Cogliandro wants Councillors who miss meetings to face salary cut

By Cary Shuman

Ward 3 Councillor Anthony Cogliandro has been in office for only five months. But he's not shying away from making motions that stir things up.

Citing poor attendance at meetings by some councillors, Cogliandro wants an ordinance passed that would deduct a percentage of a city councillor's salary when a councillor is absent from a regular meeting or a subcommittee meeting.

"We've had 19 subcommittee [meetings] and we've had two of them full," began Cogliandro.

"We've had 11 Council meetings, and we've only had every councillor at four of them."

Cogliandro added, "This is a job we're paid to do, and I feel like we owe it to the people to come here and conduct our business."

The first-year councillor said he understood that the demands of the job extend beyond meetings to "phone calls, emails, site visits, but this is what we're paid to do."

Cogliandro said there was a recent subcommittee meeting and a quorum (the minimum number of members necessary to

conduct the business of the subcommittee) was not present. "That's bad," summarized Cogliandro.

Councillor-at-Large Marc Silvestri said he has supported the measure since being elected last November.

"It's not aimed at anyone personally, but I echo Councillor Cogliandro's feelings," said Silvestri. "We are elected. We're here to represent the people of Revere. We have less than 24 meetings in a year, and unless there is a family member's death, someone is very ill, or an

HYM breaks ground at Suffolk Downs redevelopment site

Special to the Journal

Revere Mayor Brian Arrigo along with Revere and Boston city officials, joined executives from The HYM Investment Group ("HYM"), Cathexis and National Real Estate Advisors ("National") to break ground on the former racetrack site at Suffolk Downs. Today marks the beginning of the transformation of the underutilized 161-acre site into a thriving neighborhood and mixed-use community. Spanning two cities, the Suffolk Downs development is one of the largest real estate projects

in Massachusetts' history and will ultimately deliver 16.2 million square feet of development, including 10,000 apartments and condominiums, 5.2 million square feet of life science and commercial office space, 450,000 square feet of retail and civic space, and 40 acres of parks and open space.

The project will ultimately deliver the largest single creation of housing by a redevelopment project in Boston's history. The groundbreaking also marks the official launch of a joint venture

License Comm. holds hearing on incident at club

By Journal Staff

The Revere License Commission took up a full agenda of items at its regular monthly meeting last Wednesday, May 18, in the City Council Chamber.

Chairman Robert Selevitch and fellow commissioner Linda Guinasso were on hand for the meeting.

The chief highlight of the session was the commission's hearing regarding the incident this past February at the Squire Club in which a patron was seriously injured by a broken bottle during a melee inside the premises in which a detail officer also was assaulted.

Revere Police Officer Daniel Marks, who was the detail officer on the evening of the incident, testified to the commission about what happened.

Marks said he was working his detail as usual when, around 1:30 a.m.,

he was made aware of a fight in a far corner.

"There were a few people fighting and it escalated from there," Marks said. "There also were people fighting behind the bar. As I was making my way there, somebody tried to jump on top of me."

Marks said he shrugged off that person and then went to assist another patron who had been struck over the head with a bottle.

"I knew he had been injured when I could feel blood from the victim from lacerations to his head," said Marks, who described a chaotic scene with multiple combatants and glass barware "flying everywhere."

According to Marks, he was able to determine that the pandemonium ensued after someone had tried to rip a gold chain from a female patron's neck.

Vinny's Market continues to be a Revere Staple

As Revere is seeing many changes in its neighborhoods, one of the many staples in Revere is the popular Vinny's Market on the corner of Malden Street and Newhall Street. The store was opened 45 years ago by the Prezioso family

who had immigrated from Cerignola, Italy.

Owner Angelo Prezioso is a proud Italian immigrant who moved to the United States 55 years ago with his parents and three siblings. They lived a typical Italian life where they worked hard for ev-

School Committee votes no on school choice

By John Lynds

Each year around this time the Revere School Committee is required by Massachusetts Law to hold a public hearing to discuss and vote in favor or against the enrollment of non-Revere resident students into Revere Public Schools.

Some cities in towns in the Commonwealth allow families to enroll their children in schools in their communities even if they

reside outside the city or town. The per-pupil funding, which in Massachusetts follows the student, is paid by the sending district to the receiving district.

At last week's School Committee meeting member Carol Tye made a motion to not participate in the state's school choice program after Superintendent Dr. Dianne Kelly made a case against the program.

"As you know, we do

take this vote every year," said Kelly. "Many districts and school committees will vote to accept students from other nearby communities and allow those students to enroll in their schools. The conditions in Revere have been such that we have been overcrowded for a long, long time and we just don't have room in our classrooms to accept students from other districts."

Kelly said while the program helps some strug-

gling districts that have a hard time filling classrooms and are in need of an extra boost of funding, Revere schools simply don't have the space.

"It makes sense when other districts have classrooms that are not full, or when they have more building space then they know what to do with—accepting students from other communities can help increase their funding by increasing their enrollment," said Kelly. "How-

ever, that's not the situation that we (Revere Public Schools) find ourselves in here. "So I would urge the Committee to vote no on the school choice option of accepting students from other districts into the Revere Public Schools."

Tye made the motion that the Committee vote no and not participate in school choice.

"I feel very passionate about this," said Tye, who has been an outspoken opponent of the school

choice program coming to Revere. "So I move that we vote no on allowing non-Revere, students from non resident students, students from other school systems, to participate in the wonderful education that we give here in Revere."

The motion by Tye passed unanimously with all Committee members rejecting bringing the state's school choice program to Revere.

Cogliandro seeks traffic lights at intersection of Mountain Avenue and Broadway

By Cary Shuman

Ward 3 Councillor Anthony Cogliandro is asking MassDOT, the Revere Traffic Commission, and the Revere DPW to consider the installation of traffic lights at the intersection of Mountain Avenue and Broadway.

Cogliandro said he has received many complaints about the busy intersection.

"I believe just about every four-way stop on Broadway has a set of lights," said Cogliandro. "If anyone's ever tried to get on to Broadway when there's traffic off of Mountain Avenue, it's a nightmare."

Councillor-at-Large George Rotondo said the intersection has traffic coming from many directions, "the Hill School, the high school, and coming back from various schools in West Revere."

"So I think it's definite-

ly needed," said Rotondo.

Ward 4 Councillor Patrick Keefe informed his colleagues that the City is "in the middle of a traffic signalization project on Broadway that starts as you enter from Chelsea and goes through the seven intersections on Broadway."

"I think the hope is that we'll see some traffic reduction, better intersections, more coordinated crosswalks, and if those don't stop the problem, we're going to have to take some more drastic measures," said Keefe.

Councillor-at-Large Steve Morabito said he supported the installation of traffic lights in that intersection. "It will provide safety for kids crossing, especially since it is so close to a school zone," he said.

The Council voted unanimously to approve Cogliandro's motion.

Council approves \$175,000 appropriation for Sand Sculpting Festival

By Cary Shuman

The City Council unanimously approved a request by Chief Financial Officer Richard Viscay for a free cash appropriation of \$175,000 for the annual Revere Sand Sculpting Festival held at Revere Beach.

The international competition that attracts the best sand sculptors in the world will be held in July. The Revere Beach Partnership coordinates the festival that has attracted more than one million visitors to the city in previous years.

Ward 4 Councillor Pat-

rick Keefe said the festival is "a great event" but asked why the amount of the funding request increased by \$50,000 from last year's festival.

"After conversations with the Partnership, this is the amount that was requested," said Viscay. "They're hoping to have

the best sandcastle festival yet, and this is the agreed upon amount that would help them get to that prerogative and we support it."

