Dress

them with a tasty vinaigrette and top with some fresh herbs and perhaps something salty like capers or bits of bacon or ham.

We have a favorite salad that is simply arugula topped with fresh tomatoes that are chopped and marinated in oil, vinegar, and herbs for an hour or so. Some cooks recommend peeling and deseeding the tomatoes for this dish, but we enjoy this simpler version.

One final reminder, never refrigerate a tomato. Preserve the flavor of your fresh tomatoes by keeping them on the kitchen counter or in your fruit bowl. Buy what you will use quickly and shop for them often while they are in season.

City Council will pay tribute to Ann Raponi at its next meeting

By Cary Shuman

City Council President Gerry Visconti will request a moment of silence for Ann Raponi at the outset of the Council's Aug. 22 meeting.

Ms. Raponi, a longtime Revere resident who served on the Revere School Committee, died unexpectedly on Aug. 7 at the age of 93.

Ann had a love of the city that was on display

during her attendance at city-wide social events where she would be warmly greeted by officials and residents. From Mayor Brian Arrigo's annual birthday celebration to Chamber of Commerce ribbon-cutting ceremonies to Satter House special occasions, Ann always brought good cheer and enjoyed the interactions with other guests.

In fact, Gerry Visconti said he talked with Ann

Ann Raponi. at the recent Satter House

anniversary dinner.

"We had a great conversation and Ann was her usual friendly and personable self, going around and talking with all the residents and guests," said Visconti.

"I was saddened to hear of her sudden passing. Ann was a dear friend, and she will be remembered for her work on the School Committee as well as the Conservation Commission," added Visconti.

da, and Jason Barone.

After the approval of the minutes from the June meeting, the commissioners took up a range of agenda items.

Sofia Marmoucha, a junior high school student, was introduced as the new High School Student Disability Intern member for the Revere COD). Sofia will be joining the commission for its meetings each week.

"I'm very excited to be joining the commission as an intern and looking forward to improving the community in Revere and supporting each other," she said.

Perno next told her fellow commissioners that has been working throughout the summer on action items for COD members.

"I've been trying to formulate a way that we can be more involved eith brainstorming and coming up with ideas to find ways to improve our meetings and be able to make our information more widespread," said Perno, who specifically cited health and snow removal issues for city residents with disabilities.

"Perhaps we could have a guest speaker for mini-programs from city agencies for items such as flu or COVID vaccines," she added. "The goal would be to get city departments to become more involved with us."

DeCicco also suggested that support dogs could be made more available for local residents in times of stressful situations.

Brown provided an update from the SEPAC (Special Education Parents Advisory Council) meeting in July and upcoming events in August and September.

Brown, who is the president of SEPAC, noted that SEPAC has begun a Facebook page and is planning holiday events for the months ahead. He also said that the group's next meeting is scheduled for September 26 at the high school.

DeCicco informed the commission members of what occurred at the recent CODA (Commissions on Disabilities Alliance) monthly meetings that were held on July 6 and August 3.

He mentioned that the DLC (Disability Law Center of Mass.) has reached out to the Disability Policy Consortium, which facilitates the monthly CODA meetings, and said that the DLC is interested in attending local COD meetings.

"If that's something we are willing to pursue, I can reach out to them," said DeCicco.

DeCicco added that at the August meeting, the member from the City of Boston COD mentioned that the city's upcoming ADA (Americans with Disabilities Act) day celebration, which was to be held on July 19th, was postponed until August 31 because of the heat and will be held at City Hall Plaza, which will be completed by that date.

The presentation by

the Cambridge Disability program coordinator, who was scheduled to discuss the plain language guidelines that she created for Cambridge, was postponed until the September CODA meeting.

DeCicco noted that there was a discussion regarding election polling locations along with accessible equipment such as "AUTOMARK." It also was discussed that there will be more support from the state in regard to the rollout of online voting options for people with disabilities.

"Mail-in voting is really not a great option for people with disabilities," said DeCicco.

DeCicco said that the State Legislature passed, and Lt. Governor Polito (Acting Governor) signed into law, the Remote Meeting extension through March 31, 2023, for local boards and commissions of city and towns on July 16, 2022.

In addition, the State Legislature on July 26th passed a \$5.2B bond bill, which included \$30 million for technology grants to municipalities to expand remote or hybrid public meeting accessibility for residents.

"This is such good news, a win-win," said DeCicco. "Once those grants are available, any city or town can conduct hybrid meetings," which will be of great benefit to persons with disabilities for whom attendance at municipal meetings in-person is all but impossible.

Toast slathered with herbed Farmers Cheese Spread from Fromagerie Madeline and topped with slices of colorful cherry tomatoes was a perfect farmers market day treat.

SPOTLIGHT

RTV community coverage of Bocce on the Beach is now playing on the Community Channel in between general programming. You can check out all event coverage on YouTube since all RevereTV produced videos are posted there. Event coverage is typically short and edited down to what the studio calls the "sights and sounds." This would be made up of some general video and short interviews from the day of the event. Be on the lookout for this past weekend's video from Row Row Row Revere! It should be posted to YouTube and will be playing on the Community Channel this week.

A partnership with the City of Revere, Kaboom!, and United Healthcare brought a complete rebuild to Costa Park on Shirley Ave. Volunteers were called to help through the RTV public service announcement series "In the Loop." If you haven't been around that neighborhood lately, you can watch what RevereTV captured on Friday morning while visiting the site. Just like all other community coverage, this video will be playing in between programming every day on the RTV Community Channel.

Longtime RTV Community Member, Diana Cardona, was back in the studio last week for a new project. Diana brought dancers to the studio and recorded a Colombian inspired performance. This video will soon be added to Community Channel scheduling on Tuesdays at 7:30pm, and Saturday at 10am. Diana used to produce a few programs in those original timeslots and is always open to adding to the mix. Be sure to check out the Community Channel for all programs produced by community members. This month, you will also see "Life Issues" by Judi van Kooiman, new episodes of "Legends of Pro Wrestling," a new episode of "Eye on Revere," and replays of "Sal's Show" and "Sal's Concert." The RTV Community Channel is 8 and 1072 on Comcast, and 3 and 614 on RCN.

Revere DPW officially broke ground on new construction of their site last week. RevereTV was there with a camera and recorded all who were there to speak on the event. This coverage is posted to YouTube and is still playing in the rotation on television at various times in between municipal meetings. You can also watch replays of the City of Revere's School Safety Community Forum on RTV Gov. Last week, school administrators, city officials, Revere Police, and Revere Fire welcomed Revere residents to the Susan B. Anthony School to discuss school safety priorities and procedures for Revere Public Schools. The forum was also open to public comment and questioning. View this meeting in full on YouTube and playing on RTV Gov. This channel is 9 on Comcast, and 13 and 613 on RCN.

MASS MEETING FOR NRA DRAWS THrong OF 300

Mayor Casassa, Chisholm Unable To Be Present; Hickey Chief Speaker

(Report of Monday night's meeting will be found on page three)

In one of the most surprising City Council meetings held this year, members of that body in special convocation Wednesday night authorized appropriations totalling in excess of \$150,000, including the much-mooted question of thirteen employees of the city, controversy in whose cases has been brought as high as the Supreme Court of the State.

Included among those who will receive their back salaries are Mrs. Vivian Lockhart, secretary to the Mayor; Peter F. Conley, sealer of weights and measures; Fred Marshall, plumbing inspector; Clarence Borden, assistant secretary to the Mayor; Francis Chiary and William Burkhardt, patrol drivers; Bart Guatino, police mechanic, and Patrick Nazaro, water meter reader.

