JACK SATTER HOUSE SEEKS CHORAL DIRECTOR

The Jack Satter House is currently working with residents to revive their choral group which was forced to go on hiatus in the early days of the COVID-19 pandemic. Now that things appear to be moving in a more manageable and positive direction, they are looking to reestablish the choral group, among others.

Jean Aronson, one of the residents, has been working desperately to find a piano player/director. Despite best efforts outreach to local high schools, colleges, and music schools, with no luck. The choral group is one of the groups that really brought life and joy into the building; for those that perform, and those that listen.

The Jack Satter House is looking for an individual who can dedicate one hour a week to the activi-

Former councillor Linda Santos Rosa will run for Ward 5 seat

By Cary Shuman

Linda Santos Rosa pulled her nomination papers at the Revere Election Department Tuesday morning and the former councillor-at-large will be a candidate for the Ward 5 seat in the July 19 special election.

Santos Rosa said she wants to work on issues that need to be finished in the ward.

Linda Santos Rosa is pictured at the Revere Election Department office as she pulled nomination papers for the Ward 5 seat on the City Council.

"There are a lot of projects in the ward and that's going to have a big impact in the ward," said Santos Rosa. "The water levels in the city are very high, so it concerns me to see a lot of high-rise construction. I love progress, but I also like when progress has less of an impact. I want to make sure that the projects are more controlled. The plans for a huge development on the old G and J site are also a con-

cern of mine for the ward. What I'd really like to do is to continue to work with the mayor [Brian Arrigo] and the Council with the progress that they've been making throughout the city."

Meeting turns raucous for life center building plans at Suffolk Downs

By Cary Shuman

Thomas O'Brien, managing director of the HYM Investment Group that is developing the Suffolk Downs site, appeared before the City Council Tuesday to talk about the exciting project and the life science building planned for the 161-acre

site.

O'Brien delivered a thorough presentation of the project that has been universally praised as transformative for the City of Revere (Two-thirds of the entire property is situated in East Boston).

O'Brien said there will be "dynamic uses" for the property that will include

hotels, restaurants, retail space, and 10,000 units of housing. There will be 40 acres of open space.

"It's the largest, single privately owned site to be permitted for this amount of square footage and this amount of development in the history of Massachu-

RHS student Stamatopoulos selected for FBI Youth Leadership Program

By Cary Shuman

Revere High sophomore Bella Stamatopoulos has been selected to attend the FBI National Academy Associates, New England Chapter Youth Leadership Program.

Revere Police Capt. Amy O'Hara, a graduate of the prestigious FBI National Leadership Academy in Quantico, Virginia, in 2019, was instrumental in opening the door to the once-in-a-lifetime opportunity for Stamatopoulos.

"One of things I wanted to get involved was the FBI Youth Leadership Program, and I wanted to bring the opportunity to some of our Revere kids," said O'Hara. "I worked with the high school guid-

Arrigo announces Revere's first Inclusionary Zoning Ordinance

Special to the Journal

Mayor Brian M. Arrigo announced a new Inclusionary Zoning ordinance that will increase affordable housing production in Revere. This new legislation is a result of the work developed through Revere's first master plan in over 40 years, Next Stop Revere, which identified housing as a key priority for the city's growth.

"This Inclusionary Zoning Policy is the first of its kind in Revere. We need to implement these strategies to meet the significant growing demand for affordable housing solutions for all in our community," said Mayor Brian Arrigo. "Inclusionary Zoning

Policy demonstrates how important it is that our housing production and policies keep pace so our residents live and stay in the City of Revere."

The need for more affordable housing is increasing as the city continues to grow. Currently, Revere's subsidized housing inventory is below the state's goal of 10% of all housing units. Research conducted through Next Stop Revere highlighted that for every seven households that are eligible for deed restricted affordable housing, there is one unit of subsidized housing inventory. Further, many renters and

Milbury Ellis will not run for Ward 5 city councillor

By Cary Shuman

When word circulated throughout the city that the Ward 5 seat on the City Council was being vacated, Aisha Milbury Ellis' name zoomed to the top of the list of potential candidates in a special election.

Milbury Ellis had won in an impressive, grassroots campaign for a seat on the School Committee last November, and supporters in Ward 5 were ready to rally behind the popular attorney again at the polls.

When the traditional "candidates speculation story" was published in

the Revere Journal and Milbury Ellis was mentioned in the "reportedly considering" category as a high compliment to her winning campaign and diligent work during her five months on the School Committee, "I was inundated with phone calls from people," said Ellis Milbury.

But the first-year School Committee member has indicated that she will not be a candidate for the seat that was held by Al Fiore.

"I was flattered by the outpouring of support and the number of people who called or texted me to consider running and offered

School Committee member Aisha Milbury Ellis.

words of encouragement," said Milbury Ellis. "People expressed to me the reasons why I should run and that I would be a good fit for the position. But I did not consider running

for the seat. At this point in my life, I can honestly say that I have no intent on running for a Council position or any other positions."

Milbury Ellis said "there is work to be done on the School Committee" and she has made a commitment toward helping the schools, "and that's what I'm going to do."

Milbury Ellis, 43, is a 1996 graduate of Revere High School. She was an Honors English student of Carol Tye, who is now a colleague on the School Committee. She is a graduate of UMass/Boston and the New England School

of Law. She worked for the Board of Bar Overseers of the state Supreme Court for 16 years. While serving on the board, she completed her requirements for law school and passed the bar examination. Aisha and her husband, Damon, a lifelong Revere resident, have two daughters, Evangeline and Etienna.

Though Aisha Milbury Ellis won't be throwing her hat in the Ward 5 ring, she fully expects to be a candidate for re-election to the School Committee in 2023.

"I feel like two years isn't enough time to get

all the work done that you want to get done, said Milbury Ellis. "The educational field is so complex and involved, and as a School Committee member, you really have to get in the weeds to understand how everything connects and how things affect each other. I want to get a significant amount of work done while I'm on the School Committee."

But her political future in the city remains very bright and as Aisha Milbury Ellis has learned, Revere loves its politics and its election speculations.

TSA PREPARES FOR SUMMER TRAVEL DEMAND

The Transportation Security Administration (TSA) is prepared for a busy summer travel season with anticipated passenger volumes that will match and may occasionally exceed those of 2019 for the first time since the pandemic began.

The continued recovery from the low travel volumes during the pandemic may require more patience and planning than was necessary before the pandemic. Checkpoint environments and procedures have changed to enhance screening operations, ensure the safety and well-being of the traveling public, and to minimize the spread of COVID-19.

"Daily passenger volumes at TSA checkpoints show that people are traveling again, and TSA is ready for their return. Our airport security checkpoints include 47,500 highly-trained security professionals and new technologies that enhance security and reduce physical contact," said TSA Administrator David Pekoske. "We continue to recruit, retain, train and equip a highly-skilled workforce, and we work continuously with our airport and airline partners to anticipate and prepare for higher traffic patterns."

Earlier today, six airport and airline partners joined Pekoske during a media roundtable at Dallas-Fort Worth International Airport to discuss their operational preparedness for anticipated summer season travel volumes and key changes implemented to ensure safe, secure and healthy travel. They include Sean Donohue, Dallas Fort-Worth International Airport CEO; Nicholas E. Calio, President and CEO, Airlines for America; Kevin Burke, President and CEO, Airports Council International - North America; Todd

Hauptli, President and CEO, American Association of Airport Executives; Paul Doell, Vice President of Government Affairs, National Air Carrier Association; and Faye Malarkey Black, President and CEO, Regional Airline Association.

The summer travel season, which begins in late May and extends beyond Labor Day weekend, covers three full months and four major holidays, which includes Juneteenth as the newest federal holiday. Juneteenth will be recognized on Monday, June 20, 2022.

Recent security enhancements at airport screening checkpoints include two new technologies. TSA deployed Credential Authentication Technology (CAT) and Computed Tomography (CT) scanners to improve identification verification, and in some airports, enable digital identification verification at the Travel Document Checker podium and the scanning capabilities for carry-on bags. Both of these technologies enhance security and reduce physical contact within the checkpoints.

To date, TSA deployed 1,621 CAT units to 176 airports. Among those, 90 CAT units are modified and equipped to read and verify digital identification. TSA also deployed 402 CT units to 163 airports nationwide. In March, the agency announced the award of two orders for the procurement and maintenance of additional base and full-size CT scanners to be installed at checkpoints during the summer months.

The CT units provide TSA officers the ability to review a 3D image of passengers' bags and reduce the need to search the bag's contents. Passengers screened in security lanes with CT units do not need to remove their travel-size liquids bag or electronics.

The new CT units are currently being installed at Billings Logan International Airport in Montana, Albany International Airport in New York, Buffalo Niagara International Airport in New York, Cincinnati/Northern Kentucky International Airport and Raleigh-Durham Inter-

national Airport in North Carolina.

For those who choose to travel this summer, follow these five simple tips to get through the TSA checkpoint quickly and efficiently.

Tip 1: Face masks are optional, but recommended. The CDC recommends face masks for passengers aged two and older in indoor areas of public transportation and transportation hubs.

Tip 2: Pack smart; start with empty bags. Airline passengers who pack for travel with empty bags are less likely to bring prohibited items through a TSA checkpoint. Technology and modifications help reduce the need for physical contact with TSA officers, but those who take time to come prepared for the TSA checkpoint are far more likely to avoid delay and physical contact. Check for prohibited items by using the "What Can I Bring?" page on TSA.gov.

Tip 3: Know before you go. Airports, like highways, have high traffic surges and construction delays. Plan to arrive at the airport in plenty of time to check in, check bags and complete security screening in time to avoid stressful sprints to the departure gate. At the TSA checkpoint, have a valid ID card readily available and follow the liquids rule of 3.4 ounces or less, with the exception of hand sanitizer, which has a temporary 12-ounce limit in carry-on baggage.

Tip 4: Contact TSA for help if there are questions or concerns. Those who are preparing to travel and may have special circumstances, considerations or general questions about airport screening can get live assistance by tweeting questions and comments to @AskTSA or via Facebook Messenger, weekdays from 8 a.m. to

10 p.m. EDT and weekends/holidays from 9 a.m. to 7 p.m. EDT. You can also call the TSA Contact Center at 866-289-9673.

Tip 5: Enroll now in TSA PreCheck® to "Travel with Ease." By enrolling in TSA PreCheck, airline passengers can avoid removing shoes, belts, liquids, food, laptops and light jackets at the TSA checkpoint. In April, 94% of TSA PreCheck passengers waited less than 5 minutes at the checkpoint.

For additional information about security screening or more travel tips before a summer trip, visit TSA.gov.

NORTHEAST METRO TECH MOURNS THE PASSING OF BELOVED TEACHER RAYMOND NICOLOSI

Superintendent David DiBarri is deeply saddened to report that one of Northeast Metro Tech's most beloved teachers, Raymond S. Nicolosi Jr., died on Friday at age 46 after a long battle with cancer.

"It fills me with a deep sense of sorrow to report to the community that Ray Nicolosi passed away after a long and brave battle with cancer," DiBarri said. "Ray was a beautiful soul and gracious individual who always had a smile on his face and words of kindness for everyone he encountered."

Mr. Nicolosi began working at Northeast Metro Tech in November 2015 in the auto tech program and was a source of positive energy every day that he came to work.

"Ray made a positive impact on every student he taught and coached. He gave his students so many valuable lessons in Auto Technology, athletics, and

in life," Superintendent DiBarri said. "Ray will be so dearly missed by all of his family, colleagues, friends, and students."

Mr. Nicolosi was born in Salem, N.H. and was a graduate of TAD Technical Institute for automotive repair. He leaves his wife, Heather, and three teenage children.