Viscay said inflation also contributed to the request for additional funding.

Visconti said video recorders of Council meetings must make request in advance

By Cary Shuman

Council President Gerry Visconti announced the implementation of new video recording rules for City Council meetings.

Visconti said the new rules were being adopted "due to some of the behavior that happened at our last meeting."

"Anyone who wishes

to record today's meeting must approach the podium, provide your name and address for the record, and indicate what you are using for a recording device," said Visconti.

He said members of the audience who refuse to obey the video recording regulations will be asked to leave the meeting. Those recording the meet-

ings on video will have to sit in designated seats in the Council chambers.

Revere resident Wayne Rose spoke against the new regulations.

"This is not right — so we can't pick and choose where we want to sit?" asked Rose. "This is a free country. We should be able to do this. It's a public chamber."

This important work to repair and reopen the Suffolk Downs pedestrian bridge needs to be proactively accomplished and complete prior to the beginning of MassDOT's Sumner Tunnel Restoration project, which begins June 10 with the shutdown of the Sumner Tunnel on weekends from Spring 2022 to Spring 2023; seven days a week from May 2023 to September 2023; and on weekends from Fall 2023 to Winter 2023. If the MBTA does not complete this work on the Suffolk Downs pedestrian bridge now, the pedestrian bridge will likely not be repaired for another two years until the Sumner Tunnel reopens seven days a week in Winter 2023. The Suffolk Downs pedestrian bridge will fully reopen to the public later this summer 2022.

The MBTA understands how frustrating service diversions can be, and thanks Blue Line

riders for their patience while this important Blue Line work on the Suffolk Downs pedestrian bridge is completed.

During this 18-day Blue Line suspension, free shuttle buses will replace Blue Line service between Wonderland and Orient Heights stations all day and every day between May 22 and June 8.

MEMORIAL DAY

By JOHN B. DALEY

Soldiers in blue, our fathers of old,
Fading like leaves in the Fall;
Lend us your heritage—shining and bold,
Helping us on to the goal.

Although nearly seventy years have elapsed since the termination of the War with the South, Memorial Day still brings back to us memories of those gallant soldiers who have made the Union what it is today. Perhaps, in the light of the history-making era we have been through in the last 15 years, some of us are apt to forget that it was the bravery of our fore-fathers, who fought hardest when the outlook was darkest, which kept the United States united.

A little reflection on the past is good for the soul. Let us all reflect then on those men who made the sacrifice of their lives and those who were willing to do so, but were spared through His Mercy.

Memorial Day is a day which should be set aside by all Americans—new or old—as one for serious thought and contemplation. The instinct which prompts us to doff our hats to the Grand Old Veterans is a natural one, and well it might be—for these are the Saviours of the Country.

WRIT HEARING IS RESUMED AFTER 8 DAY SUSPENSION

the chair, all Councilmen present but Gilfix and Kelley, the latter being reported as sick. Following the reading of the call for the meeting, a communication from the Chief Executive was introduced, and it was ordered, on motion of Councilman Reinstejn who led debate on the subject, that the reading of the communication be waived except the last sentence, "I am returning the original order as passed by you for your correction."

FORUM SPEAKER DISCUSSES NEW BEVERAGE LAWS

Attorney Jacob J. Tutun of Chelsea was the featured speaker of the regular weekly forum of the Chelsea-Revere Bar Association, broadcast over radio station WLOE Sunday afternoon, choosing as his subject the new beer law and its conflict with other laws.

After a brief explanation of the law as it now stands, Attorney Tutun said:

"The average person perhaps welcomes the advent of the new beer, as it is called, as one step in bringing about new business and in removing somewhat the stringent regulations which existed under the 18th Amendment and the Volstead Act.

From the legal standpoint and in the course of the administration of this law, as well as kindred laws which have some relationship to the use of intoxicating liquors, there may be certain problems which have arisen and which will continue to arise until the matter has been adjudicated by the Supreme Court or until some further legislative enactment is brought about to remove the ambiguities which now exist.

He spoke at length, telling of the passing of various laws, their effect upon the states, and the action of this state, all of which was unfolded in chronological order.

"In view of these provisions of the

Probability that State intervention, likely in the form of a commission or control board, would be visited on this city, loomed yesterday after three different organizations sent representatives to the State House during the week to discuss local conditions with Governor Joseph B. Ely.

It was learned from a reliable source today that the Governor is expected to send a message to the State Legislature next week asking the appointment of a State governing board for this city.

GOVERNOR JOSEPH B. ELY

Numbered among those who talked with the Governor on the matter included officials of the Chamber of Commerce, Democratic Women's Club and members of a civic committee which called a meeting of business and fraternal leaders of the city Wednesday night at Hibernian Hall.

A MEMORIAL DAY TRUISM: FREEDOM ISN'T FREE

For the first time in 20 years -- that's an entire generation -- America's military men and women are not fighting a war on foreign soil.

The withdrawal of our remaining troops from Afghanistan last August brought to an end a conflict that had long-outlasted its purpose, which initially was meant to destroy the al-Qaeda terrorist organization that was responsible for the 9/11 attacks, but which somehow morphed into a long-term, nation-building undertaking.

Although we technically are at peace, the world stage feels anything but peaceful. Totalitarian adversaries either are wreaking havoc (Russia in Ukraine) or threatening to do so (No. Korea and China).

If the lessons of the past and present teach us anything, it is that we cannot take our freedom for granted.

The same troops who are delivering baby formula today could be called upon to engage in a far different and more dangerous mission at any moment.

This realization made us think back to the roots of Memorial Day, originally known as Decoration Day, with the proclamation by Gen. Logan on May 5, 1868, in which he declared:

"The 30th day of May, 1868, is designated for the purpose of strewing with flowers or otherwise decorating the graves of comrades who died in defense of their country during the late rebellion, and whose bodies now lie in almost every city, village, and hamlet churchyard in the land. In this observance no form or ceremony is prescribed, but posts and comrades will in their own way arrange such fitting services and testimonials of respect as circumstances may permit. Let us, then, at the time appointed, gather around their sacred remains and garland the passionless mounds above them with choicest flowers of springtime; let us raise above them the dear old flag they saved from dishonor; let us in this solemn presence renew our pledges to aid and assist those whom they have left among us as sacred charges upon the Nation's gratitude, the soldier's and sailor's widow and orphan."

That in turn got us to thinking of what rates as the greatest testament to the memory of those brave Americans who made the Supreme Sacrifice, the Gettysburg Address by President Abraham Lincoln, in order to preserve our democratic way of life:

"Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal.

"Now we are engaged in a great civil war, testing whether that nation, or any nation, so conceived and so dedicated, can long endure.

"We are met on a great battle-field of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

"But, in a larger sense, we can not dedicate, we can not consecrate, we can not hallow this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion that we here highly resolve that these dead shall not have died in vain that this nation, under God, shall have a new birth of freedom and that government of the people, by the people, for the people, shall not perish from the earth."

We hope our readers appreciate the eternal truths of Lincoln's sentiments, which are as relevant today as they have been since the founding of our nation.

We wish all of our readers a happy and safe Memorial Day weekend.

The Revere Human Rights Commission and I stand united in the following statement to recognize the recent tragedy our country faced in Buffalo.

It is with great dismay that we have witnessed another hideous and racially motivated hate crime perpetrated against innocent Black people. Unfortunately, mass shootings are a powerful and important reminder that white supremacist extremism and systemic racism are interrelated --

By Dr. Glenn Mollette

Decoration Day was observed on May 30th from 1868 to 1970 to decorate the graves and honor those dying in military service for our country. In 1971 Congress officially made the last Monday in May Memorial Day.