Since the 1933 budget was drawn there has been a veritable tued be-

RESULT OF BANK CONFERENCE TO BE KNOWN SOON

Local officials, conferring with Boston bankers Wednesday morning relative to the floating of the \$500,000 refunding bond issue authorized by the Legislature to aid the city some weeks ago, were optimistic of results following the close of the conference, and expect definite word as to the success or failure of the conclave tomorrow or Monday.

It is understood that one of the banking officials attending the conference, was outspoken in regard to the manner in which city affairs are handled and scored the politics which he said play too great a part in the administration of affairs here.

The representatives, however, were very well received and were given every consideration as they unfolded Revere's financing plan and the proposed system which would be invoked if the bond issue was floated.

The loan, if put through, will do much in assisting the city to pay up back bills and interest, and, with city employees paid up to date and tax payments beginning to come in, the city would face 1934 with a surplus of hundreds of thousands of dollars.

NO AUTO DEATHS HERE IN JUNE; CITY ON ROSTER

Massachusetts cities and towns produced in June the best record of the year in checking automobile fatalities compared with communities throughout the country, according to reports received today by the Governor's Committee on Street and Highway Safety for the nation-wide traffic safety contest. Eighteen communities went through the month without a single motor vehicle death, and on this list was the city of Revere. Six of the communities completed a total of six consecutive months with a spotless record.

The six which have survived half the year without a highway death are Woburn, Gardner, Amesbury, Stoneham, Winchester and Swampscott. Besides Revere the following cities showed a record of no fatal accidents for the month: Fall River, Somerville, Quincy, Medford, Pittsfield, Chelsea, Salem, Fitchburg, Chicopee Beverly and Newburyport.

In only three cities throughout the state did the June fatalities exceed more than two each. There were five in Worcester and only three each in Springfield and Boston. The latter city moved up from fourth to third place in the competition, being outranked now only by Milwaukee and New York City. Boston's fatality total, however, is still far worse than last year. The figures are for the six-month period; 51 in 1933 and 39 in 1932.

For the country as a whole there were 2470 automobile deaths in June, an appreciable increase over June a year ago and over May of this year. The six-month figure for the United States is still lower than at the same point in 1932, but the unfavorable June experience has brought the advantage down to only about 2 per cent.

Reduction in Fire Loss For First Six Months Exceeds \$70,000--Insurance Rate In One Section Lowered 25 to 50 p. c. Boost McCarrick For State Fire Marshal

A cut in fire losses, record of few alarms, and a reduction in insurance rates in one section of Revere were shown in the semi-annual fire report of Chief Thomas J. McCarrick released today.

The report is expected to meet high favor throughout the city and

THOMAS J. McCARRICK Chief Fire Department

should give added impetus to the drive now on to place the local chief in the State Fire Marshal's office, re-

cently vacated by James J. Hurley, newly-appointed commissioner of civil service.

A 34 per cent reduction in the number of alarms and a 52 per cent reduction in the fire loss for the first six months of this year bear mute evidence to the worth of the present fire system and its officers. For the corresponding period in 1932 the fire loss amounted to \$134,440.47. In 1933 the fire loss was \$64,420.50, which represents a reduction of \$70,019.97.

Because of the lowered fire frequency and consequently low fire loss, together with improved fire protection facilities, there has been a substantial reduction in the insurance rates within the district bounded by Ocean avenue, westerly side and extending westerly to North Shore road and between Beach street and a point east of Revere street. The rate reduction varies from 25 per cent to 50 per cent, placing the district involved in a higher classification, more in line with the rates available in other sections of the city.

In his report, Chief McCarrick comments on the commendable co-operation accorded fire officials by police authorities in the investigation of incendiary fires. As a result of the activities and prosecutions of incendiary characters, Revere has a "very low incendiary risk," the report states.

Commenting on the inter-city mutual aid system, the chief sets forth in his report that the system has continued to operate in a most efficient manner, providing maximum fire protection in the event of a serious fire in any one city.

MUCH ACTION AS STRIKE AT DYE HOUSE GOES ON

The strike at the plant of the Revere Dye House is still in progress, with many acts of violence being reported during the week, due, it is claimed to actions of disgruntled strikers.

On Monday, George Prescott, 28, of 28 Bertram street, Dorchester, investigator for the Scott Detective Agency, was arraigned in Chelsea district court, charged with five counts of assault, carrying a concealed weapon and operating an automobile while under the influence of intoxicating liquor. He pleaded not guilty, and Judge Samuel R. Cutler, before whom he was tried, granted a continuance until August 21.

Prescott was arrested at 11:50 p. m. Sunday on Arlington avenue, this city, by Patrolman Oda T. Sutton of the local police, in the midst of an argument with striking employees of the North Shore Dye House, Inc.

The defendant, it was alleged, has been acting as a bodyguard for one of the members of the dye house concern. It is alleged that during the argument with the striking workers he pulled five of them into an automobile. They are Barnet Bordsdetsky, 237 Walnut avenue; Milton Jacobite, 70 Arlington avenue; Ruth Broomfield, 31 Sumner street; Lillian Palsner, 14 Arlington avenue, and Sylvia Gabb, 36 Arlington avenue, all of this city.

On Monday night, Morris Vanderood of 97 Woodlawn street, Everett, an employee of the dye house, complained to police of Everett that three men entered his home and, displaying revolvers directed him to "quit work or take the consequences." He supplied police with a minute description of the three strangers and they were an object of a search by Everett and Revere officials.

HEADS OF LOCAL HOME LOAN BANK ARE DESIGNATED

Federal officials this week announced the personnel of the Chelsea branch of the Federal Home Loan Bank, which is expected to be in full operation, catering to the citizens of this city and Chelsea, by the middle of next week.

Francis X. Tyrrell, former secretary of the Chelsea Chamber of Commerce, prominent in State Democratic circles and a staunch party supporter, has been named manager of this institution.

Attorney Joseph A. Melley, brother of Representative William H. Melley, has been appointed counsel.

Mr. Tyrrell has held several important positions. For several years he was chairman of the State Finance Commission, was a member of the Cost of Living Commission, and served as a special expert for the United States Federal Trade Commission in Washington during the World War, being transferred by presidential order to become chief administration officer of the National Labor Board.

Lieutenant Cornelius Cronin, head of the bureau of investigation, will return to direct the night shift, alternating with Lieutenant Carroll Davis. Sergeant Henry Tracy will also go to the night shift, while Sergeant Dominic Church is transferred from the night shift to head of the liquor squad.

PROVIDENCE GIRL FOUND NOT GUILTY OF MANSLAUGHTER

Jennie Paone, 22, of 31 Carrollville street, Providence, was found not guilty of manslaughter in connection with the death of her cousin, Miss Margaret Zona, 22, of 15 Horton street, Providence, when arraigned before Judge Samuel R. Cutler in Chelsea district court yesterday.

Miss Zona was fatally wounded by Miss Paone when she was handling a .32 calibre rifle in a shooting gallery at Revere Beach on Sunday, July 29.

The girls were members of a party who made a trip by automobile from Providence to Revere Beach. They were going to try the rifles at the El Hassan shooting gallery at 257 Boulevard. Miss Paone grasped the rifle. It was discharged, the bullet striking her cousin in the breast. She was pronounced dead upon arrival at the Massachusetts General Hospital.

The Metropolitan District police, who investigated the incident, were certain that the shooting was accidental, but placed a technical charge of manslaughter against Miss Paone. This is the first year that shooting galleries have been open on Sunday as a result of the new law passed this year.

THIRD DROWNING AT BEACH LAST NIGHT; SUICIDE

Body of Pennsylvania Man Is Found Floating; Note In Pocket

The body of an unidentified man, believed to be a resident of Clark's Green, Pennsylvania, was pulled from the ocean near Holt's boat house, at Roughan's point last night, and removed to the Northern mortuary after police and firemen worked over it with a pulmotor for nearly two hours.