His family has asked that, in lieu of flowers, donations can be made to

Northeast Metro Tech Automotive Repair Department.

In honor of Mr. Ray Nicolosi, Northeast Metro Tech will cancel classes and programs on Tuesday, May 17 so that students, faculty and staff can attend visiting hours starting at 11 a.m. and funeral services starting at 1 p.m. at Cataudella Funeral Home (126 Pleasant Valley St., Methuen).

What better way to get into the feelings of summer than being at Revere Beach this past warm weekend! RevereTV was there Sunday to capture the sights and sounds of the 7th Annual Kite Festival by Revere Beach Partnership. The festival included professional kite flyers, kid-friendly activities and kite flying, and live music. RTV's coverage of the event is now playing on the Community Channel, and was posted to Facebook and YouTube.

After a few years hiatus due to pandemic reasons, the Revere High School Rock Ensemble brought back its annual concert. This year was a tribute to Fleetwood Mac, but the show included other musical performances by students. The RHS Drama Guild performed a short play, and the Garfield Middle School Rock Ensemble performed as well. RevereTV's coverage of this event is now playing on the Community Channel at various times throughout the week. Watch the concert and performances at your convenience on YouTube.

Chef Kelly Armetta was back in the kitchen studio for another episode of "Cooking Made Simple." Last time he was in the kitchen, Chef Kelly made Barramundi fish in two different ways. Check out the premiere of his new episode next Wednesday at 7pm on the Community Channel and social media. All community member programming plays on channels 8 and 1072 for Comcast subscribers, and 3 and 614 for RCN subscribers.

Don't forget to watch live coverage of the Boston Renegades football game this Saturday at 6pm. The team was away last week, but RevereTV will be covering all home games throughout this season. The Renegades play in Revere at Harry Della Russo Stadium. This week, the Boston Renegades challenge the DC Divas. All past game coverage can be found on RevereTV's YouTube page.

This week's municipal meetings included a Committee of the Whole Meeting on Monday night, and a License Subcommittee meeting. Watch all meetings live on Comcast channel 9, RCN channels 13 and 613, Facebook, and YouTube. Replays of all meetings air on RevereTV for about two weeks after they happen.

Local Jurors "Fixed" Witness Says Before Supreme Court

Kettleman Testifies About Jury Conditions In Suffolk County

Meyer W. Kettleman, disbarred Revere attorney, caused consternation in the Supreme Court this week when he bared a long list of alleged jury fixing incidents in Suffolk County, involving a number of local jurors. Kettleman has been testifying in connection with the case of Attorney Filfred B. Keenan who faces disbarment, and whose case is being heard by Judge Charles A. Donahue in the equity session of the court.

The local man was the first to testify and he traced his activities in connection with the defendant from December 1926 to the present time.

Discussing one case, Kettleman said that Keenan asked him if he knew anyone on the jury and he replied that he knew one Samuel Harris of this city. Later he took Harris to Keenan's office, he said, and Keenan asked the juror what the chances were of getting a verdict of \$4500 or \$5000 for the plaintiff. Harris replied that it would be difficult but when asked if he could get help he said he thought he could, according to Kettleman's testimony. A verdict of \$4500 was eventually returned in that case but was later set aside and an award of \$1000 was given.

Kettleman stated that following the verdict for \$4500 about \$115 was distributed to Harris and two other jurors at his office.

On Wednesday and Thursday, Kettleman was again on the witness stand as was Richard Carroll, of 38 State street, this city, one of the allegedly corrupted jurors, Samuel Harris, Naham avenue, and Ralph White, Shawmut street, this city.

DEPOSED LICENSE BOARD CHAIRMAN, MEMBER SILENCED

As the result of action fostered by members of the City Council, Attorney Charles Lombardi, chairman of the Revere Licensing Commission, and Max Lincoff, another member, were dropped from the board by Mayor Andrew A. Casassa on Wednesday, with board member Montimore Eydenberg taking Lombardi's place as chairman.

Since the advent of legalized beer the membership of the licensing board here has been a bone of contention, with councilmen sending a request to the state board controlling the beverage, requesting an investigation into the issuance of licenses locally.

Lombardi and Lincoff have been reticent in regard to a discussion of their discharge but called it an ignominious act. The former is expected to make a statement shortly stating his position.

It is well-known throughout the city that Lombardi has had disagreements with other board members over the fee of \$300 charged for beer permits, the attorney claiming that it was exorbitant and fostering a plan of assessment according to the volume of business done by the various vending establishments.

Many local citizens fell in with his plan and its acceptance by so many is thought to have irked some city officials.

Mother Cat Presented with Four Kittens, Siamese Style

The city of Revere witnessed a freak birth this week when a cat, owned by Mr. and Mrs. Joseph Breen, 106 Mountain avenue, gave birth to four kittens with their bodies joined in the manner of Siamese twins.

One of the kittens is almost as black as coal—other are grey with slight spots of white.

According to authorities on the subject there is little hope that the kittens joined in this freak manner will live long. Often temporary joining together is rectified by the removal of a membrane of rather tough substance in the birth of kittens.

MANY WORKING ON NEW RESERVATION PROJECT AT BEACH

Over 200 local men were put to work during the past week in the new labor program of the Metropolitan District Commission making repairs and alterations throughout the Revere Beach Reservation under the direction of Captain John Murphy.

Each worker is being given three days' labor a week and the work will continue for at least two weeks.

A majority of the men employed have been out of work for many months and have come especially recommended because of their circumstances. The money used to defray costs of the project was appropriated by a special act of the Legislature some weeks ago.

The sidewalk in front of the Met's Beach headquarters has accommodated a long queue of unemployed all week waiting to be hired. Captain Murphy stated yesterday that for the present a sufficient number of laborers has been obtained to work out the program according to plans.

THREE REVERE MEN FINED IN ILLEGAL CLAM DIGGING

Anthony Shlevoni, Jeremiah Shea, and Thomas J. Duffy, all of this city, were fined \$20 each when they were convicted in Quincy District Court Monday of taking clams from a contaminated area off the Victory Plant, at Squantum.

The three were halled into court on complaints entered by Howard Willard, deputy fish and game warden in the Quincy district, who spied the trio as they took the forbidden clams last week.

IDENTITY OF BROGNA'S SLAYER KNOWN SHORTLY

Action locally in connection with the slaying Monday night of George Brogna, wanted here for the killing of Michael Richard on New Year's eve, is at a standstill, according to Revere police officials who are awaiting a report from State finger print experts as to the prints found on the car abandoned near the scene of the crime.

The State experts were called shortly after the crime was discovered, and they went over every inch of the abandoned vehicle which was badly blood-salnted, finding what they termed many perfect prints.

Throughout the day yesterday the authorities at the State House were busily engaged in classifying and comparing the prints with those of hundreds of known gangsters operating in this section. The local officials are ready to act immediately upon receipt of information as to the identity of the men who left the bloody finger-prints on the car used in the killing.

On Wednesday, complaints charging Brogna with the murder of Michael Richard, and assault with a dangerous weapon on William Shea, of Malden, were ordered dismissed by Judge Samuel R. Cutler in Chelsea District Court. Lieutenant Cornelius F. Cronin informed the court that Brogna, for whom the police have been searching, had been killed. Witnesses of the North Revere shooting identified the body of Brogna as that of one of the three men who were involved in the affray in the North Revere night club.

Brogna's body was found by Joseph Doherty, 52 Arlington street, Everett, who was driving along Fenno street toward his home when he saw the gangster's inert form. He notified police, believing he had found a hit and run victim, and Dr. Paul V. Donovan was summoned. The physician pronounced the man dead.

There were two bullet holes in Brogna's head, one in the forehead and one near the right ear. Both might have been made by a single bullet, police said.

Circumstances surrounding the finding of the body indicated that the slaying took place outside this city, possibly in East Boston, and that the corps was brought to the Fenno street site and tossed from the automobile. But for the blood which apparently had come from the man's wounds, there was no sign of a struggle having taken place in the car which was abandoned near the scene.

Two pieces of broken glass were found on the floor of the automobile and another on the running board, although none of the glass in the car had been broken. This led to the belief that the murder was accomplished in another automobile beside the car with the New Hampshire plates, and that the glass had been shattered and particles showered into the Granite State car during a struggle.

Investigation conducted by the Revere police revealed that the New Hampshire registration—69177—had been issued to "Anthony Damiano of 19 Thorndike street, Concord, N. H.," on March 14. Concord officials asserted that a State employee lived at that address and no person named Damiano was known there.

The body was removed to the Northern Mortuary by Dr. William H. Waters, assistant medical examiner for Suffolk County, at 11:30 p. m.

Walter D. Zengelski, 286 Fenno street, told police following the finding of the body, that he heard sounds which he thought were an automobile backing, and might have been shots, near his home about 9:30 p. m. Police were reluctant to

City Employes May Get Wages Again: Council Meets Tonight

COUNCILMEN TAKE STAND IN ANSWER TO MAYOR'S PLEA

Hearings on the petition of Mayor Andrew A. Casassa for a writ of mandamus to compel the City Council to retract certain changes made in the current budget, are still in progress, with the witness stand in Supreme Judicial Court being occupied manly throughout the week by City Councilmen.

Last week witnesses called by City Solicitor Wendell P. Murray, to testify in regard to certain positions eliminated in the slash, were heard by Auditor Frank P. Simpson, and starting this week the respondents were given the right of expressing their side of the argument.

President George E. Lund of the City Council was the first to testify for the respondents, and he was followed by Councilmen William J. Gallagher, Thomas U. Kelley, and Frederick Reinsteil. The hearings were postponed Wednesday at one o'clock while Reinsteil was on the stand and will be resumed on Monday.

The councilmen each testified to substantially the same thing, justifying their action in slicing certain of the Chief Executive's appropriations from the 1933 budget. The main contentions advanced were that economy demanded the moves made by the City Council; that the items

\$100,000 To Be Obtained On Tax Titles If Granted By Councilmen

A special meeting of the City Council has been called for 8 o'clock tonight to pass on the appropriation of \$105,000 to be used for Welfare work and Soldiers' Relief, as a result of which appropriation it is expected that an additional loan of \$100,000 may be procured from the State on tax titles.

For weeks the supply of finances for Public Welfare and Soldiers' Relief has been running low, the last loan from the State on tax titles being used for payment of back salaries to city employes.

State officials made it known some time thereafter that if the Mayor would ask the council for \$100,000 for welfare work and the council authorized such appropriation, the Commonwealth might feel constrained to end the amount to the City of Revere to make up the difference in the tax titles turned over to them and the money previously loaned this city.

When application for the first loan under the late Tax Title Act was made, the amount requested was \$300,000. The state board authorized a loan of \$200,000, and tax titles to the value of over \$300,000 were surrendered to the Commonwealth. This will allow for the additional loan which is expected to be made this week.

Mayor Andrew A. Casassa has an order ready to present to the council asking for \$85,000 for the Public Welfare account, and it is expected that an additional \$20,000 will be authorized for the Soldiers' Relief fund.

According to some authorities the \$85,000 will help but little under present conditions and that nearly \$200,000 additional will be needed to carry out the welfare program here.

Commissary, Bus Line Debate Keep Council Busy All Night

Bus line discussion and further expressions of opinion anent the commissary system proposed for those on the welfare lists of the city, were among the highlights of the weekly council meeting Monday night, which, starting shortly after eight o'clock, was in progress until 12:55 a. m. Tuesday morning.

The bus line discussion was brought about during a public hearing accorded the Eastern Massachusetts Street Railway Company on their petition to run busses through certain streets of this city, from Lowell and other cities north of Revere. Fred Cummings, vice-president of the organization, spoke for his company, setting forth the benefits to be gained by such a bus route.