On this day, Americans take time to pay respect and decorate the graves of our military service Americans who died to keep America free. Because of them we can travel the country, have picnics, go to ballgames and more.

For me, Memorial Day has changed. Memorial weekend was a big time of family gathering. I can still remember Mamaw and Grandpa, all nine of their children and the grandchildren gathering to eat, play, talk and laugh. But

emergency comes up -- we all have had that happen, but we need to do better at being here 100 percent of the time as elected officials in this city. We always say we're here to represent the people, then we need to show up to represent the people."

Ward 6 Councillor Richard Serino commended Cogliandro for his motion before asking his colleagues to consider moving the starting time of subcommittee meetings to 6 p.m., as opposed to 5 p.m. He said some councillors, including himself, work in fulltime jobs until 5 p.m., which makes it difficult to be at subcommittee meetings.

Councillor-at-Large Steven Morabito said poor attendance in the private or public sectors is "grounds for being written up, termination, especially excessive absences."

"So, I think this motion should be put in place because the people elect us to show up and do our job, and if we don't, there should be consequences," concluded Morabito, while wondering whom would decide the percentage of the councillor's salary that "would be docked."

Councillor-at-Large George Rotondo, who is a nurse, said there are many health-related factors that need to be considered, such as long-term illnesses and surgical procedures that would prevent a

that the ideology and historical roots that sustain them are inherently the same. Hate has no place in this world and will not be tolerated in our community. We must all hold ourselves accountable to respect all of our neighbors and uphold civility in the City of Revere. No one should live in fear because of the color of their skin. This tragedy reminds us just how quickly hate can escalate into violence, so it is our responsibility to educate ourselves and unite against all forms of hatred. We will contin-

ue to elevate and bring awareness to all forms of racially charged domestic terrorism so that we can advocate for our fellow community members and stand against hateful acts such as these.

Why did Memorial Day Change?

then Mamaw and Grandpa died and the reunions changed. One by one the siblings passed away. Today, all nine of them and their spouses are gone.

The grandchildren are now passing away. This is my generation. As I begin to think of their names it's a surprising number. All five of my dad's brothers and sister are gone. Throughout the years I've attended too many funerals. This includes my wife of 27 years and our little stillborn baby. Memorial Day has changed. So many people I celebrated the day with are gone. It would be impossible for me to visit all the graves of all these dear people. They are scattered out between Kentucky, Ohio, West Virginia and other states.

When Memorial Day comes, I try my best to

make the six-hour trip to decorate my deceased wife's grave. Carole, who I married 17 years ago has deceased parents who are buried three hours away from where we live. It's never easy. There are flowers to buy. The drive is not easy and we have those who are alive we want to visit. It's makes us feel bad that we don't have hours to go and spend at the cemetery and respect those we loved.

Sadly, there are so many forgotten graves of loved ones and American soldiers. The older we get the number of deceased people we know can become more than the living we know.

Do the best you can. This is all any human being can ever do. There are graves you know you must attend to and others you will have to trust to other family members or friends.

While we are trying to celebrate Memorial Day the right way, please continue to celebrate the living people in your life. There is a story in the Bible where a friend of Jesus anointed him with expensive ointment while they were having dinner. It was her way of celebrating him and what he meant to her. Try to find ways to anoint people in your life who are meaningful to you. Buy them flowers now if you can afford them. I hate to say it but it's true -- dead noses smell no roses.

I've always tried to buy flowers for those I love

while they can enjoy them. It may not be flowers but maybe it could be a nice smile. A word of thanks or praise for a person in your life would be meaningful. One way you might make Memorial Day meaningful is celebrating those people you have in your life today because, as we know, it won't last long.

Back in February, my brother-in-law Harold was very sick and I knew his time was limited. My wife and I agreed we needed to go and visit with him. We had a good visit and a good talk. When I left him that day and we said goodbye to each other, I felt that it was truly goodbye at least for this life. He died just a couple of weeks later.

Memorial Day has changed for most of us. However, try to make a good memory or two with those people who are still alive in your life. What you remember about those who have gone on is what you enjoyed while they were living.

This Memorial Day weekend, be very safe and take time to enjoy the living.

partnership between National and HYM on the initial residential components of the redevelopment. National's equity participation in the project will allow the delivery of nearly 4 million square feet of residential development, or 4,200 units, to be built at Suffolk Downs in the next eight years.

The groundbreaking on a new life science building and new residential building is just the beginning of the first phase of this historic project. 100 Salt Street, a 280,000 square-foot life science lab and biomanufacturing facility adjacent to the MBTA Beachmont Station, will be the first purpose-built, large-scale laboratory and biomanufacturing space in the City of Revere and will provide the Greater Revere community access to thousands of permanent jobs in Massachusetts' booming life sciences industry. The 100 Salt Street Life Science building, in addition to its life science lab floors, has two biomanufacturing ready floors, which will provide a unique benefit to a life sciences tenant by allowing it to produce small batch pharmaceutical drugs in the same space as their corporate headquarters. In addition, 100 Salt Street has ground floor retail and restaurant space. Amaya, a 475-unit apartment building, is the first of several residential buildings planned for Suffolk Downs. The building will feature 34,000 square-feet of amenities, 24,000 retail square-feet of ground floor retail and a mix of unit types ranging from micro studios to two-bedrooms.

100 Salt Street, designed by Elkus Manfredi Architects will be completed by the end of 2023, with tenants moving in throughout

2024. Amaya, designed by ICON Architecture, will wrap up construction in the second quarter of 2024 with residents moving in at that time.

This new, mixed-use district will attract employers of growing industries and create a truly dynamic live and work environment for the residents of Revere and East Boston. The redevelopment at Suffolk Downs is projected to bring 22,000 new, permanent jobs through laboratory, manufacturing, and retail space and over 18,000 new construction jobs over the next two decades. Through an unprecedented Project Labor Agreement (PLA) that will ensure this project will be union-built, a \$2 million fund was created to specifically prepare local residents to join the future workforce at Suffolk Downs and set forth several critical equity and inclusion provisions that will bring more women and people of color into the trades.

"The groundbreaking at Suffolk Downs marks an exciting new chapter for economic development in Revere," said Mayor Brian Arrigo. "Suffolk Downs will create a new commercial cluster that connects the residents of Revere to the jobs of the future; we

are thrilled to finally be an active participant in the booming life-sciences ecosystem."

"Today, we celebrate the power of teamwork and a new chapter for Suffolk Downs. Together with the communities of Revere and East Boston, we are creating a new, inclusive and equitable neighborhood from the ground up," said Thomas N. O'Brien, founding partner and managing director of The HYM Investment Group. "Suffolk Downs is setting a new standard for sustainable development, job creation, affordable housing and public open spaces."

"We are proud to be a part of this momentous occasion," said Jonathan Moy from Cathexis.

"We look forward to deepening our roots within the burgeoning Greater Boston community and becoming a part of the transformative Suffolk Downs redevelopment," noted Jeffrey Kanne, President and CEO of National. "Projects of this scale, vision, and complexity can only be realized with excellent and knowledgeable partners in place. The Suffolk Downs project team is committed to ensuring those who live, work, and play at the redeveloped Suffolk Downs site have access to high-quality, accessible transportation options. There will be significant improvements to the MBTA Blue Line and bus stations and a cohesive internal network of bike paths and walking trails that will connect all of the activities that the new neighborhood has to offer. Residents and visitors will also have access to 40-acres of new open spaces and parks that integrate beautiful on-site wetlands and complement the neighborhood's natural assets of Belle Isle Marsh, Revere Beach and Constitution Beach.