Police were first apprised of the fatality, the third at the Beach in as many weeks, when they received notice from Metropolitan officials that a body was floating off-shore near the boat house.

Dick Wicke, local aviator, who was in the air with two passengers, first sighted the body, and he signalled to John Gillen and Richard Holt who were below him in a speed boat.

The body was taken to shore by the men in the speed-boat and as signs of life were shown, the inhalator was used while an attempt was made by officers to encourage respiration. When the man had been pronounced dead he was removed to the mortuary and a search of his clothes disclosed a note which indicated that he was despondent, police say.

There was also found the address of Mrs. Alfred Stoertz, Clark's Green, Pennsylvania, and local police elicited the aid of the State police teletype in an attempt to check up on the address last night.

The man, who was fully clothed when pulled from the water, was believed by police to have committed suicide. The note, police said, asked certain persons named therein to forgive him for what he was doing and told them that they would be better off.

Patrolmen Zwicker, Nolan, Flanagan and Connolly assisted at the scene of the mishap.

Mayor Casassa Asks Fine For Secretary In Lowell Court

Mayor Andrew A. Casassa of this city appeared in Lowell district court on Wednesday as attorney for his assistant secretary, Clarence R. Borden, and Fred Nazaro, both of this city, who were charged with fishing in a Billerica pond without a license.

Judge F. A. Fisher said he would be glad to put the two on probation for two years, but Mayor Casassa objected.

"No, fine them," he demanded.

He declared they were not in the same class with two prisoners charged with automobile thefts who had been placed on probation. The judge complied, and imposed \$10 fines.

DINOSAURS ROAM THROUGH THE REVERE CHILDREN'S LIBRARY

Neil Brown from Dinosaurs Rock allows the children to touch real fossilized dinosaur eggs.

Last week at the Revere Children's Library Dinosaurs were the big thing, really big. The event, "Dinosaurs Rock," brought loads of fossils of man and plant eating terrors, bones and eggs, heads and legs to the library for a special presentation that was enjoyed by Revere children. All brought cheers from the children that attended the special event. Keeping the children interested

in dinosaurs is a piece of cake, every kid loves dinosaurs, add in being able to touch and feel them, well you are at another level altogether. Neil Brown from Dinosaurs Rock was delivered a very interesting presentation on dinosaurs. A big well done to Dinosaurs Rock and to the staff of the Revere Children's Library for bringing the past to our future-the kids.

AND JUST LIKE THAT

-- SUMMER ENDED

Within just a few hours of writing our editorial last Tuesday (August 9) extolling the virtues of the heat and humidity of the summer season, Mother Nature turned the tables on us.

We were sitting in our hot house -- we don't have air conditioning -- but enjoying a warm breeze, when, at 8:14 p.m., the wind shifted from south-westerly to north-easterly. The air suddenly became chilly -- the temperature dropped 10 degrees within a few minutes -- and we soon had to shut all of our windows.

Yes, the weather this past week has been nice (and is forecast to remain so for the next 10 days), but the temperatures have struggled to reach 80 during the day and we've had to wear warm clothing in the cool evenings.

No doubt there may be a few lingering hot days in the weeks ahead -- we have many fond memories of hot Labor Day (and even some Columbus Day) weekends from our youth.

But it is clear that the summer of 2022 is all but over -- and fall is in the air.

WHY KEVIN HAYDEN SHOULD CONTINUE TO SERVE SUFFOLK COUNTY AS OUR DISTRICT ATTORNEY

To the Editor,

I had never heard of Kevin Hayden until he was appointed District Attorney. I knew Ricardo Arroyo. Arroyo is a household political name that has lasted at least two generations and three city councilors. I met with Felix Arroyo in 2016, and I endorsed Ricardo Arroyo when he ran for the city council in 2019.

I was therefore initially inclined to stay out of the District Attorney race or support Ricardo Arroyo. Arroyo's political philosophy and mine are closely aligned, and he is undoubtedly a gifted politician.

But today, I am endorsing Kevin Hayden, a public servant, over the politician. The bottom line: I have seen his work. He is as dedicated a public servant as I have met, and I've seen him demonstrate it on multiple occasions.

As soon as he was appointed, Hayden immediately got to work. I began to get regular updates about shootings and acts of violence in my district, which includes three of the four cities that make up Suffolk County. Like Rachael Rollins, our former district attorney, he was forthcoming, upfront,

and direct with his information. He made himself a resource to my office. I assumed correctly that on certain policies, he and I would disagree, but he has listened, showed me that he could change his mind, and was willing to be creative and constructive about the District Attorney's role.

For example, I called Kevin recently, enraged after a major fire in Revere displaced 150 people. The landlord, after keeping many of the units in deplorable conditions, commenced eviction actions and changed the locks on rent-paying tenants. I remembered that in some cases (though incredibly rare), criminal charges could be pursued against a landlord. I was very happy to learn that Kevin had already reached out to the Mayor of Revere. He attended the large community meeting, shouldered the anger and frustration of the tenants with Mayor Arrigo, and committed to investigating the landlords for possible criminal wrongdoing.

When we were so close to passing an eviction sealing bill, I called Kevin again. I explained how many people need a second chance after having been evicted. I talked about how opponents were using public safety as a reason to keep an eviction permanent and public. Kevin reviewed the bill and drafted a passionate letter in support, noting

that housing stability is a public safety issue. Kevin Hayden was the very first law enforcement official to support the HOMES (Housing Opportunity and Mobility with Eviction Sealing) act in the four years of fighting to get it passed. As District Attorney, he effectively countered many of the safety concerns the Governor expressed when he vetoed the bill two years ago.

It is essential that a District Attorney can see the connection between housing and public safety and even more so that the District Attorney is willing to advocate for policies that support working families. I know that when he continues to be the District Attorney, he will prosecute deadly workplace safety violations and wage theft.

Hayden is showing up to shootings in the middle of the night, and to community meetings with young people and police. He sets a table where law enforcement, community, and nonprofits can refine justice together.

For example, I recently walked in on a meeting with assistant DAs, community members, and North Suffolk Mental Health. They discussed expanding the Services over Sentence pilot program, started under Rachael Rollins. Hayden invested in the program, contributing \$450,000 from the asset forfeiture fund, and expanded the initiative to include wrap-around ser-

vices, from helping those taking part find housing, childcare, jobs, and recovery coaches. The program keeps participating defendants out of jail.

I have seen the coalition for Hayden. It is racially and politically diverse. He boasts support and endorsements from the entire county and people from all walks of life. I believe they see what really matters, and that is Kevin's vision and heart, backed up by over two decades of public service work. Experience isn't everything, but it is important. The District Attorney leads an office of almost 300 people and needs to inspire their trust. A strong record of service, experience within the office, trial experience, a commitment to just outcomes, and a fair and ethical approach to prosecution provide that leadership.

No one would accuse Kevin Hayden of being a politician that can "work the room." But no one can deny he worked exceptionally hard to be "in the room" and to lead today.

Hayden is a compassionate Black Bostonian who cares deeply about our community. I hope voters pick the public servant who has dedicated his life to serving and protecting our most vulnerable. Please vote for Kevin Hayden on September 6, 2022.

Senator of the First
Suffolk and Middlesex**

With the swift writing of a giant check, Suffolk Downs has entered the legitimate realm of possibility when it comes to turning the track into a full fledged casino. This happened last week when Suffolk Downs President Chip Tuttle wrote out a \$400,000 check for the Gaming Commission and delivered it. That \$400,000, which is non-refundable, is the first gambit in the effort by Suffolk Downs to secure a license for a full casino on the sprawling 155-acre site located here and in East Boston.