William L. O'Brien, past president of the Chamber of Commerce, who for the past 20 years has interested himself in the transportation problems of the city, spoke in favor of

the petition, reminding the Councilmen of the \$8000 in taxes paid to Revere by the Eastern Massachusetts Street Railway.

Opposed to the action was George Anzuoni, representing the Service Bus Lines, and Allen J. Green, representing the Warwick Coach Line, who wanted certain restrictions inserted. Mr. Rockhill, of the Hart Bus Lines, was unopposed.

On the commissary question, John Malcolm Macauley spoke in favor of the measure, quoting statistics of other communities and explaining the ramifications of the system. Speaking in opposition were Jacob Mendoza and Stephen Pass of the Independent Grocers of Revere, who presented a letter authorized by his organization.

The matter was referred to the Finance Committee.

BEACHMONT SCENE OF NEW BICYCLE RACING ENDEAVOR

The signing yesterday of a 180-year lease of over 250,000 square feet of land bordering on Winthrop avenue, near the Beachmont station of the Boston, Revere Beach and Lynn Railroad, by officials of the Velodrome Athletic Association, marked actual preparations for the revival of bicycle racing in this city.

Walter Hill, president of the organization, sponsoring the new track movement, conferred with officials of the Boston Port Development Company, owners of the property, and signed the necessary papers. W. J. McDonald, president of the leasing company signed to complete the deal.

John Gallo, of this city, builder, contractor, and a member of the new bike racing association, is working up plans for the new bowl which will have a seating capacity of about 5000.

Arrangements are being made to rush erection of the new endeavor so that the track will be ready for an opening card of races on Bunker Hill Day, June 17, at which time world-famous bike stars, professional and amateur, will compete.

Races will be run every Wednesday and Saturday night, according to present plans.

Here's a Real Fish Story, and It Happened on Friday at That

Geore Walters, a resident of the Point of Pines section of this city, after 50 years of fishing has today bagged a L-ember of the finning family that has them all fooled.

Mr. Walters was out digging bait for his fishing trip today. After finishing his digging, he waded into the water to wash his boots, when a school of fish came at him. One of them bit his boot. He grabbed it and killed the fish.

The fish was brought to the Metropolitan police station at the beach, and the men at the station were at a loss to name it. It was then sent to the Aquarium at Boston to be classified.

The description of the fish was as follows: the body of an eel about three feet long, five inches in diameter, eight gills on each side of the body; fins on the tail, and 20 teeth in the mouth, which was shaped similar to the suction end of a vacuum cleaner.

A pedestrian may have the right of way, but he usually indicates pretty good judgment when he doesn't insist on it.

2500 BOYS, GIRLS FEATURED IN HUGE OUTDOOR EXHIBIT

The annual demonstration of the Physical Education and Instrumental Music Departments of Revere public schools will be held at Paul Revere Park, on Friday, May 26 at 10 o'clock. Both departments have been working diligently together to make this year's demonstration one of the largest and most constructive spectacles yet to be presented in this city.

The demonstration is under the direction of Miss Helen O'Connor, supervisor of music and Mr. Henry Lesser, supervisor of physical education.

The High School Band will lead on the eight hundred high school boys who will present a drill, consisting of various forms of activities including, setting-up exercises, Danish, competitive stunts, Jiu-Jitsu, and boxing.

Next in order will be selections by the Fife and Drum Corps. They will be followed by the High School girls swnging Indian Clubs.

Then will come a dance "Yankee Doodle" presented by the sixth grades of the city. The girls of the Abraham Lincoln Junior High will then do a wand drill.

BANQUET AND BALL FOR DR. SANNELLA ATTENDED BY MANY

Over 600 people thronged City Hall Wednesday night at a testimonial banquet and ball tendered to Dr. Theodore Sannella by a myriad of friends in recognition of the high regard in which he is held by citizens of this city.

The evening's program started off with a banquet served in six courses, and followed by speakers. Seated at the head table as honored guests were John V. Carchia, who acted as toastmaster, Mayor Andrew A. Casassa, Senator Frank D. Crowley, Representative Augustine Airola, Dr. Joseph Barone, Dr. Francis Licata, Principe Santosuosso, Rev. Ernest Royal, and Rev. Arthur W. Swift.

As part of the entertainment program Mayor Casassa rendered two vocal solos, "Ave Maria," and "O Sol Mio." Other entertainers were Pietro Giordella and family, musical selections, and Anne D'Orlando, vocalist.

Dr. Sannella was born in Italy on November 28, 1894 and lost his mother when he was four years old. He came to this country at the age of eight and one year later his father died. He then went to live with a sister and brother-in-law, the D'Orlando family who regard him as a son.

He attended the public schools of this city and graduated from Revere High School in 1914. Being adept at the violin he used it to pay his way through the College of Pharmacy, from which institution he graduated in 1918.

The pharmacy trade instilled a love of medicine in him and he then worked his way through Tufts Medical School, graduating from there in 1925 to work out a year's internship at Springfield hospital.

On October 5, 1927, he married Anna Barone, and their marriage has since been blessed with two children, a son and a daughter. Dr. Sannella is a member of the Massachusetts Medical Association and the American Medical Association.

The committee in charge of the event was as follows: Victor Freda, chairman; Louis Sensale, vice-chairman; Frank Annunziata, secretary; Frank D'Orlando, treasurer; Frank W. D'Orlando, Ralph Sannella, Joseph Miano, Frank Miano, Albert Terminiello, Harry Terminiello, Dr. Anna Giordella, Alberto D'Orlando, Antonio D'Orlando, Louis Filadoro, Patsy Campello, Angelo Pretti, Vincent Barone, Mrs. F. Scicchitano, Michael Schiama, Mrs. F. W. D'Orlando, Mrs. Frank D'Orlando, Mrs. Frank D'Orlando, Ross D'Orlando, Matilda D'Orlando, Mrs. Harry Terminiello, Emma Sensale, Angelo D'Orlando, James Vandelli, Frank Raduazzo, Patsy Zizza, John Sannella, Mrs. Ralph Sannella, and Mrs. L. D'Orlando.

THE ANNUAL KITE DAY ON REVERE BEACH SPONSORED BY THE REVERE BEACH PARTNERSHIP

It was a beautiful Sunday Spring morning on Revere Beach, a sunny day with just the right amount of breeze to make the annual kite day perfect. This annual event sponsored by the Revere Beach Partnership is a very popular one for kids of all ages, because who doesn't like to fly a kite or watch them

float high in the sky. Volunteers help check in the many families that came to historic Revere Beach to enjoy some quality family time. A kite was given to every child that registered, but a large assortment of kites was available for sale at the event.

Antalia Velez keeps her eyes on her butterfly kite high in the sky.

Dan Doherty from Kelly's Roast Beef on Revere Beach with his good friend Roselee Vincent.

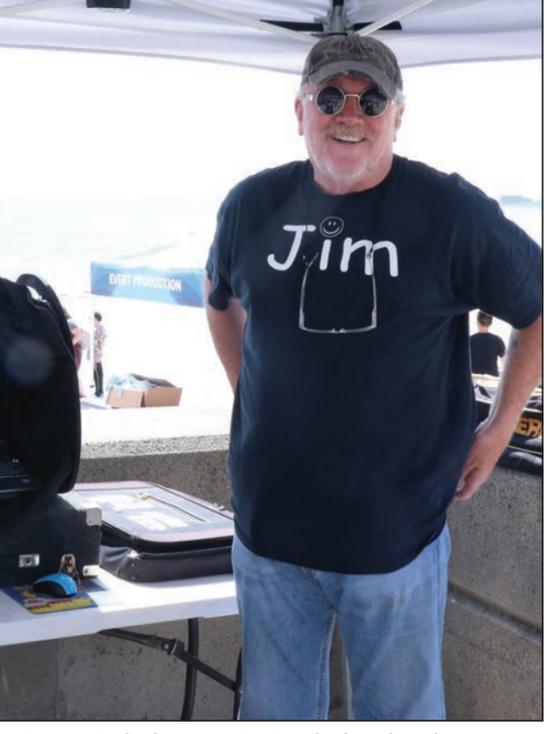

Eliana and Dominic Bernier launch their kite high into the skies over Revere Beach with a beautiful blue sky and other fliers above them.

Andres Velez with his dad launch a fighter jet.

Cricket Wireless from Broadway Revere was on hand to answer any questions and offer an alternative service to residents.

DJ Jim was in the house, spinning the best beach tunes ever.

Waiting to register, Thea and Elias Panas.

Nachia Chario and Wisal Fellah decorate their kites.

Arrigo, cabinet members invite residents to 'Community Conversations with the Mayor'

Staff Report

Mayor Brian Arrigo and Cabinet Members announced the start of "Community Conversations with the Mayor," an in-person and virtual opportunity to meet with city leaders, engage with

neighbors, and discuss various city-wide initiatives. "Throughout the COVID pandemic, city leaders were consistently thinking of ways to connect residents to City Hall, which is where the idea for this event was raised."

said Mayor Brian Arrigo. "We have so much great stuff happening in our city, and we want our residents to understand our priorities while also learning theirs." The first Community Conversation will take

place on Tuesday, May 24 at 6:00 PM at the Rumney Marsh Academy. To register in advance, please visit www.revere.org/conversationMay24. Spanish interpretation will be available both in-person and online. During the event,

Mayor Arrigo and cabinet members will outline plans for the city, including the new high school, Suffolk Downs, and city-wide infrastructure improvements. Residents will have an opportunity to ask questions on a vir-

tual platform and engage with both elected officials and city leaders. After the first event on May 24, the program is expected to expand, branching into different neighborhoods across the city.

ry-making office holder in Revere city politics. She was the first female resident elected as a councillor-at-large. In fact, the Council recently voted to place a photo of her in the Council Chambers as recognition of that accomplishment.

A political powerhouse citywide and one of the Council's most charismatic members, Santos Rosa served three terms on the Council after completing two terms on the School Committee.

Interestingly during her Council tenure, Santos Rosa became the acting mayor for a week when then-Mayor George Colella left for a vacation.

"I was mayor for five

days and it was fun," Santos Rosa recalled. "The funny thing was, I said to George Colella, 'Are you going to leave me the car when you go to Florida?'" "And he said, 'Absolutely, I'm leaving you the car, but I'm taking the keys.'"

Santos Rosa went on work in constituent services for Senate Presidents Robert Travaglini and Therese Murray before taking a position on Supreme Judicial Court Clerk Maura Doyle's staff. She retired from the court last September.

Santos Rosa said she will be out collecting nomination signatures in the next few days and then formally beginning her campaign with visits to

each neighborhood.

Linda Santos Rosa is married to George Rosa, a retired quality insurance inspector with the federal government. They have one son, George Rosa II, an established artist and Tufts graduate who was a Revere High classmate of Mayor Brian Arrigo. Santos Rosa attended the Liberty School, the Garfield School, and Revere High School. She also attended Northeastern University.

Linda and her husband, George, will be celebrating their 50th wedding anniversary later this month.

Former Ward 5 councillor John Powers and past Ward 5 candidate Ron Clark have announced their candidacies for the seat.

NO END IN SIGHT FOR OUR RECURRING NATIONAL NIGHTMARE

The horrific and tragic mass shooting that occurred in Buffalo, New York, on a quiet Saturday afternoon in a supermarket in a predominantly Black community once again has highlighted how the intersection of racial hatred fomented by the internet and the easy availability of assault weapons of mass destruction are causing carnage in communities all across America.

The reality is this: There is no place in the United States that is free from the spectre of gun violence.