Mayor Arrigo, State Rep. Giannino, and Councilor Morabito endorse Campbell for AG

Staff Report

As she continues her Listening to Our Gateway Cities tour, Andrea Campbell for Attorney General today received the formal endorsement of Revere Mayor Brian Arrigo, State Representative Jessica Giannino, and Revere City Councilor At-Large Steven Morabito. They join Senator Lydia Edwards and Ward 4 Revere City Councilor Patrick M. Keefe in supporting Campbell's bid for AG.

The endorsement comes at a time when Campbell continues to push the state's conversation around expanding access to reproductive healthcare, combating the scourge of price gouging by retailers, and addressing racism and white supremacy after the domestic terror attack in Buffalo.

"As a former elected official, Andrea has a strong record of showing up to deliver better outcomes for her constituents. She understands that to truly

residents about the everyday issues we are facing," said Mayor Arrigo. "There is no better candidate in this race than Andrea Campbell to advocate for us at the state level, hold bad actors accountable, protect our rights, and fight for our future."

"As a fellow former City Councilor, Andrea understands that all politics is local. She has made it a point to ensure that the underrepresented members of our community are not left out of

the conversation," said Representative Jessica Giannino. "There is no better candidate in this race than Andrea Campbell to advocate for us, with me, at the state level, using her lived, legal and elected experience."

"Andrea will have the best interest of the people in mind, holding corporations and big pharma accountable, while taking on issues of fraud, price gouging and environmen-

One person later was arrested in the parking lot for disorderly conduct, but Marks said that the perpetrator of the assault with a bottle fled the scene.

"From your perspective, what do you think the management could have done to handle the situation better?" asked Selevitch.

"There should be more officers on detail there," said Marks. "It was a chaotic and confusing situation. My focus was on separating everyone who was fighting and moving them to the exit."

"It's very concerning to me that officers can end up in a problem like that. I think they should be staffed with enough security to help out," said Guinasso.

The commissioners then heard from Police Lt. Thomas Malone, who is the overnight officer in charge.

"How would you characterize the situation at the Squire?" Selevitch asked Malone.

"Is there a problem every night? Of course not," Malone said. "But we have to send half the platoon shift there every night, especially on the weekends, because of the shouting of patrons in the parking lot and to make sure that they get to their cars without incident."

"People come into the city from other places that have earlier closing hours," Malone continued. "People are coming to our city for last call and they already have had drinks in them and this establishment seems to attract mostly out-of-towners who come here at 1:00."

"If I have to send five to six officers down to the Squire to close it, that takes away coverage from the rest of the city. I fear for my officers' safety. People are paying a cover charge of \$20-\$30 for a last drink and they expect to have more than one drink," Malone added.

"Is there anything they could do to make it better?" asked Selevitch.

"I believe we should roll back the closing hours to 1:00 from 2:00," replied Malone. "The uptick in crime is rising exponentially across the country and this is hurting our coverage across the city."

"If we have to use five officers for this business, they should have to pay for it as a detail," said Selevitch.

"I'm a proponent of the 1:00 license," said Guinasso. "We should not be baby-sitting a license. But people have proven they can handle it."

"This is very concerning," Guinasso continued. "We're shortchanging the residents of the city who might need the police. People drink, that's what happens. For this coming summer, I do not want to see five of our officers in a parking lot."

The commissioners then asked Peter DiPesa, a co-manager of the Squire, for his reaction to what he'd heard from the officers.

"This was a gang fight," said DiPesa. "They have no respect for ourselves or the police. We have barred this group from our establishment. They'd been trying to come back for six weeks, but they finally got the message that they are not welcome. This was an isolated incident. We have a capacity of about 275 and there was less than half of that on the premises that night."

DiPesa further stated that the patron who was cut was not struck with a glass bottle, but rather had injured himself when he jumped over the bar.

He also said that the issue is not alcohol-related. "It's a culture-related thing," said DiPesa. "People are smoking marijuana and liquor sales have dropped. This is the same thing and probably the same group responsible for what happened at Revere Beach this past weekend."

"We run a great establishment," DiPesa continued. "We have hired an outside security team who observed the videotape. We have seven-10 security guards present every night. There should have been a dozen arrests, but only one person was arrested. We have an ID scanner and we know who is coming into our establishment."

DiPesa then handed the commissioners a print-out of the ID scan for that night.

His brother and co-manager, Robert DiPesa, also stepped to the podium. He told the commissioners that they have increased police details on busy nights at a substantial cost (\$14,000) per month.

"We have locked our front doors at midnight and selectively let people in after midnight with the police there. We are completely locked at 1:00. We have a police officer there to make sure that's what happens. We also have switched to plastic cups," though he acknowledged that they still are serving beer in bottles, which Selevitch noted defeats the purpose of switching to plastic barware.

"I want to thank the police for coming here this evening," said Guinasso. "They typically don't come here, but only if it's a serious situation. The way I'm feeling right now, I'm concerned about the last call. I always want to make sure that the police are satisfied with the situation and with the changes that have been made."

Peter DiPesa added that the Squire has installed six floodlights in the parking lot to make sure that people do not want to stay. He also said that the lighting inside the premises gets

turned on earlier in order to get people out the door.

"Is there something you folks can do to facilitate the customers exiting from the parking lot so that the Revere Police don't have to come down with a full shift to move people along?" asked Selevitch.

However, Malone addressed that issue, saying that this "really is a police matter."

"Are you satisfied that the establishment is doing what they can do to make this safer for everybody?" asked Selevitch.

"I'll say this," Malone replied. "No business wants problems because it's bad for business. I do believe they are trying everything they can. Hopefully, people will learn that they mean business and that when you're out, you're out."

"We would have loved to have made more arrests that night, but we were tending to the injured and restoring order," Malone added. "The people who did this took off, but with the chaos of the situation, it's very difficult to figure out who did what. Hopefully, the changes will work and we won't have these issues anymore."

"There have been no incidents since we implemented those changes," DiPesa added, who again noted that those who caused the incident have been identified through the ID scanner and have been barred since.

In the end, the commission took no formal action. However, the commission voted to place the establishment on the Licensing Commission's version of probation.

"I think we should continue this for a period of time to see that these changes have addressed the issues," said Selevitch. "The establishment has made remedial changes and they have worked since the incident."

Guinasso agreed with Selevitch's assessment, but added, "The police are our eyes and ears out there. We have to support them when they tell us there is a problem."

The board voted to continue the matter for 60 days in order to reassess the situation.

"Though if there is another incident, we'll obviously call you back in," said Selevitch. "I'm satisfied that you've tried your best to alleviate this and the police are working cooperatively with you."

In another matter, the board refused to approve the application of the Santa Fe Supermarket Corp., 760 Broadway, Linda M. Sandoval Diaz, manager, for the transfer of a Malt/Wine Package Store License from Shayona Management, Inc..

Ms. Sandoval presented her application to the commission, but acknowledged that she has had no previous experience with

the sale of alcoholic beverages, nor has received TIPS (Training and Intervention Procedures for Servers of alcohol) certification.

"This (selling alcoholic beverages) is entirely different from the sale of food items," said Guinasso, who also explained that there is technology available for examining the veracity of a person's driver's license or other ID.

"I wish you could give us a little more confidence that you can handle this," said Guinasso. "I'm a little concerned with you not being TIPS-certified."

"I was not aware of the training required to have this license," said Sandoval.

"Usually, we ask everyone to be TIPS-certified," Guinasso said. "I think a little training is in order for a liquor license to be transferred."