Governor Deval Patrick signed a transportation bill last week that gave approval to an amendment offered by Senator Anthony Petrucci that stops train delivery of ethanol through a number of cities and towns, which includes Revere. The bill orders that further studies be made of the efficacy of transporting 1.7 million gallons of ethanol by freight train twice weekly through Everett, East Boston, Chelsea, and Revere.

*They say there is a reason,
They say that time will heal,
But neither time nor reason,
Will change the way I feel,
For no-one knows the heartache,
That lies behind my smiles,
No-one knows how many times,
I have broken down and cried,
I want to tell you something,
So there won't be any doubt,
You're so wonderful to think of,
But so hard to be without.*

Sheehan named Chair of the Board at Big Brothers Big Sisters

Staff Report

Big Brothers Big Sisters of Eastern Massachusetts (BBBSEM), one of the nation's leading one-to-one youth mentoring programs and New England's largest Big Brothers Big Sisters affiliate, has appointed Rosemary Sheehan, Chief Human Resources Officer (CHRO) at Mass General Brigham, the largest private employer in Massachusetts with over 82,000 employees, as their new Board Chair. Since 2019, she has served on the agency's Board of Directors.

Sheehan first joined the BBBSEM team through the agency's Senior Human Resources Advisors Council. Her passion for the mission grew as she helped staff to develop the nonprofit's People & Culture strategy. At Mass General Brigham, she partners with executive leadership to develop internal growth, expand/build people and process capabilities, create/drive a culture of innovation, continuous improvement and operational excellence, and strengthen the strategic business alignment of the HR function. She brings more than 30 years of experience in healthcare

revenue cycle operations, staff development and leadership, new business development, regulatory compliance, and complex project management.

"I am so proud of how the agency has managed to continue to serve so many children during the pandemic while also recently approving a new strategic plan," says Sheehan, who walks her talk as a mentor for Big Brothers Big Sisters of Eastern Massachusetts Mentor 2.0 program. "The pandemic has highlighted the inequities in our society and created a massive mental health issue. I look forward to supporting the new strategic plan and helping the nonprofit play a pivotal role in supporting our youth as the new Board Chair."

Throughout her personal life and her career, Sheehan has been a champion for those who are marginalized and less fortunate. Her compassion is born out of her personal journey. She is the daughter of immigrants from Portugal, neither of whom were educated beyond the 5th grade, and grew up in Fall River where her parents worked in garment factories. In addition to her parents, her role models as a child were her high

school teachers.

"I was lucky to have mentors," says Sheehan. "I know that I wouldn't be in the current role I am in if they were not there to guide me. There is a lot of data to show that early mentorship makes a big difference in the lives of youth. We need to ensure that the agency is here long term!"

Sheehan's passion for mentoring runs in the family. Her husband is also a mentor for the agency's Mentor 2.0 program and her daughter, when in school at Boston College, serves as a Campus-Based Big Sister. In part thanks to her mentors, Sheehan earned her BA Degree in Chemistry cum laude at Assumption College, and her MBA summa cum laude at Babson College.

"Rosemary is a critical asset to our Board with both the personal and

professional experiences that she brings to the table," says Mark O'Donnell, BBBSEM President & CEO. "As we seek to increase the number of adult mentors in our organization and provide them with the support necessary to foster meaningful relationships with Littles, the encouragement, guidance, and strategic insights provided by our Board Chair is imperative to the success of our organization, and we are elated to welcome Rosemary in this position."

As Board Chair, Sheehan will partner with O'Donnell and other board members to support and sustain the work of BBBSEM and ensure appropriate board composition with regard to the organization's strategic objectives. In addition, she will provide governance leadership, and strategic fundraising support to the greater BBBSEM team. Sheehan will help to run board meetings and an annual retreat.

In its 70th year, BBBSEM has created and served more than 20,000 matches. The nonprofit is now enrolling and matching Littles and Bigs. For more information, to register your children or to become a volunteer, visit: www.emassbigs.org.

Safety // CONTINUED FROM PAGE 1

content was so well presented by the panel and moderated by Assistant Supt. of Schools Dr. Richard Gallucci, it really becomes a must-watch event for everyone associated with the schools considering the recent incidents in school districts nationally. Revere TV, led by Executive Director Bob Dunbar, videotaped the forum for broadcast.

Mayor Brian Arrigo opened the forum by thanking officials - School Committee members Susan Gravellese and Aisha Milbury-Ellis and City Councillors Patrick Keefe and Anthony Cogliandro for their attendance.

Arrigo said the city, schools and public safety leaders are taking a proactive, preventative approach to prevent critical incidents in the schools.

"Everyone understands that we're being proactive - that's a theme you'll hear tonight," said Arrigo, who as mayor is chair of the School Committee. "We have the best people in uniform who are in charge of public safety. We have unbelievable people who live and breathe making sure that we are all safe. And our school resource officers are the lifeblood of school safety."

Supt. of Schools Dr. Dianne Kelly called the Revere Police and Fire Departments "incredible partners."

"People often think that schools are institutions unto themselves, but the work that we do with this team is invaluable in making sure that our students and staff are all safe on a

day-to-day basis, and we connect with them regularly," said Kelly. "Safety is one of our main priorities and we have an incredible team not only in the school resource officers, but also in our school security personnel."

Fire Chief Christopher Bright said, "We're here to let the community know that your public safety and your school people are on the ball with these issues. We're here to ensure the community that we're prepared, and we will act. Tonight's message is going to be that everybody has our stake in our safety - the parents, the students, and I think this community does it better than most."

"We've been working on these relationships for years with the school resource officers, Dr. Kelly and her staff, and police and fire," added Bright. "I think our best chance is to head these things off before they become a major incident."

Fire Capt. Mark Wolfgang told the audience that the department conducts four emergency drills in the schools each year.

Police Capt. Amy O'Hara, who oversees the three

school resource officers - Officer Bryan Brenes, Officer Joseph Singer, and Sgt. Joseph Internicola, spoke about their key role in the schools.

"They're committed to the safety of our students, and they care about our kids," said O'Hara. "All three of the officers and myself are lifelong residents and proud graduates of Revere High School, so we have a real connection to this community. They are some of the most highly trained officers in the department, not only tactically, but in other areas like crisis intervention, trauma-training, bias training, race and equity training, and specialized training in bully prevention and social media risk."

O'Hara later illuminated on the professional approach that the school resource officers take in preventing incidents at the schools. O'Hara said that "students are often the first to know of a planned attack."

"Most of these incidents were averted because a student reported concerns to a trusted adult - a parent, a teacher, a police officer - about a student's

concerning behavior, and then action was taken," said O'Hara, emphasizing that "if you see something, you have to say something."

Sgt. Joseph Turner, who oversees the training division in the Revere Police Department, along with the special operations unit and the tactical patrol officers, said, "It is our policy that we will respond to an active threat incident. When there is a threat to people in a public, populated place, our officers are taught to intervene. Our goal is to get in there and stop the potential loss or danger to human life or stop the act of taking of such."

Turner assured the school community that the Revere Police Department "is definitely at the top, when it comes to the equipment and training side of the house, when it comes to active shooting."

Turner concluded his remarks by thanking city and public safety officials for being very supportive of the department's training efforts.

The forum concluded with a question-and-answer session.

Ward 4 Councillor Patrick Keefe asks the panel a question at the School Safety Community Forum.

Susan Gravellese, chairperson of the Revere School Committee's Safety and Security Subcommittee, looks on at the School Safety Community Forum.

Revere School Committee member Aisha Milbury-Ellis is pictured at the School Safety Community Forum held August 10.