The small community of Winthrop is coming up on the one-year anniversary of the shooting death of two Black residents by a young white man armed with a high-capacity handgun on an early-summer Saturday afternoon on a peaceful residential street.

And, similar to the shooter in Buffalo, the white gunman in Winthrop espoused white supremacist views with Nazi emblems among his personal belongings and, it is believed, was en route to a nearby synagogue, though fortunately he was stopped by a Winthrop police sergeant who shot him dead just a few blocks away.

As usual, the aftermath of the tragedy in Buffalo brought calls for regulation of the internet to stop the spread of hate movements and for the regulation of the sale of the military-grade weaponry that makes such incidents possible.

But as usual, it's all just a lot of talk. Meaningful gun control by Congress never will happen because of the stranglehold upon the Republican party (and some Democrats) by the gun lobby, despite overwhelming public support for such measures.

And the internet only grows more toxic day-by-day and lurks as a haven for white supremacists to spread their hateful messages on the Dark Web.

America is trapped in a recurring nightmare of a reality of our own creation that, no matter how many times we replay it, we are unable to change.

IF WOMEN WERE WORLD LEADERS, THERE WOULD BE NO MORE WARS

It's well-known that men constitute most of the sociopaths among us. A sociopath by definition lacks empathy, a person who has no conscience.

Although childhood trauma and abuse can alter a person's brain, sociopaths for the most part are born, not made. High-tech imaging has shown that the part of the human brain that triggers an empathetic response in most people is non-functioning (or functions minimally) in sociopaths.

It is estimated that only one percent of humanity are sociopaths, but of those, 75-90% are men. And while there are women who are sociopaths, they tend not to be violent. Sociopathic women share the same traits -- pathological lying, for example -- as male sociopaths, but their goal generally manifests itself in financial gain.

The young Russian/German woman who conned New York society (depicted in the Netflix series, *Inventing Anna*) and Elizabeth Holmes, who fleeced investors in her blood analysis company of hundreds of millions of dollars, are examples of female sociopaths.

Sociopathic men also are con artists. Some psychologists have estimated that 10 percent of the men who work on Wall St. are sociopaths such as Bernie Madoff.

But sociopathic men almost exclusively are the serial killers in our society -- Ted Bundy and others like him -- whose crimes horrify us.

Sociopathic men also are the dictators who have wrought carnage on our planet. Hitler, Stalin, Kim Jong-un, and Vladimir Putin readily come to mind.

And when you combine a sociopathic personality with male testosterone, the end result is what we see happening every day in Ukraine.

World events of the past two years have brought to the forefront the strong women who are the heads of their countries -- Jacinda Ardern of New Zealand, Kaja Kallas of Estonia, Sanna Marin of Finland -- and Angela Merkel was the top leader in Europe for 16 years until she recently stepped down.

We are not suggesting that women are better than men, or vice versa.

But in our opinion, it seems reasonable to believe that if all of our world leaders were women, there would be no more wars.

Buffalo, Laguna Woods, Houston – the world gets crazier every day

By Dr. Glenn Mollette

A good person did not enter a grocery store in Buffalo, New York killing ten people and wounding multiple others. A good person did not enter a church in Laguna Woods, California wounding many and killing one person. A good person did not enter a Houston, Texas flea market killing two and wounding at least three more. These are evil people. The police officer who heroically fought back in the Buffalo grocery store with a gun was a good person. He was trying to protect the other good people who were in the grocery store.

If America rounded up all the guns and used them for only police officers and the military, there would still be evil people. Evil plots, make irrational decisions and go to depraved levels to carry out their heinous acts. What an evil person does is beyond the comprehension of everyday moral people. A mentally depraved person thinks in a sphere of unre-

ality. They have thoughts no one else would ever think. Pathetically they put their thoughts into action. The Buffalo shooter drove hundreds of miles. He bought tactical gear and wore protective armor that enabled him to withstand the security guard's bullets and kill the security guard.

Generally, people used to live their lives concerned about what God or a higher power thought about them. They were interested in pleasing God, their parents, the school teacher, coach or clergy leader. Today, insanity is bowing down to the god of social media. The deranged Buffalo shooter wore a camera so that his social media followers could see what he was doing. People often video themselves sky diving, jumping off cliffs, singing or whatever to show their followers what they are doing. The Buffalo shooter took it to another level and will most likely be mimicked by others. It's interesting that social media has the power to ban

a former President but it can't control or prevent an insane live video feed of someone wanting to show others that he is killing people.

Evil people will find a way to carry out their evil schemes. They will find a way to get guns or use cars, planes, trucks, fire or whatever to hurt others. The people killing people in churches and grocery stores are not deer hunters. They aren't wild turkey or rabbit hunters. They aren't the average citizens who just want a gun for their bedside table for protection. The people perpetrating these crimes are deranged.

Our society must find a way to unarm those who are displaying outward signs of craziness or have any records of unlawful activity. Once again, it's difficult to keep guns out of the hands of bad people because evil works very hard. However, we must continue to try.

Grocery stores, churches and most businesses will eventually have locked doors. You will

need a card to unlock the door much like hotels use today. You will need your name and information registered with the business or house of worship before you'll be able to enter. Armed guards like airport security guards will check your identification when you come to the door. This still doesn't protect the families playing in a city park or those gathering in an open-air sidewalk café. To some extent we will always be vulnerable, everywhere.

The world has felt crazier every day for the last two years. This past weekend proved again that it's not getting better.

Glenn Mollette is the publisher of Newburgh Press, Liberty Torch and various other publishing imprints; a national columnist – American Issues and Common Sense opinions, analysis, stories and features appear each week in over 500 newspapers, websites and blogs across the United States.

homeowners in Revere are cost-burdened, meaning they spend more than 30% of their income on housing - 44% of homeowners and 53% of renters.

"We are proud Revere has emerged as one of the fastest-growing municipalities in Massachusetts, proving our focus on growth opportunities that come along with new commercial development, new jobs, and investments in Revere's housing stock are crucial," said Tech Leng, Chief of Planning and Development. "Over time, the adoption of an inclusionary zoning ordinance – one that is tailored to both Revere's community needs and real estate market – will give the City a valuable tool to generate housing units that are affordable to many long-term residents and future members of our workforce."

In September of 2021, Mayor Brian Arrigo took the first step in creating this new policy by establishing the Revere Inclusionary Zoning Advisory Committee (IZAC) - a group of individuals with experience in development, planning, and affordable housing whose task was to create an Inclusionary Zoning Ordinance that could be supported across all stakeholder groups and increase the production of new affordable housing across the city.

After eight months of detailed discussion, mathematical assessments, and

thoughtful conversation with developers, the Inclusionary Zoning Advisory Board, in partnership with Metropolitan Area Planning Council (MAPC) and Mayor Brian Arrigo, a final proposed ordinance is ready for review. The new ordinance includes a balance of incentives for private developers to create these new units of affordable housing both on-site and through Revere's Affordable Housing Trust Fund. The ordinance will be applied to any new construction that includes six or more new units of housing.

Requirements of the Inclusionary Zoning Ordinance Include:

12% of new units to be set aside as deed restricted affordable housing

Affordability to be set at 60% of Area Median Income (AMI) for both rented and owned units

Inclusionary Zoning would be mandatory for new construction of 6 or more residential units

Affordable Housing units must be dispersed evenly throughout the development; exterior indistinguishable from market rate units; equal and proportional to size and make up of market rate units

While the cost of building in the northeast is increasing, developers must balance community requirements against the rising cost of labor, materials and land. The financial feasibility of their devel-

opment models that are subject to these new standards will be supported through government policies that allow for offsets in zoning that make their projects more financially acceptable to investors.

Offsets in the Inclusionary Zoning Ordinance include:

Reduction in parking requirements especially developments located within ½ mile of public transit

Reduction in dimensional requirements such as front and rear yard, minimum lot area and floor area ratios

Waiver of certain per-

mit fees

As another tool to allow more residents to stay in Revere, we are creating the first Accessory Dwelling Unit Ordinance. This ordinance will provide means for residents, particularly seniors, single parents, and families with grown children to remain in their homes and neighborhood, and obtain extra income, security, companionship, and services.

Mayor Arrigo will present the Inclusionary Zoning Ordinance to the Revere City Council on May 23, 2022. The Revere City Council will then determine if it is adopted into the city zoning code.

REVERE CARES HOSTS SELF-CARE FAIR AT RHS

Photos by Cary Shuman

The Revere CARES staff, along with students from the RHS Power of Know Club and Youth Health Leadership Council, organized the Self-

Care Fair that was held on Monday, May 16, in the RHS gym.

Organizations and individuals hosted tables, giving students information that promote their well-being and cover ar-

reas of interest identified by youth members. The areas of focus were nutrition, job and career opportunities, fitness, stress relief or mental health, and healthy relationships. The event was a huge

success with hundreds of students taking advantage of the information and positive interactions with leaders in health and public safety in the community.

setts," said O'Brien. That's an impressive accomplishment for HYM, and there is no doubt that the project will bring jobs, new residents, outdoor entertainment options, and prestige to the city. The project is another triumph for the bold vision of Mayor Brian Arrigo and the city leaders who have collaborated with the highly respected HYM group.

However, when the question-and-answer portion of the meeting began and it focused on the life science building and the research space in that building, Council President Gerry Visconti's declaration that "This is not a debate" did not resonate with the speakers. The shouting began with the second speaker who said, "It's despicable with what's going on. We're not going to be nice."

Visconti tried to end the tumult by calling for a five-minute recess, but it ultimately failed to calm down the crowd. The main concerns focused on the type of research that would be done in the life science building. "Mr. Visconti, do you know exactly the type of research that is going to be done here within the city of Revere, and is everyone aware that they experiment on animals?" asked Attorney Richard Cham-

Thomas O'Brien, managing director of the HYM Investment Group, speaks at the meeting.

bers. "I'd like to know if there are going to be safeguards in place. We just went through a worldwide catastrophe with respect to viruses being released, and I think everyone in this room is concerned that there are people, children, families living with-

in vicinity of this lab." Michelle Kelley, an attorney who raised sev-

eral relevant questions at the last Council meeting, seemed to again sum up residents' concerns about the life science building in an interview following the meeting.

"I'm not happy with the way the meeting went," said Kelley. "It shows without a doubt that the Council and this city is not qualified or equipped to make these very important decisions that are going to affect everyone in Revere."

Kelley did agree that O'Brien's presentation was thorough, and the other aspects of the project are interesting. "I agree that he is knowledgeable in construction and building, but we have a lot of unanswered questions regarding the lab itself and

what will go on in that lab, and how it will be regulated. His presentation fell short in that regard."

Revere Police launch new tip411 Anonymous Tip System for customized crime-fighting

Special to the Journal

The Revere Police Department is increasing its crime-fighting arsenal with a new app to help residents connect with the department to find information, view alerts, and submit anonymous tips from their smartphone.

Citizens can now submit a tip via their cell phone to police by texting keyword REVEREPD to 847411 (tip411), adding a space, typing in the information and hitting send.

Developed by tip411, the Revere PD app puts a

powerful new crime-fighting tool into the hands of community members of all ages. The Revere PD app is available for download for free via the Google Play Store, iTunes App Store or on our website at www.reverepolice.org.

"Our objective is to improve the quality of life through the community partnerships to promote a safe and secure community for all," said Revere Police Chief David Callahan. "I believe our new tip411 system will help make it easier for our community to partner with us to make

Revere a safer place to live, work, and visit."

Using the app or text message method, the public will be able to share an anonymous tip with police and lets officers respond back to create an anonymous two-way conversation.

"We're continuously working to build more advanced and innovative products to help departments better engage their communities," said tip411 President Terry Halsch. "The Revere PD app, powered by tip411, will greatly improve the public's

access to agency alerts, social media channels, important information, and more to help fight crime."