"I am not comfortable transferring this license to you at this time," said Selevitch. "I don't see that you have the requisite experience necessary to deal with the alcohol situation. I suggest that you receive some training in the TIPS and do research on the service of alcohol and that you reapply when you think you can answer some of these questions."

The commission then voted to continue the hearing on the application to next month's meeting.

"I recommend that you get some training and have your TIPS-certification in order," Guinasso advised Sandoval at the conclusion of the hearing.

The commission put to rest the long-running saga of the rampant parking violations at the Hampton Inn on Lee Burbank Highway, which had drawn the wrath of the city's public safety departments for months. The commission had held a hearing on the matter in March and continued it for 60 days.

Sam Sudah, the hotel's recently-hired general manager, appeared on behalf of the business.

"I can see from the paperwork that you have addressed the issues that had been the source of the complaints," said Selevitch. "We have been in contact with the Revere Fire Dept. and they have acknowledged that you have remedied the situation."

"We have done so and there have been no further incidents," said Sudah. "Any unauthorized vehicles will be towed by the tow company we have hired."

The board then voted to dismiss the matter.

Other matters on the commission's agenda were as follows:

-- Auto Boss Group, Inc., 1107 North Shore Road, Brenno Rodrigues Rosa, President, Application for Transfer of a Class 2 Motor Vehicle Dealer

License: Application of Auto Boss Group, Inc., Brenno Rodrigues Rosa, Manager, for transfer of a Class 2 Motor Vehicle Dealer license from Smart Buy Auto Group, Inc., said license to be exercised at 1107 North Shore Road, Revere, MA. Mr. Rosa briefly presented the application. "There will be no change in the use of the business from the previous holder of the license," he said.

Guinasso asked, "I've gone by there on numerous occasions. What's the work being done there?"

"We cleaned the sidewalk and there has been no enlargement of the lot. We also put in some fencing," said Rosa.

"It looks a lot better," Guinasso noted.

There were no opponents to the application and the board voted 2-0 to approve the transfer of the license.

He told the commission that its purpose is to raise money for severely-wounded veterans for such things as upgrades for their houses and financial support. He said he has coordinated the event with other police departments.

"I would be honored to vote for this," Guinasso commented.

There were no opponents and the commission voted 2-0 to approve it.

Ms. Mikhael presented the application to the commission. "This has been an annual event since 2014," she said.

"This has been an annual great event in the city and people look forward to it," said Guinasso.

Ward 2 City Councillor Ira Novoselsky spoke in favor of the application. "This is the ninth year and the people love coming to it and we love doing it," he said.

There were no opponents to the application and the board voted 2-0 to approve the one-day license.

-- FLA USA, Inc. Harry Della Russo Stadium Mannoel Mizael, Event Manager, Application for a 1-day Malt/Wine License: Application of FLA USA, Inc. for a 1-day Malt/Wine license to be exercised at Harry Della Russo Stadium on Saturday, May 28, from 11 a.m. - 4 p.m., for a Mini Soccer Tournament between retired professional soccer players and their fans. Mr. Mizael presented the application to the commission. He told the commission this is being sponsored by a Brazilian soccer fan club in the local area. His group is a non-profit organization and said that the sale of liquor would assist in raising funds for their cause.

He said he is TIPS-certified and said this will be a tournament with five older retired Brazilian soccer stars competing with their long-time fans, who also are in their 50s and 60s.

"This will be peaceful," he said. "There's no rivalry."

The board voted 2-0 to approve the application.

The commission voted 2-0 to approve the one-day license.

The commission received two communications from the ABCC, which were as follows:

REVERE Through the Years

10 years ago May 23, 2012

In a move that came as a double surprise to some at Monday night's City Council meeting, Mayor Dan Rizzo called for the re-appointment of several key department heads – all leftovers from the Ambrosino administration – and the council quickly approved all of them without comment. Those re-appointed were Department of Public Works (DPW) Superintendent Don Goodwin, Building Inspector Ben DeChristoforo, and Assessor Dana Brangiforte.

Revere's Albert Pierini, a World War II veteran, was treated to an Honor Flight to Washington, D.C., last Sunday for a one-day, all expenses paid visit to the new World War II Memorial.

Honor Flight New England is an organization whose goal is primarily to get World War II veterans to the new memorial before they pass away. However, they also sponsor veterans of any war for the flights. Pierini's family goes way back in Revere, as his grandfather built a house on Revere Street that was used for the first St. Anthony's Church mass in 1905. He grew up in that same house with four brothers and three sisters, graduating from Revere High School in 1934. On March 6, 1941, he was drafted into the Army, and he recalled that more than 90 young men from Revere gathered at the old Police Station on Pleasant Street in order to leave for training. Pierini's division – a newly formed and still active Americal Division – was one of the first to ship out, spending 34 days on a ship headed to New Caledonia. He arrived at Guadalcanal on the day of Nov. 11, 1942 – the day that major fighting ensued on the island in the Pacific Ocean. Pierini also served on the island of Bougainville and other islands before finally coming home after four years and four months at war. When he returned home, he returned into the grocery business with his three brothers – continuing work in the family's United Supermarket on Revere Street where the

Fleetwood Building now stands. He and his brothers kept the market in Revere until 1960, when they moved to the Lynnway in Lynn so that they could have more parking.

An Everett state elected official who is also a Revere absentee landlord is getting some major grief this week after having been discovered to have numerous illegal apartment rife with serious code and safety violations. Revere fire officials came down hard on Everett State Rep. Steve 'Stat' Smith (D-Everett) after discovering 12 illegal apartments in two buildings that he owns on Yeamans Street – many of which did not even have smoke detectors or carbon monoxide detectors.

Blue Line service Wonderland to Orient Heights suspended through June 8

Staff Report

Since Sunday, May 22, through Wednesday, June 8, Blue Line train service will be suspended between Wonderland and Orient Heights stations to allow for critical work to take place on the Suffolk Downs pedestrian bridge. Riders will be provided with free shuttle bus service between these stations during the work.

This important work to repair and reopen the Suffolk Down pedestrian bridge needs to be proactively accomplished and complete prior to the beginning of MassDOT's Sumner Tunnel Restoration project, which begins June 10 with the shutdown of the Sumner Tunnel on weekends from Spring 2022 to Spring 2023; seven days a week from May 2023 to September 2023; and on weekends from Fall 2023 to Winter 2023. If the MBTA does not complete this work on the Suffolk Downs pedestrian bridge now, the pedestrian bridge will likely not be repaired for another two years until the Sumner Tunnel reopens seven days a week in Winter 2023. The Suffolk Downs pedestrian

bridge will fully reopen to the public later this summer 2022.

The MBTA understands how frustrating service diversions can be, and thanks Blue Line riders for their patience while this important Blue Line work on the Suffolk Downs pedestrian bridge is completed.

During this 18-day Blue Line suspension, free shuttle buses will replace Blue Line service between Wonderland and Orient Heights stations all day and every day between May 22 and June 8.

Riders should also note that shuttle buses are currently replacing Rockport Commuter Rail Line train service between Beverly and Orient Heights. All riders are asked and encouraged to make sure they have boarded the correct shuttle bus at Orient Heights. MBTA personnel will be on hand at Orient Heights to assist shuttle bus riders.

For more information, visit mbta.com, or connect with the T on Twitter @MBTA, Facebook / TheMBTA, or Instagram @theMBTA.