Dr. Richard Gallucci, assistant superintendent of Revere schools, did an outstanding job as the moderator of the School Safety Forum.

Pictured at the School Safety Community Forum are, from left, School Resource Officer Joseph Singer, Assistant Supt. of Schools Dr. Richard Gallucci, Police Capt. Amy O'Hara, Police Sgt. Joseph Turner, Fire Capt. Mark Wolfgang, Supt. of Schools Dr. Dianne Kelly, Mayor Brian Arrigo, Police Chief David Callahan, Fire Chief Christopher Bright, and School Resource Officer Bryan Brenes.

A Happy Homecoming

Decades of Rock is king of the stage at Revere's Summer Concert Series

By Cary Shuman

Who better to wrap up another successful Revere Summer Concert Series than a classic rock band from the city who seemed to enjoy performing as much as their many fans did listening to them on a beautiful summer night?

Decades of Rock brought their best to the American Legion Lawn Sunday night and the crowd responded enthusiastically, with many dancing to the band and lead vocalist Gardner Trask's stylish renditions of rock's biggest hits.

Bass guitarist Al Terminiello Jr., known far and wide for his professional photography, said the group was happy to back in Revere after the two-year hiatus due to the COVID-19 pandemic.

"We were looking forward to this concert all season," said Terminiello, a 68-year-old lifelong musician, speaking on behalf of his bandmates.

"We love playing in Revere and for this crowd. It's like playing Fenway Park when you're the Red Sox. You like playing on your homefield. Revere is our hometown, and that's what we like."

In addition to Terminiello, four other musicians, drummer Tony Aloisi, lead guitarist Bobby Capoccia, lead guitarist Chaz Mackin, and keyboardist Kerry Leppo grew up in Revere. Terminiello, Aloisi, and Capoccia played together in the classic rock band, Crystal Meth, for two years in high school.

commitment to the venue and to the band. And that commitment earns a certain amount of respect amongst us all for each other. Without one, the band doesn't work. It takes something special to be a band and last. You have to have a love of music and enjoy

playing." And based on its enthusiastic reception from the Revere crowd Sunday night and area audiences Decades of Rock is here to stay and can't wait for its return gig in Revere next summer.

Francie Avalon, Hermit's Hermits, and America." Terminiello said there is a mutual respect and camaraderie among the bandmates that is sincere and glistens on stage.

"I love these guys," said Terminiello. "We've been friends forever. Bobby, Tony, and I were born a month apart. Our mothers were best friends, so we've been together our entire life. We met Gardner through an advertisement, and he auditioned, we took him in, and he's been awesome. We all get along really well. We're a very tight group."

The talented sextet shows no signs of slowing down and in fact, will perform at an outdoor concert tonight in Saugus.

"There are a lot of great musicians and bands out there and some of these guys are fantastic," said Terminiello. "But it takes a certain mixture of talent, personality, and availability. In our situation, it takes six people to agree on a performance date - sometimes several months in advance - and to honor a

tabular lead vocalist and a Danvers selectman, joined the band eight years ago. Trask interacted wonderfully with the crowd and his bandmates during their two sets at the concert series that has been carried forth admirably by Mayor Brian Arrigo from previous administrations.

The group, which hit it out of the ballpark with Roy Orbison's "Pretty Woman" and songs by the Beatles and the king of rock 'n' roll, Elvis Presley, has been in high demand for performances. The band was booked solid for July and August, including a stretch of three shows in four days. On October 5, the group will make its annual appearance at the famous Topsfield Fair.

"We've been one of the opening acts for the big band night at five successive Topsfield Fairs," said Terminiello proudly. "We've opened for headliners Chubby Checker,

Revere will have a pre-season scrimmage on Saturday, Aug. 27 (2:30 p.m.) at Burlington. The Patriots will host Northeast Regional on Friday, Sept. 2 at 4 p.m. at Della Russo Stadium.

Revere has a tough test in the regular season opener at Peabody on Friday, Sept 9. Peabody is expected to contend for the Northeastern Conference title. The Tanners play Everett in an interesting pre-season scrimmage on Friday, Sept. 2.

"Peabody has a great quarterback (senior Shea Lynch) and some really good skill guys," said Cicatelli. "But I like our team. We're going to be a good football team."

Carlos Rizo, a junior, has emerged as Revere's No. 1 quarterback. Expected to be key players on offense are running backs Davi Barreto, Macon Fuentes, Abbas Attoui, receivers Dom Boudreau, Sami Elasri, and tight end Max Doucette.

NEWS FROM AROUND THE REGION

STOREFRONT IMPROVEMENT PROGRAM STARTED

CHELSEA - Chelsea officials have launched a new round of funding for its Storefront Improvement Program.

The program provides direct grant funding for small businesses in the downtown for storefront improvements, focusing on lighting, awnings, and signage upgrades. The effort stems from the city's sign ordinance which went into effect in 2019, which streamlined the process to make it more customer-friendly for businesses.

In March, the City Council approved a downtown initiative for \$400,000 out of free cash to help local businesses recover from the impact of Covid-19.

"The effort will be substantially advanced if we invest in things like support for outdoor dining, another round of storefront improvements, more murals and public art and additional activities and nighttime events in the

Downtown," the City Manager Thomas Ambrosino stated at the time.

Applicants should complete an application form and return it to the Housing and Community Development department at City Hall, Room 101 during regular business hours.

Application forms are also available on the city's website at chelseama.gov. The forms are due by August 19 at noon. Any questions about the program can be directed to Lourdes Alvarez, the city's Communications and Community Outreach Manager at lalvarez@chelseama.gov.

The program offers direct grants, up to \$10,000 to Chelsea businesses operating in the downtown area. Although applicants are not required to provide matching funds, selected recipients are responsible for covering all costs in excess of \$10,000.

Following the application phase, the city will review, evaluate, and select businesses to receive grants, in accordance with an evaluation rubric.

Upon the award of a grant, selected recipients are responsible for carrying out the improvements specified in their application.

Businesses are responsible for collecting all required permits prior to implementing storefront improvements.

The minimum eligibility requirements include written approval from property owners to participate in the program, commercial retail tenants must offer goods and services in locations that are open to the public, and applicants must provide a copy of city or state certificate of good standing and must not owe any outstanding taxes or fees.

The businesses must also be independently owned.

EBNHC PULLS OUT OF PARTNERSHIP WITH THE DAVIS COMPANIES TO DEVELOP BREMEN STREET LOTS

EAST BOSTON - Last

TASTE OF EASTIE AT TALL SHIP PIER 1 DRIVE

East Boston Main Streets recently hosted its Taste of Eastie event at the Tall Ship 1 Pier Drive. The event featured food from more than 30 local "Eastie" restaurants, music, as well as raffles and prizes.

one she should try out for when she was eligible. "I played centerfield, however I am a utility player and can play any position. Our coaches, Richard Ward and Del Furbish, made the Bay State Games a good experience and a fun en-

vironment. I met different girls from Boston, Wattertown, Arlington, etc. Everybody had a positive attitude and contributed to the overall amazing experience I had. The best thing was meeting girls who enjoyed softball as

much as I do and had the same aspirations for the future."

Valentina will be a sophomore at Malden Catholic High School in the fall.

year the East Boston Neighborhood Health Center (EBNHC) entered into a somewhat controversial partnership with the Davis Companies to redevelop four parcels along Bremen and Orleans Streets used for Health Center employee parking into over 300 units of mixed-use development.

Under the partnership with the Davis Company the Health Center will make around \$80,000 per unit off the sale of the market rate units. These proceeds were to be used to expand and enhance EBNHC programs throughout Eastie and the other communities the Health Center serves. In return the Health Center was prepared to commit \$2.4 million in proceeds back to helping the East Boston CDC create the 70 affordable units on Orleans Street.