The Revere PD app and tip411 anonymous text a tip system are 100% anonymous, as the technology removes all identifying information before police see the tips and there is no way to identify the sender.

Anonymous web tips can also be submitted via the department's website at www.reverepolice.org

This system is for non-emergencies. If you have an emergency call 911.

Community presentation held for repurposing McKinley School

By Cary Shuman

City official Julie DeMauro of the Planning and Community Department saved the best news for last at the Reimagining the McKinley School community presentation meeting.

"I think at the end of all of this, we're really going

to have a great community space that's going to be widely used by the whole community, so we're very excited," DeMauro told residents at the conclusion of the meeting held May 10 at the Hill Elementary School.

The City of Revere and Mass Development are collaborating with Studio Luz

Architects to repurpose the building for [early childhood care and community] education, creating networks of economic mobility, providing space for entrepreneurship to thrive, supporting work-force training, and be a community asset for seasonal art and performance events, according to the flyer announcing the meeting.

The McKinley School was closed in 2015 upon the opening of the nearby, brand-new Hill Elementary School.

At the outset of the meeting, DeMauro noted the wide representation of city officials and residents at the meeting including Mayor Brian Arigo, Supt. of Schools Dr. Dianne Kelly, Director of Curriculum Joanna Rizzo, Councillor-at-Large Marc Silvestri, Ward 4 Councillor Patrick Keefe, Revere

Chief Financial Officer Richard Viscay, Director of Planning and Community Tech Leng, and School Committee members John Kingston, Stacy Rizzo, and Michael Ferrante.

Studio Luz's McKinley School project manager Elise Zilius and designer and community engagement liaison Sophie Nahrman presented the findings of the community survey and the space-planning proposals for the school.

According to Zilius, the top three responses from the for the use of the McKinley School building were community education space, early education spaces, and performing arts and gallery spaces.

Plans were also announced for maintaining the existing outdoor basketball court, and adding a playground that would be used for the early education center and a community garden space to promote healthy food options.

Residents also indicated that they would like to see "a lobby that is bright and welcoming and a hub for information."

Also potentially slated for the first floor would be early education and child-

In Loving Memory 2nd Anniversary

May 23, 2020 - May 23, 2022

Michael Marden, Jr.

The moment that you left me,
My heart split in two.
One side filled with memories,
The other side with you.
I often lie awake at night
when the world is fast asleep,
And take a walk down memory lane,
with tears upon my cheek.
Remembering you is easy,
I do it every day.
But missing you is a heartache,
that never goes away.
I hold you tightly within my heart,
and there you will remain.
You see, life has gone on without you,
But never will be the same.

Lots of Love

Mom and Dad,
Two years doesn't seem like such a long time, but without you here it has felt like an eternity. Not a day goes by, we don't long to have you back. The special memories you made with us help you to live on even though you're gone. We will use the anniversary of your passing to remember what wonderful parents you were. The pain of losing you will never fade. You will always have a place in our hearts.

We love you and miss you,

Personnel Subcommittee Meeting discusses funding new positions

By John Lynds

At last week's Revere School Committee Personnel Subcommittee meeting Revere Public School Superintendent Dr. Dianne Kelly presented the committee with a list of suggested positions that Revere Public Schools hoped to fill as part of the new budget.

At the meeting Kelly said that RPS did not get as much money as she had hoped for from the Student Opportunity Act (SOA) so RPS is a bit constrained from where it hopes to be in terms of adding new positions.

"We fortunately do still have our Elementary and Secondary School Emergency Relief (ESSER) funding, which we anticipated and planned to use over a couple of years time so that we could support the positions that we created," said Kelly.

Kelly said through ESSER funding positions like health aides that have helped navigate the return from remote learning, parent liaisons who are assisting schools in connecting with parents and the community and a few other positions were created and RPS hoped to maintain through SOA funding.

"We started to work on moving some of the positions from the ESSER into the primary budget so that we don't lose those positions going forward," she said. "And with the money that is remaining we are hoping to support our equity work by amplifying programming for our English language learners students. One of the things that we've seen is our greatest growth in enrollment this year has been our English learner population. So if you look at the list of positions that I have proposed, you'll see the vast majority of them are English Learner

(EL) positions, including some administrative support for our EL director. These proposed EL positions are coming directly from the audit that we recently completed with the Department of Education. They're recommending these positions."

Kelly said there are a few other positions she has suggested to the School Committee such as hiring a new first grade teacher at the Hill School to reduce class size, which is currently slated to be over 26 for next year.

"There are also a couple of positions for interventionists, like at the Garfield Elementary School, where we are proposing one additional math interventionist," said Kelly. "That would actually be funded through our Title I program. We want that position to be present as they only currently have one math interventionist where other elementary schools have more than a

few." Other positions requested by Kelly include an assistant director of EL and an assistant principal for the Lincoln School.

"The Lincoln school enrollment is only 50 students fewer than the Hill School, and we feel that that's a necessary increase in order to ensure effective educator evaluation and effective student and family engagement and support," said Kelly. "We're looking for a couple of coach positions for our more experienced EL teachers to support their colleagues in implementing EL instruction in the general education classroom."

Kelly also suggested a Director of Fine Arts position as well as a Director of Comprehensive Health program."

There were a few additional requests of a non-salary nature including a bobcat for the Garfield School, additional training for staff through

the Making Student Teaching Visible program as well as an increase to mentor stipends as the number of new teachers increases.

Committee member Stacey Rizzo made a passionate plea for the budget to include funds to hire a Director of Fine Arts for RPS.

"Our teachers today are under a great deal of pressure to cover standards so that students pass a test that measures proficiency," said Rizzo. "Our district believes in the deeper learning that can be achieved when our educators are empowered to design meaningful experiences for the students they serve. I have always believed that the fine arts is a large piece of the deeper learning that we embrace in Revere. Fine Arts encourages creativity, confidence and perseverance, which are essential to a child's growth while also

developing academic skills, motor skills, visual learning, and decision making, focus, collaboration and accountability."

Rizzo pointed out that students are four times more likely to be recognized for academic achievement as well as athleticism.

"Why are students who may be creative be limited to finding their place?," Rizzo asked. "Whether it's music, theater, drawing, painting, or sculpture—these forms are what helped shape the children of our future and help them pursue what they love. It is important that these classes be taught and not be done in a half-performed way but with the right tools and the right teachers. The right tools start with a Director that can advocate for those educators, students and the arts. It's just something I believed in and I will keep pushing for this."

MVES offers new mental health outreach program for Spanish-speaking older residents

Staff report

Since the start of the pandemic more than two years ago, more and more people are talking about behavioral health issues including loneliness, social isolation, and emotional changes. An increasing number of folks are starting to see mental health for what it is: one important component of your overall health and well-being, just like your physical health. However, having a conversation about mental health conditions, and reaching out for resources and supports can still feel complicated and out of reach.

Are there common warning signs for mental health conditions or crises? Are there specific factors that can lead

to changes in mood or behaviors that may negatively affect someone's well-being? What resources are out there – and how do I know if they are right for me?

The Mystic Valley Elder Services Mental Health Outreach Program is here to help. This new grant-funded initiative is available to Spanish-speaking residents of Malden, Everett, Chelsea, and Revere who are 60 years of age or older. Spanish-speaking older adults are often confronted with unique barriers to receiving assistance but this new program is here to help. The Mental Health Outreach Program offers person-centered, strength-based mental health assistance from bilingual staff who will help

support Spanish-speaking older adults to maintain independence and dignity. Our bilingual Mental Health Outreach Worker Ignacia Urquijo can:

- assess, refer, and provide timely assistance to older adults in need or distress
- evaluate Spanish speaking older adults' needs for support in the community
- help older adults seek and navigate behavioral health care services and treatment
- work with health care partners to identify and refer older adults who may be at-risk
- connect older adults to additional programs and services that may benefit them

If you are concerned about your mental health, or someone you love, there

are options available. You are not alone – speaking with someone can make a difference. The new program is funded through a grant awarded to the Massachusetts Association of Councils on Aging by the Massachusetts Executive Office of Elder Affairs and support from Winchester Hospital – a member of Beth Israel Lahey Health. Here are some questions

to consider if you think you, or a friend/loved one, may benefit from speaking with our new Spanish-Speaking Mental Health Outreach Worker.

- Have things that used to feel easy started feeling difficult?
- Does the idea of doing daily tasks like making your bed now feel really, really hard?
- Have you lost interest in activities and hobbies you used to enjoy?
- Do you feel irritated; possibly to the point of lashing out at people you care about?
- Are you feeling increased sadness or worry lately?
- Have you been nervous or experiencing more stress these days?
- Do you feel lonelier these days? Have you lost interest in activities you used to enjoy?

Ward 4 Councillor Pat-

rick Keefe, in whose ward that McKinley School stands, said he is excited about the school's rebuilding process.

"I'm super excited that we are embarking on the

repurposing of the McKinley School," said Keefe. "The city's needs for more are and theater space is a perfect match for the historic site, and the expanded needs for early child-

hood education become extremely important in our community of hard-working families. This is a huge win for Revere, and I'm thrilled to be part of the re-imagining team."

REVERE CHAMBER OF COMMERCE OPENS NEW OFFICE ON BROADWAY

The Revere Chamber of Commerce, under the leadership of Executive Director Amanda Schepici-Portillo, held its ribbon cutting ceremony for its new office located at 313 Broadway. The business organiza-

tion also conducted its officers and board members' swearing-in ceremony. Mayor Brian Arrigo was granted the honor of installing officer as incoming President Patrick Lospennato and other board

members took their oaths. Revere historian Bob Upton spoke about the history of the Revere Chamber of Commerce that dates to 1910 as the former Revere Board of Trade. Upton noted the attendance at the ceremony of John Festa, son of the late Joseph Festa Sr., who was a founder and past president of the Revere Chamber of Commerce and a beloved resident of the city and an advocate for its business community.

BOYS TRACK GIVES ROS A GBL CROWN IN HIS FINAL SEASON

The Revere High boys outdoor track and field team gave their long-time coach, Sam Ros, the best retirement present any coach could hope for when the Patriots defeated Greater Boston League (GBL) rivals Chelsea and Malden last Thursday in a tri-meet at Chelsea Stadium.

The double-victories completed a perfect, 7-0 season for Ros's Patriots to earn them an undisputed GBL championship for the 2022 season.

"The boys were well aware of what was at stake," said Ros. "Beat both teams and win the GBL outright. Lose one and the best we could do would be a tie for the crown. Worse, lose both and lose the title."

"The results of both meets were better than I had expected," Ros added. "Based on my scouting and mock meet scenarios, both teams should have pushed us to the brink of needing to run the 4 x 400 relay to win. But as our boys have done all season, when it came time to step up, they did. There were huge personal records (PRs) all around and nothing was left to chance. I am proud of the way everyone competed and happy for them for being undisputed GBL champions. "It has been a great sea-

son and an amazing way to cap off my head coaching career," Ros added.

As the final scores (86.5-49.5 vs. Malden and 99-37 vs. Chelsea) indicated, the Patriots did well in every event.

In the high jump vs. Malden, Javan Close took second-place with a leap of 5'-4", with teammates Tom Desir and Ramadan Barry splitting the third-place point, also with leaps of 5'-4". (Chelsea did not compete in the high jump.)

Barry came back to take first place against all rivals in the long jump with a flight of 19'-1.5". Desir scored points vs. both opponents with his leap of 18'-6.75".

Augusto Goncalves topped the field in the triple jump with a final landing of 42'-4.5". Ricardo Goncalves and Sami Elasri also contributed points vs. both Chelsea and Malden.