"They say the pain will go away,"
Fourteen long years have passed now and nothing has changed. The pain and emptiness in my heart still remains the same as the day you were taken away. Ever since then, every day I wake up the battle continues, hoping and wishing that it was all just a bad dream, only to realize it was all too real and the pain in my heart is all so real. It will always be there right to the end. It will only go away the day when I see you and hold you in my arms again. Until then there will always be a void in my heart.

I will always love you and miss you
Little Buddy.

Mayor Arrigo proposes change in structure of Revere School Committee to ward seats

By Cary Shuman

Mayor Brian Arrigo is proposing that the Revere School Committee

be restructured to have six members elected from each of the six wards in the city, along with two

at-large seats elected city-wide.

The sitting mayor serves as the ex-officio

chair of the committee, which would result in a School Committee consisting of nine members as opposed to the current seven-member status.

Revere resident Wayne Rose asked why the School Committee would be changing its membership "after all these years."

Councillor-at-Large Marc Silvestri responded that the reason for the change is "we are one of the few cities in Massachusetts that runs solely at-large for the School

Committee." "The few other cities that have been doing the same procedure have had lawsuits filed against them that were successful and the people that petitioned the lawsuits and filed, actually notified the lawsuit was coming to Revere unless we changed the ruling of our election procedures for School Committee," said Silvestri.

Council President Gerry Visconti said the cities of Worcester and Lowell were sued for having all

School Committee seats being at-large seats, and the two cities lost their cases.

"So, this is more of a preventative [move], and it's a change that's going to happen, and rather than be tied up in a lawsuit, I think it's the move to make," said Visconti.

The Council president said the next step for Mayor Arrigo's proposal will be to go before the Council's Legislative Affairs Subcommittee.

This production will be directed and choreographed by Broadway's Stephanie Pope Lofgren who was an original cast member of London's West End production. Smokey Joe's Cafe plays from Tuesday, June 7 thru Sunday, June 19, 2022.

"What makes Smokey Joe's Cafe such a hit with audiences is the timeless rock 'n' roll music that makes up this show, but what makes it appealing to me to produce is the way we will be presenting the show," said Bill Hanney, NSMT owner and producer. "Our director and choreographer, Stephanie Pope Lofgren, is bringing a deep knowledge of the show gained by starring in the original West End production and fusing it with her own vision for the show. Being able to give our audiences a show that feels both familiar and new at the same time is the best of both worlds."

Smokey Joe's Cafe is the Grammy® Award-winning and Tony® Award-nominated smash hit, that made history as Broadway's longest-running musical revue featuring 40 of the greatest songs of the past century, including show-stopping classics like "On Broadway," "Stand by Me," "Jailhouse Rock," "Hound Dog," "Love Potion No. 9," "Spanish Harlem," "Yakety Yak," and "Charlie Brown." The musical revue is electrifying entertainment with the classic themes of love won, lost and imagined blended with slice-of-life emotions. This show isn't just great pop music - it's compelling musical theatre celebrating the music of legendary songwriting duo Jerry Leiber and Mike Stoller whose music defined a generation and provided hit after hit for icons like Elvis Presley, Ben E. King, the Coasters, and the Drifters.

"What I want Smokey

Joe's Cafe to evoke is that universal feeling of being "home," that place that despite everything going on in your life, you think of fondly and that you love to go to. A place that no matter how far away you travel, you always come back to, whether physically or just in your mind," says director Stephanie Pope Lofgren. "It does not matter where you are from, where you grew up, whether you had money or did not, whether times were hard, or you had no care in the world, there is always something about 'home' that holds a special place in your heart. That feeling is as universal as the music in the show."

Smokey Joe's Cafe marks Stephanie Pope Lofgren's North Shore Music Theater debut as a director & choreographer. Her Broadway career has spanned 5 decades beginning when she was hand-picked by Bob Fosse and Gwen Verdon to appear in Fosse's last original Broadway show, Big Deal, followed by the first Broadway revival of his Sweet Charity. Other Broadway credits include Pippin, Fosse, Chicago, A Funny Thing Happened on the Way to the Forum, Kiss of the Spider Woman, The Will Rogers Follies, and Honky Tonk Nights. She was an original cast member of the West End production of Smokey Joe's Cafe and has starred in the national tours of Chicago, Thoroughly Modern Millie, and Sweet Charity as well as many regional productions across the country, including North Shore Music Theatre's 1995 production of Gentleman Prefer Blondes.

The ensemble cast of Smokey Joe's Cafe will feature Andrés Acosta (Michael - June 14 - 19), Korie Lee Blossley (Fred), Christopher Brasfield (Victor), Kelsey Denae (Pattie), Al Guerzon (Michael - June 7 - 12), Nicole Henry (Brenda), David Hughey (Adrian), Nathan Lucrezio (Ken), Mariah Lyttle (BJ), and Bailey Purvis (DeLee). Katie LaDuca and Dwayne P Mitchell will serve as Performance Swings.

Joining Director/Choreographer Stephanie Pope Lofgren on the creative

team will be Milton Granger (Music Director), Kyle Dixon (Scenic Design), Kelly Baker (Costume Design), Jack Mehler (Lighting Design), Don Hanna (Sound Design), Albert Guerzon (Associate Choreographer), Tommy Scrivens (Assistant to the Director), Stephen MacDonald (Production Stage Manager), Dakotah Wiley Horan (Assistant Stage Manager) and Robert L. Rucinski (Assistant Music Director). Smokey Joe's Cafe is produced for North Shore Music Theatre by Bill Hanney (Owner/Producer), Kevin P. AARP virtually submits signed petitions from residents to Sen. Warren to lower prescription drug prices

Staff Report

AARP Massachusetts State Director Mike Festa, Volunteer State President Sandra Harris and AARP members are joining Senator Elizabeth Warren in urging Congress to lower prescription drug prices.

92,835 Massachusetts residents have signed onto an AARP petition calling on Congress to act now.

AARP has advocated for fair drug prices for years and supports legislation that passed the House in November, which would allow Medicare to negotiate drug prices, put a cap on out-of-pocket costs that older adults pay for their prescription drugs and impose penalties on drug companies that raise prices faster than the rate of inflation.

"Working families shouldn't have to decide between paying for life-saving medications or putting food on the table, while Big Pharma rakes in giant profits. That's just wrong, and it's long past time for Congress to take action," said Senator Elizabeth Warren. "We need

to pass legislation that lets Medicare negotiate for lower drug prices and cuts costs for beneficiaries now. I'm grateful for the continued advocacy of AARP Massachusetts, and I'll keep fighting to get this done."

"Americans are fed up with paying much more than people in other countries pay for the same drugs. More than 4 million people across the country, including almost 100,000 here in the Commonwealth, are joining AARP to demand lower prices for prescription drugs," says Festa. "There will never be a better time to lower drug prices than the historic opportunity in front of Congress. Now it's time to get it done!"

"Every January, I pay over two thousand dollars to fill one prescription.

I have a chronic illness, Multiple Sclerosis. There is no cure, but there are a number of very expensive drugs available that can mitigate the symptoms.

It is a disgrace that drug prices here in the United States are the highest in the world. I would like to see

our elected officials stop their infighting and focus their energies on finding out why this is, and what can be done about it."

— Susan, Massachusetts

Lowering prescription drug prices has widespread support among voters, regardless of their party affiliation. An AARP survey of voters found that strong majorities of voters want Congress to act on the issue, with 70% saying it is very important. The survey also found that 87% of voters support allowing Medicare to negotiate prescription drug prices.

AARP urges Senator Warren to continue the fight to protect seniors: Sandra Harris, AARP Massachusetts State President says "Massachusetts residents are sick and tired of paying three times what people in other countries pay for the same drugs. Our members have a message to our Senators: Don't Let Pharma Win. Lower Drug Prices Now!"