However, the EBNHC has decided to pull out of the partnership.

In a statement released last week, EBNHC said after careful consideration the Health Center has decided not to proceed with the sale of its four parcels of land along Bremen and Orleans Streets at this time.

"The decision to sell the land in 2018 was an opportunity for the health center to secure resources for necessary investments in infrastructure and facility improvements," said EBNHC in the statement. "It also presented an opportunity to collaborate with our development partners, The Davis Companies and East Boston Community Development Corporation, who were committed to providing affordable housing to the East Boston community. Over the past two years, EBNHC has worked diligently to provide COVID-19 testing, support services, education, treatment and vaccinations in the communities we serve. We have done this while continuing to provide comprehensive healthcare and expanded social services to our community, including the opening of the Community Resource and Wellness Center on Meridian Street and the completion of a first of its kind merger with the South End Community Health Center, both in 2020."

EBNHC said they are proud that local, state and federal elected officials recognize the Health

Center's unique ability to serve vulnerable populations and, as a result, have helped EBNHC obtain much-needed supplemental federal and state funding to meet these growing needs.

"This funding has allowed the health center to continue to provide necessary health care services, while also investing in critical new services, including our multi-year renovation of the James Taylor Building at 10 Gove Street, as well as the upcoming development of a 24/7 behavioral health urgent care access point at the same location," the statement continued. "Ultimately, the health center feels that now is an appropriate time to pause and reflect on additional opportunities for the future of these parcels. We will continue to evaluate options for the land and look forward to working with the City and neighbors on any future projects, always with the goal of uplifting our wonderful community and ensuring that the best interests of our patients, staff and the community continue to guide our process."

Chambers gives back to Revere as a member of the Army National Guard

By Melissa Moore-Randall

Former Revere resident Jamie Chambers, a Sergeant First Class and Senior Career Counselor/Recruiter for the Massachusetts Army National Guard, is proud of giving back to his hometown. Assigned to the Barnes Building in South Boston, Jamie recruits prospective members in Revere, Everett, Chelsea, Winthrop, East Boston and Charlestown.

“As a recruiter we are tasked with providing qualified applicants with enlistment options and information to help them make the best decision possible. We are expected to be involved with our assigned areas high schools and communities to help with events through the school year. As recruiters, we show the community they can count on us and teach them the vital role the National Guard provides in any situation. Most recently we had soldiers assigned to Revere Public Schools as bus drivers to help augment the fleet when school came back to session after COVID. During COVID we had soldiers working around the clock providing supplies, medical aid and security at hospitals around the Commonwealth. This is exactly what the National Guard’s mission is to take care of the State in its time of need. I was very fortunate to be assigned to the area I grew up in. It gives me the opportunity to give back to the community that helped me grow into the soldier I am today.”

Jamie grew up in the Riverside neighborhood

of Revere with his parents, Paul and Carolyn Chambers, along with his three brothers Jason, Jesse, and Jared. He attended the Paul Revere and Beachmont Schools before graduating from Revere High School in 1999. Chamber is now a married father of 4 and living in Charlestown with his wife Shannon, a paraprofessional at the Harvard Kent School, adopted son Tyler, 27, daughters Alannah, 11, and Tara, 9, and son, Callen 2.

Chambers became involved in the National Guard immediately after his senior year at RHS. “I wasn’t showing up on time and wound up failing English which I had first period every day. I needed something to right the ship and just after summer school my brother Jesse, who was attending art school, came home and said “I just joined the National Guard and they gave me a \$5,000 bonus.” I was only 17 at the time and just imagined a recruiter handing out \$5,000 was a great idea. I headed down to the office and said sign me up. On August 8, 1999, I was sworn into the MA Army National Guard and went to basic training a month later. I actually had my 18th birthday at basic training and was the youngest soldier in my platoon.”

Chambers was deployed to Afghanistan in 2008. “ I was tasked with providing training to Afghanistan’s military. We instructed them daily on basic soldiering and led them out on patrols and checkpoints to help secure the area. My younger brother Jared

Sergeant First Class Jamie Chambers.

and I deployed together but assigned to different teams. My team pushed up to the Northern Part of Afghanistan. There we were met with a moderate amount of resistance and received contact on the base on a sporadic basis. In 2011, he was deployed again to Afghanistan for a similar mission. “This time we trained Afghanistan’s soldiers to take more of a lead in the process. I was married right before I went overseas and had to say good-bye to my newborn daughter, Alannah. Technology was a lot better this time around and I was able to talk back home via the internet. I returned home the day before Alannah’s first birthday and immediately took her to her first of many Bruins games.”

“If someone is looking to join the military I recommend they talk to the Guard even if it isn’t on their list. I had no idea what to do after high school. Joining the Guard gave me a paid gap year and the experience of a lifetime. I can’t even imagine what my life would be like without the MA National Guard. We are the only branch that offers 100% tuition and fees to any state college or

university. There is also a full time opportunity. You are able to serve full time and receive all the benefits you would travel around the country.”

“The benefits you don’t use can be transferred to your spouse or children. The guard isn’t like the active military. It’s the largest family I have ever been a part of. You need help renovating your home? There’s every possible trade in your unit. You need to make some extra money? Your unit can put you on orders to pay you full time. There are people from every walk of life around you to help you overcome any obstacle. I could go on all day about the great people of the MA National Guard from the top down, starting with the highest ranking general to the newest enlisted private. It is a family first organization.”

To learn more about a

career with the Massachusetts National Guard, you can contact Jamie on Ins-

tagram @sfc_chambers or by email at jamie.p.chambers.mil@army.mil.

The four parcels of land are located at 75-115 Bremen Street, 135B Bremen Street, 147-163 Orleans Street, and 164 Orleans Street, respectively.

However, since floating the idea of redeveloping the lots with the help of the Davis Companies and CDC the overall project was met with hostility due to the parcels’ close proximity to the Mary Ellen Welch Greenway.

Since the first meetings were held community activists worried that the proposed height of the buildings would cast a portion of the bright and sunny greenway into darkness.

Longtime activist and member of the Friends of the Mary Ellen Greenway Karen Maddelena said one of the main concerns for greenway members is potential shading from the larger building being proposed that are five to six stories.

EVERETT RECEIVES STATE GRANT FOR STREETS

EVERETT - The Baker-Polito Administration announced \$16.4 million for 184 new awards to 138 municipalities including Everett, and seven Regional Transit Authorities through the Shared Streets and Spaces Program. The program provides technical assistance and project funding to help Massachusetts cities and towns design and implement changes to curbs, streets, and parking areas in support of public health, safe mobility, and community growth and revitalization. This round of funding

placed particular emphasis on two new types of projects: those to reduce vehicle speeds in order to increase safety, and those to purchase equipment needed to improve and maintain infrastructure for active transportation.

“Our Shared Streets and Spaces grant program is just one of the many municipal grant programs that has demonstrated what we can accomplish by working together with our partners at the local level,” said Governor Charlie Baker. “Today’s announcement represents the largest award round since the program was launched and we are glad to be funding projects that reduce vehicular speeds and provide safe mobility for children, for seniors, to public transportation, housing, and to open space and parks.”

“We’ve been proud to award a total of \$50 million dollars in grant funding to cities and towns to facilitate 494 projects since launching Shared Streets and Spaces during the COVID-19 pandemic in June of 2020,” said Lieutenant Governor Karyn Polito. “We are pleased to partner with local leaders to create safer and more connected cities and towns.”

This grant round also offered municipalities a new opportunity to apply for grants for up to \$50,000 to purchase equipment to support active transportation. Eligible items include such things as snow removal equipment for pedestrian and bicycle facilities, speed feedback signs, pedestrian-activated

warning devices such as Rectangular Rapid Flashing Beacons (RRFB), and bicycle lane delineators.