In the shot-put, Mo Hussein's toss of 35'-5" earned him first place vs. Malden and third vs. Chelsea. Anwar Marouh took second vs. Malden.

In the discus, Kevin Purciful's spin of 96'-7" gave him a first vs. Chelsea and a second vs. Malden. Marouh grabbed a third vs. Chelsea.

Carlos Rizo was a close second in the javelin with a toss of 112'-6" vs. Malden (the Golden Tornado winner threw 113'-0") and took first vs. Chelsea. Mark Marchese grabbed

Revere went 1-2-3 vs. both Chelsea and Malden in the 400 meter hurdles, led by Ricardo Goncalves (1:00.7), followed by Desir in 1:01.3 and Isaiah DeCrosta in 1:02.6.

Ricardo duplicated his feat in the 110 hurdles with a time of 16.0. DeCrosta (2nd vs. Chelsea, 3rd vs. Malden) and Close (3rd vs. Chelsea) also scored points for the Revere side of the scoresheet.

In the 100 dash, Marchese took first vs. Chelsea and second vs. Malden with a sprint of 11.7. Allen Hou went second vs. Chelsea and third vs. Malden in 11.8.

Marchese outsprinted the field in the 200 dash

with a clocking of 24.0. Latrell Ashby took 2nd vs. Chelsea and 3rd vs. Malden in 24.4.

In the 400 dash, Keny Guerrero finished first vs. Chelsea and second vs. Malden with his time of 53.3. Mario Ramirez finished third vs. both opponents in 56.1.

JV Cunha (2:08.2) and Angel LizCordero (2:14.1) went 1-2 in the 800 vs. both Chelsea and Malden.

JV also won the mile, topping the entire field with a clocking of 4:58.7. Mohamed Oualani gave the Patriots a third vs. Malden and a second vs. Chelsea in 5:04.5.

In the two-mile run, Kenan Batic's time of 10:42.8

gave him 1st place vs. Chelsea and 2nd vs. Malden (Kenan's time was just 4.8 seconds behind the Malden boy).

Ros and his crew will wrap-up their GBL season at the GBL Meet this Monday at Chelsea Stadium.

RHS GIRLS TRACK CLAIMS GBL CROWN WITH UNDEFEATED RECORD

The Revere High girls

outdoor track and field team completed an undefeated dual-meet season with a pair of victories over Greater Boston League rivals Chelsea and Malden in a tri-meet at Chelsea Stadium last Thursday.

The twin wins improved the record of coach Racquel MacDonald's Lady Patriots to 7-0, earning them an undisputed 2022 GBL championship.

worked so hard to get to this point and it is so well-deserved," said MacDonald. "I want to give a huge shout-out to the captains for being excellent leaders throughout the whole season and really engaging the team during tough workouts and close meets. I've been with this group of seniors since their freshman year (first as an assistant and now as a head coach), so it has been very exciting to watch them grow each season and develop into well-rounded student-athletes."

Junior sprint star Kyra Delaney highlighted the tri-meet when she tied the school record in the 100 meter dash with a time of 13.3, which earned her a first place against Chelsea and a second vs. Malden.

"Kyra has been crushing her workouts each week and I am so excited that she reached this huge milestone," said MacDonald. In addition, Delaney grabbed the top spot in both meets in the 300 dash, outprinting the field with a clocking of 28.1.

Senior captain Carolina Bettero continued her streak in the 400 hurdles (76.2) and 100 hurdles (17.8) taking first in both events in both meets. She took first vs. Chelsea and second vs. Malden in the triple jump with a huge personal record (PR) jump of 32'-8" -- only three inches away from a school record.

Carolina also tied for first in the long jump (14'-7.25") with teammate Jerelys Canales. Altogether, Bettero scored 36 points on the day between both meets.

Senior captain Canales also continued to shine in the dash events. Jerelys split first place in the long jump (14'-7.45"); secured a second place and a third place in the 100m (13.6); and a third place in the 200m (28.8). In addition, Canales was crucial in securing extra second and third place points for Revere in the high jump in both meets with a leap of 4'-4."

Freshman Ashley Rodriguez placed second in both meets in the 400m hurdles with a PR of 76.5 seconds and in the 200m (28.8). She also took third in both meets in the long jump with a flight of 13'-8.5".

Other first-place finish-

es for the team included: Natalia Lopez in the discus for both meets (71'-3"); Alannah Burke in the 800m for both meets with a season PR of 2:33; Liv Yuong in the high jump vs. Chelsea (4'-8"); Rocio Gonzalez in the two-mile vs. Chelsea (14:20.4); Janaya Ruperton in the 400m v Malden (64.5); and senior Gianna Mahoney in the javelin throw (80'4). (Interestingly, Gianna has been throwing with her left hand due to injury and is still one of the top throwers in the league.)

Second-place finishers included: Senior captain Fatima Hartout in the mile (6:53.7), Jocelyn Lazo in the javelin vs. Malden (56'-10"); Yara Belguendouz in the 100mH (20.3); and Jessie Jones in the 400m v Malden (69.4).

Third-place finishers for Revere included: Sandra Torres in the discus (56'-7"); senior Captain Carly Bennett in the 800m (2:59.8); Sam Solais in the mile (7:10.5); and Marwa Riad in the 400m v Malden (77.0).

The Lady Patriot 4 x 400 relay quartet of Jessie Jones, Rocio Gonzalez, Marwa Riad, and Alannah Burke also finished the meet with a first place time of 4:51.2.

The final team scores showed Revere handily defeating Malden, 87-43, and Chelsea, 85-50.

MacDonald and her crew will head to the GBL Meet this Monday at Chelsea.

RHS BOYS DO WELL AT COACHES INVITATIONAL

A contingent of boys from the Revere High outdoor track and field team competed at the MSTCA Coaches Invitational Meet held at B.C. High this past Saturday.

The highlights of the meet for the Patriots included Ricardo Goncalves earning fifth-place medals in both the 110m high hurdles and the 400m low hurdles.

Kenan Batic medaled in second place in the freshman mile with a personal record (PR) time of 4:54.

The 4 x 400 quartet of Keny Guerrero, Sami Elasri, Latrell Ashby, and Tommy Desir medaled in fifth with a time of 3:35.02, a clocking that is just 0.14 shy of the RHS school record.

RHS BOYS VOLLEYBALL TEAM WINS THREE MORE

The tourney-bound Revere High boys volleyball team enjoyed another successful week, defeating three opponents and turning in what RHS head coach Lianne Mimmo termed a "super-competitive loss."

Last Monday at home, the Patriots defeated Boston Latin Academy, 3-0, and duplicated that feat two days later with a 3-0 shutout at Madison Park in Boston.

This past Monday, Mimmo and her crew topped Essex Tech, 3-1.

Last Thursday the Patriots took on league rival Malden at home.

Revere won the first two sets, surprising Malden, which presently is ranked #15 in Division 1. However, Malden battled back and won the match 3-2.

"We had many opportunities to take home the win," said Mimmo. "However, we struggled with maintaining our leads and closing out sets. We are only a second-year program and don't have the depth and experience of battle-tested teams."

Mimmo cited a number of her players for their outstanding performances during the recent stretch.

"Setter Christyan Berger has been a consistent force on our team," said Mimmo. "Christyan has had multiple games with 30 assists. Dominating the middle position is Altin Haziri, killing the ball more than a dozen times in the last two games. We are also getting some great defensive efforts from Alex Serrano, Ruben Rodriguez, and David Piva."

Mimmo and her squad, who stand at a sterling 12-5 on the season, are scheduled to play at Medford on Monday. They will return home to entertain Somerville next Wednesday in a contest that will be highlighted by Senior Night festivities. They will finish their regular season at a very strong Brookline (#11 in D-1) next Thursday.

RHS SOFTBALL TEAM DROPS CONTEST IN EXTRAS

The Revere High soft-

ball team dropped a heartbreaking 17-16 decision at Northeast Regional in extra innings this past week.

"It was an incredible battle between both teams, both a pitching and hitting duel," said RHS head coach Megan O'Donnell.

The game ended when Northeast's shortstop (T. Nuzzo) hit a walk-off, three-run homer in the bottom of the eighth inning with one out.

Ally Straccia took the mound for the first time this year because of an injury to Revere's regular starting pitcher, Isabella Qualtieri. Ally recorded two strikeouts and her teammates helped her out by making big plays behind her.

"We had some great plays made by Astrid Noriega, Lilian Calderon, and Brianna Miranda, who all dominated the outfield," said O'Donnell. "The infield was anchored by Riley Straccia and Lea Doucette. Second baseman Jordan Martelli earned her first start and made a few great plays. Luiza Santos dominated at third base. Ari Keohane was solid behind the plate."

At the plate, the highlights for the Lady Patriots came from Lea Doucette, who hit a two-run homer over the fence, ending the day at the plate at 3--for-5 with three RBI.

Riley Straccia also was 3-for-5 with an RBI and Astrid Noriega went 3-for-5 with three RBI.

Bella Stamatopoulos went 1-for-1 with a single that gave Revere the lead in the seventh inning.

"It was a whole team effort, even though we came up short," said O'Donnell.

The Lady Patriots are scheduled to host Somerville this evening (Wednesday) at 6:00.

RHS GIRLS TENNIS TOPS LYNN CLASSICAL

The Revere High girls tennis team earned a 3-2 victory over Greater Boston League rival Lynn Classical last week.

Sofia Lee Li won in straight sets at third singles, 6-4, 6-1.

The duo of Tenzin Chime and Dayna Phan pulled off a major comeback to win their match at first doubles, 4-6, 6-3, 6-1, and the second doubles tandem of Christy Ly and Lesly Calderon Lopez

defeated their Lady Ram counterparts in straight sets, 6-1, 6-0.

The Lady Patriots dropped a 4-1 decision to Medford this past Monday, but RHS head coach Carla Maniscalco was pleased with her team's effort.

"We had several varsity players missing from the lineup and even though we lost, all the other players did well in the positions they were required to play," said Maniscalco. "Tenzin Chime had an impressive win at second singles 6-2, 6-3. And even though the freshman team of Dayna Phan and Ivana Nguyen lost in first doubles, 5-7 and 6-7, they played really well."

RHS BOYS TENNIS WRAPS UP SEASON

The Revere High boys tennis team completed their 2022 season with an exuberant match in their season-finale against Greater Boston League rival Malden this past week.

"We had a really fun last match against Malden on Thursday," said RHS head coach Mike Flynn. "The #1 players on Revere and Malden wanted to play doubles, so we switched it up a bit."

At first singles, Matthew Chianca (ordinarily the Patriots' #2 player), lost 6-0, 6-0.

Adam Ouldsfiya fell short at second singles, 6-1, 6-1.

Kenny Le, who usually plays at first doubles, put up a strong battle at third singles, before dropping what Flynn called "a great match," 6-2, 2-6, 7-6 (7-2).

At first doubles, the Patriot duo of Alec Waxer and Luis Galvez lost 6-2, 7-6 (7-2) in which they played a strong second set.

And at second doubles, in which the #1 singles players on both teams competed, including Ashton Hoang for Revere, who teamed with Rayan Sarhrani, Revere lost 6-2, 6-4.

"I'd like to thank our seniors, Ashton Hoang, Matthew Chianca, Luis Galvez and Adam Ouldsfiya, for their leadership this year," said Flynn. "All the players have improved greatly this year and I'd like to thank the student-athletes who coming back next year: Mo Al-Azzawi, Moises Alfaro, Adam Bellamari,

Sharif Elsedey, Victor Garcia, Walid Ichcho, Kenny Le, Rayan Sarhrani, Indrit Tamizi, and Alec Waxer."