More information about AARP's Fair Drug Prices campaign can be found at aarp.org/tx.

REVERE SOCIETY FOR CULTURAL & HISTORIC PRESERVATION

We at the Revere History Museum were thrilled to re-open our doors on Saturday, May 14th, to dozens of loyal patrons and new members. However, this would not have been possible without our dedicated volunteers working diligently behind

the scenes for the past two years. By inventorying and cataloging our collection, they have made it possible for Revere's history to be more accessible and celebrated well into the future.

What's New?

Our exhibits have been

refreshed and revamped in anticipation of the public's return. Our Uniformed Services Room has gained new display cases and a myriad of local soldiers' uniforms can now be safely displayed, including a Dough Boy Uniform from World War I and the full-dress white uniform and service medals of Navy Captain and Revere native Elaine Holmes.

Our School Room also has some new additions, including the accomplishments of Carolina Betero, an RHS Class of 2022 athlete who has scored 100+ goals in her soccer career, and Kaleb Silva, a 2015 graduate of RHS who worked tirelessly to become the football legend he is today.

Upcoming Events

With this newfound interest, we are looking for-

Welcome Back!

ward to hosting exciting events aimed at bringing the community together. On Thursday evening, June 9, at 6:30 p.m., the Revere History Museum will welcome Lorenz J. Finison, author of Boston's Cycling Craze: A Story of Race, Sport, and Society, to discuss his work alongside the research available from the Revere Society for Cultural and Historic Preservation. All are welcome to attend.

Call for Volunteers and Artifacts

We are grateful for the work our volunteers have done thus far, but we need your help to keep up our momentum. The Museum is currently open by appointment only, but we would like to be able to offer a regular tour schedule. Volunteers will be trained on conducting tours and learning about the exhibits while getting to know the community.

We are also looking for historical and cultural pieces for an exhibit on the Newest Immigrant Com-

munities within the past 50 years of Revere's history. These items can represent an ethnic group, religion, or other accomplishments of a particular community. Items can include paper documents such as diplomas, photos representing local Black, Indigenous, and People of Color owned businesses, pieces from religious traditions or establishments, and much more.

We encourage marginalized communities to aid us in our goal of education and representation. If you would like to donate, vol-

unteer, or have other inquiries, please contact us at (781) 286 - 2226, rschp-museum@comcast.net, or at Revere-History on Facebook. Thank you!

everything and also lived a life rich in family and culture. They had a farm with many animals. Angelo's father would often trade milk from the cows for foods and goods.

"My mother's family had already migrated to the states prior and my mother dreamed of a life to be with them. At the time, there was a lottery for people to be chosen to take the voyage on the USS Constitution to Ellis Island to come to America. When it was our family's opportunity ... we took it. With this opportunity would come a great reward and anticipation of a bright future," said Angelo.

The family dealt with the initial challenges of being an immigrant family in America including not having English as their first language. The Prezioso children settled easily into classrooms and made many new friends in the neighborhood. "We are thankful for the people who helped us and to those who didn't. All of this would test our strong character and we were determined to succeed in our new land."

The elder Prezioso, Vincenzo, opened Vinny's Market 10 years after coming to the United States. He worked long and hard days at East Boston's Hides Factory which produced leather goods. Eventually he saved

enough money, along with the help of a family friend, and purchased the property where Vinny's Market still stands today. The family moved from a small apartment in East Boston to the larger place on Newhall Street. This allowed them to run the convenience store downstairs while living upstairs and starting their American Dream.

"Forty-five years later, my Dad has since passed, but our doors are still open welcoming and serving the community six days a week," added Prezioso.

Vinny's Market is definitely a one stop shop. It prides itself on its popular products like imported Italian cheeses and deli meats, freshly prepared quality meals, and sandwiches. They take pride in small batch cooking with

exceptional service.

"Our atmosphere is a great place to have an espresso, put in a few Keno numbers, grab a lunch, or a bottle of wine for later that night. We love seeing our regulars on a daily basis who return with compliments. We want everyone to feel welcomed when they come in to experience what my family and I have built for over four decades."

When you walk into Vinny's you will be greeted by the smell of sauce cooking or a tray of sausages,

peppers and onions coming out of the oven. As you walk you around will notice the nature of the place including the collectibles on the walls and the family photos scattered in different places.

"We really enjoy seeing the kids of the kids,

who used to come as kids themselves, to bring their own in to get a slush or treat them to the "largest" candy collection. We plan to be here for as long as God grants us our health. Thus far we have persevered through the ever changing neighborhood,

blizzards, and now the pandemic. By the grace of God we are still here to serve. Thank you Revere for welcoming my family.

Vinny's Market is located at 296 Malden Street and is open Monday through Saturday from 7 a.m. -7 p.m.

RHS GIRLS WIN GBL MEET; BETTERO SETS SCHOOL RECORD

The Revere High girls outdoor track and field team placed an emphatic exclamation point on their undefeated 2022 season with a runaway victory at the Greater Boston League (GBL) Championship Meet this past Monday evening at Chelsea stadium.

The Lady Patriots tallied 128 points, far-outdistancing their closest competitor, the Chelsea High Lady Red Devils, who scored 80 points.

Senior Captain Carolina Bettero claimed the league title in both of the hurdles events to complete an undefeated season.

Carolina ran a season personal record (PR) of 1:14.89 in the 400 meter hurdles and 17.72 in the 100 meter hurdles. She also took second place in the triple jump with a final landing of 33'-0", which established a new Revere High record.

"I've had the pleasure of coaching Carolina since her freshman year and she is truly one of the most dedicated athletes I've ever met," said RHS head coach Racquel MacDonald, who herself was a champion hurdler for Revere in 2012. "She works hard and is a fierce competitor in all of her events."

Junior Kyra Delaney had another huge meet with a first-place finish in the 200 meter dash (28.25) and a second place finish in the 100 meter dash (13.62).

"This truly has been a great sprint season for Kyra. Every meet she just continues to improve," said MacDonald.

Two more Lady Patriots also won GBL titles in the field events. Liv Yuong continued her dominance in the high jump with a leap of 4'-10" and Natalia Lopez took top spot in the discus with a throw of 84'-6".

Senior captain Jerelys Canales scored points in two out of her three events. "Jerelys continued to shine as a team leader," said MacDonald. Jerelys took sixth in the 200 dash (29.64) and fifth in the long jump (14'-6").

Freshman Ashley Rodriguez took second in the 400 hurdles (1:16.00) right behind Bettero. Ashley also clocked a fifth-place finish in the 200 dash (29.28).

Sophomore Janaya Ruperto earned a second-place medal in the 400 meter dash (1:04.15) and teammate Jessie Jones placed fourth (1:07.96). Both girls also played a huge role in the success of the Lady Patriots' 4 x 100 and 4 x 400 relay quartets.

Other point scorers included Alannah Burke, who took second in the 800 (2:40.7), and Rocio Gonzalez, who took fourth in the mile with a huge season PR (6:29.57). Senior Gianna Mahoney continued to throw with her non-dominant left hand in the javelin because of an injury and still took third with a season PR of 81'-8".

"Our relay teams also took home some major points for us," added MacDonald. The 4 x 400 foursome of Jessie Jones, Alannah Burke, Marwa Riad, and Janaya Ruperto took second overall. The 4 x 100 quartet of Jessie Jones, Giselle Salvador, Francoise Kodjo, and Janaya Ruperto came across in fourth place with a time

of 56.50. The 4 x 800 group of senior captain Carly Bennett, senior captain Fatima Hartout, Sam Solis, and Rocio Gonzalez took third with a clocking of 12:22.29.