“With speeding and speeding-related crashes becoming more and more prevalent as we emerge from the pandemic, safety and driving at appropriate speeds has never been so important,” said Transportation Secretary and CEO Jamey Tesler. “MassDOT encourages municipalities to think strategically an implemented speed reduction measures to reduce crashes and the severity of injuries in crashes. Many of the projects funded in this grant round will make our streets safer for everyone, whether they are walking, bicycling, taking public transportation or driving.”

This announcement represents the largest award round since the program was launched in June 2020. The awards made in this round provide funding to 138 municipalities and seven Regional Transit Authorities for a total of 184 individual grants. Of the awarded municipalities, 53% are designated Environmental Justice communities. A total of 31% of today’s award recipients have never received a Shared Streets and Spaces grant before.

Everett received \$75,000.00 to install crossing improvements including ADA-compliant curb ramps and a new crosswalk at the intersection of Spalding and Main Streets, as well as wayfinding signage and temporary speed bumps at locations around the city.

Milestone reached in state's criminal justice data collection initiative

Special to the Journal

The Baker-Polito Administration announced a major milestone in an unprecedented effort to standardize data collection and information sharing across the Commonwealth's criminal justice system. Conceived as part of the 2018 Criminal Justice Reform (CJR) law signed by Governor Charlie Baker, the data-driven initiative known as the Cross Tracking System is designed to improve data quality, enhance transparency, and inform public policy. To expand public access to the newly integrated data, the Administration launched a new online dashboard, which now provides population metrics from state and county correctional agencies.

The initial dataset consolidates 9.4 million records submitted by the Massachusetts Department of Correction (DOC) and 14 County Sheriff Offices dating back five years to January 2017. The dashboard empowers users to distinguish between pre-trial and sentenced populations and visualize demographic subsets of the populations by sex, race-ethnicity, and age. The public can view organized aggregated data and download datasets for independent study.

"The Cross Tracking System reflects our administration's commitment to improve criminal justice outcomes through inter-agency information sharing, data-driven policies, and transparent decision making," said

Governor Charlie Baker. "We appreciate the opportunity to collaborate with our partners in the courts and across state and county government and their commitment to improved data standardization, collection, and reporting. Enhanced access to quality data will help us to better serve the community and advance the principles of a more fair and effective criminal justice system."

"Our Administration recognizes the importance of the Cross Tracking tool to study individual and system-wide outcomes of justice involved individuals," said Lt. Governor Karyn Polito. "This important resource will create new opportunities for stakeholders, advocates, legislators, and system-decision-makers to convene around accurate

and complete data and develop effective solutions for emerging issues."

The 2018 criminal justice law mandated the Executive Office of Public Safety and Security (EOPSS), in coordination with the Executive Office of Technology Services and Security (EOTSS), to create a standardized data collection and cross tracking system for criminal justice agencies and the Trial Court. The system was designed to provide a streamlined, 360-degree view of an individual engaged with the criminal justice system by assigning them a state-wide identification number, which follows that individual from the point of arrest to entry into a custodial institution and eventual release to parole supervision.

The integrated system required the development of

uniform data collection and reporting standards across a broad range of agencies and independent constitutional offices. EOPSS promulgated regulations to establish consistent data definitions, define the governance framework, develop outline integration requirements, and support technology, and develop operational and implementation procedures. In addition to EOPSS, EOTSS and the custodial agencies, other contributors include the Trial Court, Massachusetts Probation Service, Massachusetts Parole Board, the Office of the Attorney General, the District Attorneys, and state and local police departments. Additionally, the Justice Reinvestment Policy Oversight Board and numerous criminal justice advocacy groups provided valuable insight

and guidance.

"It is difficult to overstate the scope and immense complexity of this groundbreaking project. The publication of this data tool marks the culmination of an intense process that required remarkable levels of engagement and participation from countless stakeholders," said Safety and Security Secretary Terrence Reidy. "On behalf of EOPSS, I wish to extend our sincere gratitude to the many agencies and participants who continue to support the state's efforts to bring this ambitious project to fruition. Our shared commitment to advancing a more fair, just, and transparent criminal justice system and a generous spirit of collaboration continues to make this initiative possible."

“The reporting of standardized and consistent information across criminal justice agencies will provide vital insight into criminal justice trends, identify gaps in treatment needs for system-involved individuals, and support overall improved efficiencies and outcomes of the justice system agencies,” said Kerry Collins, undersecretary for forensic science and technology at the Executive Office of Public Safety and

Security. “I commend the collaboration and partnership demonstrated by countless participants who have played an instrumental role with the implementation of this ambitious and vital initiative.”

“I often say that vision without data is a hallucination. By improving the collection of criminal justice data across the Commonwealth, the Cross Tracking System brings us one step closer to our shared vision

of a more equitable justice system,” said Middlesex Sheriff Peter J. Koutoujian. “This is another example of Massachusetts leading the nation to help incarcerated individuals, their loved ones, and system stakeholders at all levels. While we still have work ahead of us, I want to thank all those who have worked tirelessly on the Cross Tracking System and the profound impact it will likely have.”

“The Department of Correction has prioritized Cross Tracking because we recognize the opportunity as an integral part of our rehabilitative mission to enhance our ongoing efforts to develop personalized treatment plans,” DOC Commissioner Carol Mici said. “As many entrusted to the care of our state facilities have previous involvement in the criminal justice system, Cross Tracking will

make these comprehensive histories readily available to our team of skilled programming, clinical, and correctional professionals. I commend the broad range of partner agencies across the Commonwealth who made the first phase of this dashboard possible.”

EOPSS developed a three-phased approach to achieve the CJR mandate. Phase One established regulations and consolidated

correctional data from the DOC and county sheriffs, which culminated in the launch of the online dashboard. Phase Two will improve data flow between partner agency record management systems. Finally, Phase Three will incorporate comprehensive criminal justice data provided by the Trial Court, Probation, Parole, State and Local Police Departments.

Multiple music legends descend over East Cambridge for annual Italian family, food and culture festival honoring Healing Saints Cosmas and Damian

Staff Report

Rock & Roll, Vocal, and Grammy Halls Fame Artist, The Platters will host fellow international headline recording artists The Trammps, Chubby Checker & The Wildcats, and Starship featuring Mickey Thomas at the 97th edition of the Italian Culture, Family, and Food Festival honoring the Italian healing Saints Cosmas and Damian on Cambridge, Warren and Porter Streets in East Cambridge, the weekend of September 9, 10, and 11, 2022.

The three-day fun family event features a wide variety of sweet and savory food, a "Beer Garden" sponsored by Anheuser-Busch, and music that spans four decades of dance, pop, and rock

kicks off Friday at 6 p.m. when Saints Cosmas and Damian accompanied by members of the fraternal Society, the North End Marching Band, and the faithful process from their permanent home at 17 Porter Street in East Cambridge to the outdoor chapel overlooking the festival concourse on Warren Street. At 7 p.m., a special healing service with the holy relics of Saints Cosmas and Damian led by Monsignor Anthony Spinosa (formerly from East Cambridge) from the National Shrine of Our Lady of Lebanon will take place.

At 7:30 p.m., teleport with Morning Magic co-host David O'Leary (MAGIC 106.7 FM) and Club Classic DJ Ricky P. (former STAR FM) at the

Warren Street Stage and dance under the stars to the hottest club classics along with an exceptional live performance by disco greats The Trammps (Disco Inferno, Hold Back the Night, That's Where the Happy People Go, Zing Went The Strings Of My Heart...). On Friday, be "where all the happy people go" at the outdoor "Warren Street Disco," where partiers can also take a shot at walking away with a \$500.00 grand cash prize at a Throwback Disco Dance Contest.