REVERE JUNIOR VARSITY SOFTBALL REPORT

The Revere junior varsity softball team has completed a busy stretch of contests in which the Lady Patriots generally enjoyed success.

The recaps of their games are as follows:

Medford 12-Revere 5
Revere's junior varsity softball watched the game slip away early and couldn't recover in a 12-5 loss against Medford on Tuesday, May 3rd.

Revere put their bats on the ball in the first inning with hits from Yaritza Mendez and Jenna Yelmokas, but Medford's defense made no mistakes. A series of walks and errors from Revere's defense let Medford score four in the first inning before Revere could get any outs. Then, they buckled down and held them at four runs to finish the inning.

Cate Morgan proved patient at the plate with a walk, followed by aggressive base running to steal every base to score the first run for Revere in the top of the second. Medford's pitcher continued to strike out Revere's batters, ending the half. Patient batters leading to walks and aggressive base running scored three more for Medford in the bottom of the second inning, leaving a large gap for Revere to make up.

Jocelyn Nungent outran a dropped third strike to get on base at the top of the third and stole two bases during Y. Mendez's at-bat before she walked. J. Nungent stole home during Josephine Piccardi's at-bat. J. Piccardi grounded out to the shortstop, but moved Y. Mendez into scoring position when Danni Randall hit the ball, allowing Y. Mendez to score before the end of the inning.

Revere's defense could hold their own in the bottom of the third inning, but walks and aggressive base running by Medford let them score another, bringing the score to 8-3 in favor of Medford.

C. Morgan started the fourth inning off with a single, followed by a walk from Chloe O'Neil. Aggressive base running and stolen bases allowed C. Morgan to score another run for Revere before Kaylee Sjursen cracked one to the outfield. Despite being caught, C. O'Neil tagged and scored, giving Revere the momentum they needed.

However, Medford's defense did not budge. They did their jobs play after play, ending the inning before Revere could score again. Medford outran a dropped third strike at the beginning of the fourth inning, followed by a single and a home run for Medford, bringing in all three base runners. C. Morgan buckled down and struck out three of Medford's batters before they could score another before time ran out, ending Revere's hopes of recovery.

Thursday, May 5th
Revere 15-Northeast 7
Revere Junior Varsity's bats were blistered following their game vs. Northeast on Thursday, May 5th, where 10 big hits led to a 15-7 win.

Despite an error in the first inning, Revere was

Everett topped Revere in Greater Boston League softball action at St. Mary's Park Friday, May 13.

I GOT IT: Shortstop Ally Straccia (10) fields a popup to shallow left field for the out.

ON TARGET: Third baseman Louisa Santos (20) readies her throw to first base after handling a ground ball.

GOT THE HANDLE: Catcher Adriana Keohane snags a low pitch.

MAKING THE PLAY: First baseman Leah Doucette takes a throw in time to put out Everett's Celeste Fuccillo.

JUST A SINGLE: Rightfielder Bella Stamatopoulos (9) fields an Everett base hit.

SUNSET CHALLENGE: Left fielder Astrid Noriega (7) had to deal with the bright setting sun as she fielded a fly ball, but she made the play.

able to keep Northeast from scoring with solid pitching from Gianna Chiodi and two consecutive outs from the new third-base-woman Maeve Hurley. Layla Hiduchick led Revere's batting order this afternoon, and a patient at-bat put her in scoring position when J. Piccardi hit a home run, bringing them both in. A double by M. Hurley and a series of consecutive walks and aggressive base running allowed M. Hurley, G. Chiodi, and Olivia Morris to score for Revere, putting the maximum of five runs allowed in a half on the board for Revere.

Despite another error from Revere in the top half of the inning, they rallied back and kept Northeast from scoring. Revere kept batting in the bottom of the second, but Northeast kept fielding. Finally, after J. Piccardi walked and stole some bases, Ruby Aguilar was able to single a ball to center-field, allowing J. Piccardi to score another before the inning ended, bringing the score to 6-0 for Revere.

Northeast fought back hard its next at-bat, but in the Reere third, a triple from J. Yelmokas and another big hit from J. Piccardi brought in two more runs for the Lady Patriots.

Revere's defense kept Northeast from scoring and Revere then broke the game open on singles from M. Hurley and Dakota Lanes, a double from G. Chiodi, and a triple from J. Yelmokas that accounted for five more runs and a 13-5 Revere lead.

Northeast scored two more in the top of the fifth inning before G. Chiodi continued to strike out the Northeast batters. More hits in the bottom of the fifth inning from M. Hurley, R. Aguilar, G. Chio-

di, and C. O'Neil scored two more for Revere before time ran out. Revere earned this win with their bats this game.

Wednesday, May 11
Revere 17-Malden 8

Maeve Hurley came to play ball against Malden, leading the team to a 17-8 victory. However, nine walks in the first inning allowed Malden to score the maximum allowable runs in a half.

However, Revere didn't let that deter them. After a few walks and good base running, Revere scored two before M. Hurley hit a home run bringing in Frankie Reed with her. After that, hits from Yaritza Mendez, Danni Randall, Ruby Aguilar, Josephine Piccardi, and Jocelyn Nugent only scored two more, but showed a lot of promise for Revere at the plate as they tied the game up.

Revere continued to walk Malden in the top of the second inning. However, they also struck them out, only allowing Malden to score one more time before breaking the game wide open in the bottom half when Cate Morgan started the inning with a triple. Singles from F. Reed, D. Randall, a double from M. Hurley, and a home run from J. Piccardi brought in seven for Revere as they widened their lead.

Revere's defense kept Malden from scoring another in the fourth by catching a pop fly, striking a batter out, and catching a base runner stealing home to end the half.

A series of walks, stolen bases, and singles from M. Hurley and Dakota Lanes brought in three more for Revere. Malden attempted to recover in the top of the fourth with a run scored on a single, but three strikeouts from Danni Randall finished the game at 17-8

for Revere.

Friday, May 13th
Revere 7-Everett 6

Everett nearly erased a six-run deficit in a nail-biting win for the Revere squad.

Everett was no match for Danni Randall as she proceeded to strike out their first three batters to start the game off, but Everett's pitcher Perez battled right back, doing the same, showing that this game would be a tough one for both teams right from the start.

D. Randall held her own, striking out three more in a row. Then, as Maeve Hurley walked in the bottom of the second inning, she stole a base and was moved to third by D. Randall on a ground-out. Chloe O'Neil then brought in Maeve, putting a lonely run on the board before the inning ended.

The top of the third inning is where this game got interesting. An Everett walk, followed by a strike-out, led to a double-play on a ground ball to second baseman Cate Morgan, who turned it into a tag-and-toss double play to shut down Everett's attempt at recovery.

This energy carried over into the bottom half of the inning when Revere stepped up to the plate. A single from Josephine Piccardi followed by a bunt from Layla Hiduchick gave everyone at the ballpark an adrenaline rush.

Both baserunners stole a base before Frankie Reed popped out, and Everett's defense held the base runners. J. Piccardi stole home on a passed ball, and Maeve Hurley patiently waited for her walk to first base. L. Hiduchick scored on a passed ball during D. Randall's at-bat. A dropped third strike turned into a triple for D. Randall

and a run from M. Hurley. Chloe O'Neil singled to centerfield and D. Randall scored the fifth run for Revere as they took a big lead.

Two walks and stolen bases allowed Everett to score one before D. Randall struck out the side.

A walk from L. Hiduchick and singles from Jocelyn Nugent and Frankie Reed loaded the bases with two outs when M. Hurley fouled her way off to a walk, bringing in J. Nugent to score one more before Everett's defense caught their third pop fly of the inning.

Cate Morgan took the mound to relieve D. Randall in the top of the fifth inning on this hot and humid day, just as the sunset and the lights turned on.

Cate struck out the first batter, but a walk followed by an error put two on base for Everett when a grounder to Frankie Reed at third turned into the second double-play of the evening for Revere to shut Everett down.

After C. O'Neil was hit by a pitch, she stole her way to third base just in time for Jenna Yelmokas to bring her in with a single.

Everett regained traction in the top of the 6th inning as they were very patient at the plate. After two walks and a base hit to load the bases with no outs, a walk scored the second run for Everett.

After that, Everett found themselves in a pickle between M. Hurley at home plate and F. Reed

at third base. Revere successfully performed that pickle twice in a row, preventing two more runs and bringing two outs in favor of Revere.

However, a base hit and three more walks, followed by aggressive base running, scored four runs for Everett before C. Morgan fanned an Everett batter for the third out, leaving the score at 7-6.

After the Revere side struck out in the bottom of the sixth, D. Randall reclaimed the mound for Revere in the top of the seventh. After walking the first batter, she struck out the next two. Another walk placed two Everett runners on base, but Randall struck out the final Everett hitter to end the game.

Metro Tech Cosmetology students welcome loved ones for Day of Beauty to celebrate Mothers Day

Special to the Journal
The loved ones of students in Northeast Metro

Tech's cosmetology program were invited to the school last week for a day of beauty in celebration of

Mothers Day. On Friday, May 6, the cosmetology program welcomed 11 guests, who were gifted a variety of services that students have been working to master. The guests included mothers, grandmothers, aunts, and older sisters of students in the program, and each got to choose from a menu of options, including conditioning treatments, hair coloring, and various styling techniques.

Pointing at the massive structure behind him, U.S. Congressman Michael Capuano said the new Chelsea Street Bridge is an example of how federal earmarks work. Capuano on Monday joined Mas-

sachusetts Department of Transportation (MassDOT) Secretary and CEO Richard A. Davey as well as state and city officials to officially cut the ribbon on the \$125.3 million project to replace the aging bridge with a state-of-the-art vertical lift structure. The

bridge was reopened to vehicular traffic on Saturday. The project was funded to address long-standing issues caused by the narrow passageway used by oil tankers that resulted in accidents. Since 1972, there have been 133 incidents in which ships, tugs

or barges have struck the bridge. The new bridge has an environmental as well as a safety component, as the reduced potential for collisions will diminish the threat of oil spills. In June 2000, a tanker collision spilled 50,000 gallons of fuel oil,

closing the waterway and delaying aviation fuel deliveries for three days.

significant surplus in the snow and ice removal account. The City's financial departments have found themselves with more than \$350,000 in surplus monies that would have traditionally been expended to remove snow and ice from the City's streets. However, this past winter, snow never came, and so the money never got used. "It's the first time since I've been here that I've seen that," said City Director of Finance George Anzuoni. "I just really can't remember ever seeing an amount like that left over in the snow account."

The \$92.2 million bud-

get announced this week by Mayor Thomas Ambrosino, an increase of just \$1.5 million over last year, will result in the layoffs of five City Hall employees and 70 teachers. The School Department is taking the biggest reduction because of cutbacks at the state level for education funding. The state provides about 60 percent of the Revere school budget. Revere School Supt. Paul Dakin stated that in addition to the 70 teacher layoffs, another 23 positions in the schools that are being vacated because of attrition or retirements will go unfilled.

As expected, the City Council passed the budget of \$28,388,363 as proposed by Mayor George V. Colella without any changes. The new budget, which is mandated by the Prop. 2 and 1/2 law, will reduce the tax rate by \$35.00, but will result in the layoffs of city employees in all departments.

Disabilities Comm. hears presentation about reporting abuse of the disabled to the state

By Journal Staff

The Revere Commission on Disabilities held its regular monthly meeting last Tuesday evening, May 10.

Chairperson Ralph DeCicco, vice-chair Pau-

line Perno, and members Mario Grimanis and Jason Barone were on hand for the meeting that was held via Zoom.

After the approval of the minutes from the April meeting (which was the first item on the agenda),

the commissioners took up the following agenda items:

The commission heard a presentation from Sarah Nechamen, who is the Outreach and Training Specialist from the Massachusetts DPCC (Disabled

Persons Protection Commission).

Ms. Nechamen discussed the many forms that abuse of disabled persons can take and the signs to look for in a case of abuse. She also informed the commission and residents of the DPCC's hotline, 1-800-426-9009, to report any instances of suspected abuse of a disabled person.

The DPCC is charged with the investigation and remediation of abuse by caregivers of disabled adults between the ages of 18-59. There is no time limit for reporting an instance of abuse.

Abuse of children under the age of 17 (1-800-792-5200) and abuse of senior citizens (1-800-922-2275) are handled by different agencies, irrespective of a disability.

She noted that a person does not need "proof" to make a report, but a sincere suspicion is enough for a person to make a report. She noted that the investigations are conducted by civil, as opposed to criminal, investigators.

However, reports are screened by State Police investigators for possible criminal prosecution.

If a finding of abuse is confirmed, the matter can be referred to a variety of resources to support the victim and to prevent future abuse. She also mentioned that her agency does not release the names of those who file reports of abuse with the DPCC. There are a host of persons in professions who are mandated reporters, including medical personnel, police officers, teachers, and others.

In addition, a person who is confirmed to be an abuser is placed on a list so that the abuser cannot work again in the field.

In response to a question from DeCicco, Nechamen said that financial abuse, as opposed to physical or emotional abuse or neglect, is not within the purview of the DPCC. Financial abuse matters typically are criminal matters and are investigated directly by the police authorities.

In other matters: DeCicco attended the monthly Zoom meeting on May 4 of the regional CODA (Commissions

on Disabilities Alliance). He noted that the meeting took up the following topics:

- Discussion by Cambridge COD regarding bike lanes and issues they are having and how they are being dealt with;

- Discussions regarding State AAB (Architectural Access Board) Variance Applications. DeCicco noted that he is notified by the Revere Zoning Board of Appeals whenever there are applications regarding this issue; and

- Discussions regarding an upcoming municipal election and having accessible voting equipment in light of the hesitation by disabled persons to vote in person because of COVID fears. DeCicco noted that the local disabilities commission in the community where this was an issue suggested to its election officials to provide sanitary wipes for the voting machine equipment, which the Revere commissioners agreed was a simple and common-sense solution to the problem.

Perno provided an update regarding a suggestion she had made at the April meeting to have able-bodied persons assuming the daily life situations of a disabled person as a means of educating the public about the challenges faced by persons with disabilities. She said she has been unable to find programs related to this issue and suggested that the commission might develop a program on its own.

DeCicco mentioned two possible role models that could be followed by the local commission.

DeCicco said the commission is looking to fill a vacant slot and applicants can go to the City of Revere web site for information and details

Under the item labeled, "Commission Members' Late Items," Grimanis mentioned that there are still issues with the MBTA's The Ride program. He mentioned that it can be difficult reaching a person at The Ride and often those who take the calls are "rude."

DeCicco said he has been receiving calls from residents who are asserting that the new sidewalks in connection with the signalization work on

Broadway are not handicapped-accessible. However, he said this is only a temporary issue that was weather-related and there will be ADA-compliant sidewalks when the work is completed.

He also reminded residents that the commission does not make decisions on the installation of handicapped parking signs on city streets. That issue falls within the jurisdiction of the Traffic Commission to make a final determination. DeCicco routinely makes recommendations to the Traffic Commission as to whether the application meets all of the criteria for the installation of a handicapped street sign.

In addition, DeCicco noted that signs regulating parking on a particular street take precedence over handicapped placards. He also pointed out that it is illegal for a motorist to have a handicapped placard hanging from a mirror or visor while driving, for which a motor vehicle operator can receive a citation for a civil moving infraction of impeded operation. This is similar to hanging air fresheners from a rear-view mirror or visor.

Perno concluded the meeting by reading the commission's regularly monthly notice to residents:

The Commission on Disabilities is working remotely. Residents can speak to staff from our 311 Constituent Service Center Monday through Friday when you call our office at 781-286-8267. They will be able to answer most questions but if they are unable to or if you would like a call back from our department, please ask to be transferred to the Disability offices voicemail and someone will get back to you as soon possible.

As always please let us know if you would like something discussed or brought up and added to our monthly meeting agenda. You can let us know if you would like to speak on any issue or concern. The Commission is here to help and assist all the disabled residents and families of Revere.

The commission's next meeting (via Zoom) will be Tuesday, June 7, at 6 p.m.

Mass. Gaming Commission releases casino revenue numbers for the month of April

Staff Report

The Massachusetts Gaming Commission Releases April 2022 Gross Gaming Revenue for Plainridge Park Casino, MGM Springfield and Encore Boston Harbor

The Massachusetts Gaming Commission reported today that the month of April 2022 at Plainridge Park Casino (PPC), MGM Springfield and Encore Boston Harbor generated approximate-

ly \$99 million in Gross Gaming Revenue (GGR).

PPC, a category 2 slots facility, is taxed on 49% of GGR. Of that total taxed amount, 82% is paid to Local Aid and 18% is allotted to the Race Horse Development Fund. MGM Springfield and Encore Boston Harbor, category 1 resort-casinos, are taxed on 25% of GGR; those monies are allocated to several specific state funds as determined by the gaming statute.

To date, the Commonwealth has collected approximately \$1.146 billion in total taxes and assessments from PPC, MGM and Encore since the respective openings of each gaming facility.

View comprehensive revenue reports for each gaming licensee at <https://massgaming.com/regulations/revenue/>. MGC issues monthly revenue reports on the 15th of each month or next business day.

Arrigo proclaims Taiwanese American Heritage Week

Staff Report

Mayor Brian Arrigo proclaimed May 8-15 as Taiwanese American Heritage Week in the City of Revere. Mayor Arrigo presented a citation to Revere resident Joseph McHugh in recognition of the city-wide observance.

Following is the text of the proclamation:

"Whereas America has been continually renewed and enriched by the many different people who choose to come here and become our fellow citizens, each bringing a part of their own heritage, which over time becomes part of our common heritage;

Whereas generations of Asian-Americans have helped make America what it is today, and there are more than 500,000 Taiwanese Americans in the United States, with a significant Taiwanese population in the City of Revere;

Whereas Taiwanese Americans have made enormous contributions to the diversity and prosperity of American society,

Mayor Brian Arrigo presents a citation to Revere resident Joseph McHugh proclaiming Taiwanese American Heritage Week in the City of Revere.

having succeeded as successful and notable artists, Nobel laureate scientists, researchers, human rights activists, and business and community leaders;

Whereas Taiwanese Americans are proud of their roots and their vital role in the continued growth of our nation;

Whereas this week recognizes the longstanding friendship between the United States and Taiwan;

Whereas during this special week, Taiwanese Americans are able to embrace America's diversity and celebrate the spirit of community that binds us together as one nation;

Now, therefore be it resolved that, I, Brian M. Arrigo, Mayor of the City of Revere, do hereby proclaim May 8 through May 15, 2022 to be Taiwanese American Heritage week in the city of Revere."

Women share their recovery journeys and embrace sisterhood at a Women's Recovery Court celebration

Special to the Journal

A group of women shared their journeys of recovery and celebrated their sisterhood in the struggle against substance abuse at a recent Women's Recovery Court Session. The Recovery Court event was held at Recovery on the Harbor in East Boston where a conference room was dedicated in the memory of Valerie Brennan, a Community Coordinator at Recovery on the Harbor, a resource center for individuals in recovery operated by North Suffolk Mental Health Association (NSMHA). Ms. Brennan, a Malden resident, passed away November 6, 2021, following an illness.

Brennan. Many of you knew her. Valerie suffered. She was a woman in long-term recovery, struggled for a long time, and had a lot of losses," said Ms. Celata. "There are three words that every time when I think of Val, I think of these words: Perseverance, acceptance, and hope....She persevered and had acceptance for so many things that others would have dropped. She kept going and then she had this hope, this hope she instilled upon everyone else." Ms. Celata added, "Hopefully, when people come here, they can see the perseverance, the hope, and acceptance because it is key in recovery today."

The Women's Recovery Court event, held May 2, was hosted by NSMHA and the Malden District Court Probation Department. More than 50 women attended the celebration and dedication.

Lynn District Court Judge Ina Rae Howard-Hogan served as the keynote speaker and told the audience, "I'm going to speak from the heart. Look at this room. Sisterhood...I am loving it. And, what we've all been through these past couple of years and still you rise. You see people like Valerie and you say 'oh, the battle was lost.' No, the battle wasn't lost because you know why. That example that she set for the rest of us is to give you that step to go further. Because you are going to think about her. We are all

Jenny Celata, NSMHA Recovery coach, kicked off the event with an introduction of a plaque featuring Ms. Brennan's picture and her favorite saying, "If you don't leave your past in the past, it will destroy your future. Live for what today has to offer, not for what yesterday has taken away."

going to think about her and that is motivational."

Malden Assistant Chief Probation Officer (ACPO) Judith Lawler acknowledged Recovery Court participants as well as Katie O'Leary, North Suffolk Mental Health Director of Recovery Support Services. Ms. Lawler also recognized Malden Chief Probation Officer (CPO) Marisa Cogliando-Vaughn, ACPO Jennifer Donahue, and Probation Officers Cynthia Russell, Nicole

Guidoboni, and Alyssa Yearwood "whose dedication and caring to those who are struggling with substance abuse disorder and mental illness is inspirational." She also gave special acknowledgement to PO Gianna Franco, "our leader in Recovery Court who works day in and day out to help probationers overcome obstacles and begin a journey of hope and healing."

"Why are we here? What is this? This to me

as Oprah says is an 'aha moment.' A thought, an idea that started in Chelsea District Court about eight years ago under the leadership of Judge Benjamin Barnes has happened and is happening again today because here we all are, women coming together to offer knowledge, support, and encouragement and hope to share the peaks and valleys, the ups and downs, the pain and the joy, the darkness and the light, and the strug-

gles and successes of your journeys," said Ms. Lawler.

Other guest speakers included former Recovery Court participants who are all now Recovery Coaches, including Rebekah Cole, NSMHA Recovery Coach and Charlestown Recovery Court graduate, and Danielle O'Brien, Recovery Support Centers Coordinator, Bureau of Substance Addiction Services and South Boston Recovery Court graduate.

proceed through an extensive application process that included writing an essay on what leadership meant to her. She qualified for the interview phase and appeared before a panel of law enforcement personnel including Capt. O'Hara.

nar on stadium security. "Being accepted to the FBI's regional leadership academy is pretty prestigious," said O'Hara. "This was a lot involved in the application process and Bella impressed everyone with her scholastic record, leadership qualities, and extracurricular activities. Bella will be the first student from Revere to attend this program."

Bella," said Kelly. "I think one of the greatest things about Revere is that everyone in this city is focused on helping kids and providing them with unique opportunities that kids in other cities and towns may not have simply because they don't have the same level of support.

Supt. Diane Kelly commends Stamatopoulos, Revere Police Superintendent of Schools Dr. Dianne Kelly has built a national-model, urban school district that has afforded Revere students national opportunities in academics, athletics, the arts, and robotics. She recognizes the prestige and honor associated with the FBI Leadership Academy.

"Revere Police and Captain O'Hara are great partners to the school department," continued Kelly. "They truly keep our students at the forefront of their work, as opposed to other police departments that may not take such an inclusive approach. I'm sure that Bella will take full advantage of this opportunity and leverage it to build a great future for herself. Once she graduates RHS and completes college, I hope she will return and pass what she has learned on to the next generation of Revere students."