On Saturday, the festivities begin at 1 p.m. as the savory aromas of pizza, fried dough, Italian sausages, peppers, Zeppole's, and much more permeate the air around Cambridge, Porter, and Warren Streets, along with continual live

entertainment.

Beginning at 7 p.m., the Feast area expands to include the Cambridge Street Stage igniting an evening of song and dance as festival attendees rock through the decades as they twist the night away with the legendary Chubby Checker & The Wildcats (Twist, Let's Twist Again, Limbo Rock, The Hucklebuck...), and rock on with the architects of the city built on Rock & Roll, Starship featuring Mickey Thomas, jamming to their mega hits that include We Built This City, Nothings Gonna Stop Us, Sara, It's Not Over. Between Checker and Starship, they'll be a special surprise Rock & Roll Hall of Fame performance taking concertgoers on a

musical journey through the de-

cadecades of music from the 50s to today. Around the corner on the Warren Street Stage, New England's favorite party group, Vinyl Groove, performs with continuous dancing under the stars.

The grand finale of the Feast on Sunday begins at 10 a.m. with Boston Auxiliary Bishop Peter Uglietto as the principal celebrant of a Mass in honor of the Healing Saints Cosmas and Damian on the Warren Street Stage. At 1 p.m., the grand procession with the Saints, accompanied by the North End Marching Band, St. Alfio's Marching Band, and the award-winning Everett High School Marching Band under the direction of Gene O'Brien, winds through the streets of East Cambridge and Somerville.

Local favorites Stephen

Savio's Seabreeze and Smokin' Joe and his band entertain throughout the day as the food and fun flow through the streets. The parade arrives back on Warren Street at 7 pm for a welcome back celebration featuring a confetti shower followed by a LIVE performance in honor of the Saints by The Platters (Only You, Great Pretender, Smoke Gets in Your Eyes, Twilight Time...) performing their classic hits, some old Italian classics selected and arranged specifically for this celebration including a sneak preview of new music being added to the Great American soundtrack by the group in more than six decades later this year.

Six steps you can take to avoid a tire trouble while the weather remains warm

Special to the Journal

With summer holidays underway, travellers are being advised to check their tire conditions to prevent a blowout.

The holiday car rental experts at StressFreeCarRental.com are urging people to check the conditions of their car to prevent serious consequences from occurring.

Warmer conditions can lead to heated air expanding inside the tires, which ultimately leads to increased pressure on tires and potentially destroy a tire.

There are simple ways to prevent a blowout, from regularly checking the tire tread, to packing less in the suitcases.

"The hot weather only worsens tire conditions, so it's important to use these helpful tips to prevent the repercussions of a dreaded tire blowout."

Here are six useful tips from StressFreeCarRental.com to avoid a tire blowout:

Check the tire tread

The heat can result in the rubber on tires becoming softer than usual. This

creates more friction on the roads, which can result in over-inflation and eventually tire blowouts.

Regularly look for punctures

How many people do you know who have experienced a tire puncture? It's a common issue for road users from nails on the road to the problems caused by potholes. Before setting off on a long car ride, always check for any type of puncture and listen to the sound from the tires when they get moving.

Less is more when packing up the car

It can be easy to get carried away packing every piece of clothing for a trip, but less is more when loading up the car. Heavy luggage can increase added pressure to tires, combined with the warm weather, it can deflate them quite quickly.

Steer from potholes

Keep an eye on the road as potholes can create is-

suues such as tread separation and punctures which can lead to a blowout. Be mindful of other drivers and stay sensible when avoiding them.

Monitor your tire pressure

The warmer conditions can make pressure in tires increase by 1 to 2 psi for every change 10°C. Keep on top of checking the pressure, as the large increase in tire air pressure

can cause them to explore.

Take short breaks on the journey

If you're planning a road-trip or frequent journeys during the summer, it's important to take short breaks to ease off tire pressure. Have a look if there's any sights or activities to do before your destination, as driving on hot roads all day long can increase the risk of over-inflation.

MARTELLI SISTERS RAISE FUNDS FOR ALEX'S LEMONADE STAND FOUNDATION

Courtesy photos

Kayla and Jordan Martelli hosted their annual lemonade stand on Saturday August 13 on Dale St. They raised \$4K this year, which makes their 12-year total, \$53k. The stand supports Alex's Lemonade Stand Foundation, which funds research to find a cure for childhood cancer. The Lemonettes, as they are called, have been recognized by the city of Revere a number of times for their effort. They've also received honorable citations from the state house and been recognized as top donors by ALSF three

years in a row.

Mayor Broan Arrigo, Rep Jessica Giannino, Councilors Keefe, Visconti, Morabito, and Serino were there. Members of the fire department came by as well as the police department. There are a series of photos attached.

Kayla is 18 and a member of the Revere High School Class RHS '22 and, is starting at Merrimack College next week, and enrolled in the honors nursing program.

Jordan will be a sophomore at RHS and a two sport varsity athlete (as a freshman) — softball and field hockey.

Revere's Carol Haney honored for 15 years of service as a Metropolitan Beaches Commissioner

Staff Report

Reps. Giannino, Turco, Former Rep. Vincent, Mayor Arrigo, and Chris Mancini of the Beaches Commission honor Carol Haney for her service of fifteen years as a Metropolitan Beaches Commissioner. Beginning in 2006 with the formation of the Commission, Carol has served as the Revere Community Representative on the Commission and raised over thousands of dollars for the Better Beaches Program through her participation in first the Cupid, and then the Shamrock Splash, as well as hosting her own splash-es on Revere Beach during that same time.

"Carol is a shining example of an exemplary commissioner who works tirelessly to make sure Revere Beach is a better place for all to live, work, and visit," said Representative Jessica Giannino (D-Revere). "I am proud to honor Carol, she goes far above and beyond what is expected of her as a commissioner. Through her hard work it is easy to see that Carol truly cares about her community and the people who enjoy Revere Beach as well as all of our beautiful Metropolitan Beaches."

"I am proud to play a small role in recognizing the years of service of a true champion of our environment and our precious public beaches. Carol Haney is an unsung hero who has volunteered countless years of her life with the single-minded purpose of preserving and enhancing the metropoli-

tan beaches," said Representative Jeffrey Rosario Turco (D-Winthrop). "I join so many in thanking Carol for her commitment and dedication in the past and the work that she will do in the future."

"The City of Revere is very fortunate to have Carol Haney as our representative working with state leaders and elected officials to advocate for the best interest of Revere Beach," said Mayor Brian Arrigo. "In addition to her advocacy and fundraising efforts, Ms. Haney received the Lifetime Achievement Award from the Revere Chamber of Commerce, a true testament to her investment in our community."

"As a founding member of the Metropolitan Beaches Commission, Carol has been a leading advocate not only for Revere, but for all of our region's public beaches," said Executive Director of Save the Harbor/Save the Bay, Chris Mancini. "It's

been my pleasure to work with her on the Commission, and to jump into the cold, clean waters of Boston Harbor alongside her every year at the Shamrock Splash, where she singlehandedly has helped raise over \$20,000 for free events and programs for kids and families. I would say I will miss working with Carol, but even though she's stepping down from the Commission, I know she will continue to be there for us and our community."

"Thanks to the work of the Metropolitan Beaches Commission, Revere Beach as well as the other metropolitan beaches, is a sanctuary for all to enjoy as is evidenced by the vast number of people who are there on a daily basis. I am so proud to have been a member of this commission since its inception in 2006," said Carol Haney."

Carol was honored on Revere beach on Tuesday morning with friends and family.