"I am so unbelievably proud of this team," said MacDonald. "A true undefeated season is really

hard to achieve, but they set a goal at the beginning of the season and worked toward it every single meet. They always pushed themselves at practice and saw results on the track. It's been an honor to coach this group all year."

### RHS SPORTS *Through the Years*

#### 10 years ago May 13, 2012

Revere High star trackster Michael Fitzpatrick blazed yet another path of glory at Saturday's State Coaches Invitational Meet held at Dilboy Stadium in Somerville when he broke the Revere High School record in the 800 meter run with a time of 1:57.18. Fitzy's clocking shattered the old RHS mark of 1:59.33 that had stood since 1998 and which had been established by none other than his coach, former RHS great Sam Ros. However, Fitzy's performance was not the only record-setting pace for the

RHS boys at the meet, as the 4 x 100 relay quartet of John Lopes, Devin Colon, Younes Hartout, and Ricardo Maldonado also established a new school record with their clocking of 44.55, topping the previous mark of 45.19 that had been set in 2009. Their performance earned the foursome a fifth place ribbon at the meet. Earlier in the week, Karim Sahila set a new school record in the 400 meter low hurdles with a time of 59.6, breaking the previous record of 60.1 that had been held by Fitzparrick. Revere High star hurdler Racquel MacDonald

took home a sixth place ribbon at Saturday's Mass. Invitational Track Meet held at Dilboy Stadium in Somerville. Racquel finished in 10th spot (out of a field of 56 competitors) with a clocking of 16.66 in the first round and then advanced to the final round of eight with a time of 15.87 in the semifinals, which seeded her in sixth place. Her clocking of 15.97 in the final earned her the sixth place ribbon. The Revere High softball team received a strong pitching performance from Briana Lauletta and timely hitting to earn a 9-2

triumph at Beverly last week. Lauletta tossed all seven innings, allowing just eight hits and striking out two enemy hitters. Lady Patriots Cassandra DiBella and Kristina Stella produced the big hits to power the offense. DiBella also made some nice plays in the field. The Revere High boys tennis team improved to 4-5 on the season with a 4-1 victory over Lynn English last Thursday. All three of the Patriot singles players triumphed. Nick Tran handily dispatched his English rival at first singles, 6-0, 6-1; Mladen Pepic won an epic, three

hour match, 5-7, 6-4, 7-5, at second singles; and Soun Lee triumphed 6-1, 6-4 in the third singles spot. The second doubles tandem of Nick Mucci and William Truong easily prevailed over their English counterparts, 6-0, 6-1. The first doubles duo of Sela Leng and Duong Nguyen dropped a hard-fought match in two close sets, 6-7 (3-7), 4-6.

ton into extra innings, and then duplicated the feat in the bottom of the ninth for a walk-off, 9-8 triumph for the RHS baseball team at Conigliaro field. Sophomore Brad Evans set a new Revere High School record in the shot-put with a heave of 49'-2" at the State Coaches Meet Saturday. He shattered the previous mark of 48'-6" set by Nick Silvestri. The throw earned Evans a fourth place ribbon at the meet. He previously won the GBL title in the event with a toss of 48'-3".

Revere High School Senior Prom was last Thursday night. RevereTV was on the prom red carpet to cover glam shots and commentary from students as they arrived. Recording the prom red carpet captures memories for these senior students to look back on for years to come. This red carpet event streamed live on RevereTV and social media, but will be replaying on the Community Channel over the next few weeks. Congratulations to the RHS Class of 2022!

In case you missed it, the Revere High School and Garfield Middle School Rock Ensembles held their annual concerts along with performances by the RHS Drama Club. This was an extensive event that showcased the musical and theatrical talent of Revere students. The RHS Rock Ensemble's concert was a tribute to Fleetwood Mac, while Garfield Middle School students played contemporary music more familiar to what is on mainstream radio now. The students had not been able to perform in the past few years, but they most definitely put on a great show this year. Watch it on the RevereTV Community Channel at various times throughout the week, but anytime on the RTV YouTube page.

The Boston Renegades had a home game last weekend at Harry Della Russo Stadium versus the Washington D.C. Divas. RevereTV covered this game, live streamed it, and now has it replaying on the RTV Community Channel. Any remaining home games will also be covered live as the Renegades enter the playoff season. You can view this latest game and other home games replaying on RevereTV, and on YouTube. As a reminder, the RevereTV Community Channel is 8 and 1072 on Comcast and 3 and 614 on RCN.

"Conversations with the Mayor" is an interview style program with the mayor that happens at various locations a few times a year. This time, Mayor Arrigo is putting his own spin on the show by creating a hybrid event and renaming it, "Community Conversations with the Mayor." These events will air as programs on RevereTV, but are really serving as a chance for the mayor and elected officials to speak with the community. Residents will have the chance to participate in conversations with Mayor Arrigo, his cabinet, and other council members in person and online. The in-person portion of this event was held at Rumney Marsh Academy, but the location will change to other neighborhoods on dates to be determined. Check out replays of this program on RevereTV and on the RTV YouTube page.

As we enter June, the Ways and Means Budget Hearings will begin and take place in the City Council Chambers multiple nights per week. Some standard meetings that usually take place on specific days every month may be postponed to a later date. That information is to be determined, but will be posted to the city calendar on [revere.org](http://revere.org). Watch all municipal meetings, including these budget hearings on RTV GOV which is channel 9 on Comcast, and 13 and 613 on RCN.

### RHS BOYS TRACK WINS GBL MEET; GONCALVES IS DOUBLE-CHAMPION

The Revere High boys outdoor track and field team gave long-time coach Sam Ros, who is leaving the coaching ranks after this season, the best possible farewell present with a scintillating 128-125 victory over arch-rival Somerville in the Greater Boston League (GBL) championship meet this past Monday at Chelsea High School.

The final outcome of the meet hinged on just a few finishes which, had the outcomes been reversed, would have altered the final team standings in Somerville's favor.

In addition, the Patriots outdueled their Highlander foes in the final events, the 4 x 400 and 4 x 800 relays, to clinch the meet.

Ricardo Goncalves was Revere's top performer, winning the 110 and 400 hurdles events. Ricardo captured the 110 with a time of 16.42 seconds and the 400 with a clocking of 1:02.47.

Ramadan Barry took first place in the high jump with a leap of 5'-10", edging Somerville's Andrew

DeCosta, who won both sprints. Ramadan also grabbed fourth in the long jump to score four more points for Revere with a leap of 18'-7.5".

JV Cunha continued his undefeated GBL season with a first-place finish in the 800 in a time of 2:06.30, edging Somerville's top runner by 2.34 seconds. Teammate Sami el-Asri came through with a huge fourth-place performance in the 800, outrunning a Somerville competitor by five seconds.

In the 4 x 100 relay, the RHS quartet of Mark Marchese, Ricardo Goncalves, Keny Guerrero, and Allen Hou grabbed the 10 points with a first-place performance that edged their Somerville counterparts by just 0.43, 45.48-45.91.

The 4 x 400 foursome of Keny Guerrero, Latrell Ashby, Tom Desir, and JV Cunha took first place with a clocking of 3:38.69.

Then in the 4 x 800 -- an event that was not part of the GBL's regular, dual-meet season -- the Patriot squad of Sami el Asri, Kenan Batic, freshman Besmir Collaku, and Mohamed Ouakani outran their Somerville rivals by eight seconds, 9:14.24-9:22.28 -- to grab first place and clinch the meet.

In the 110 hurdles, teammates Javan Close (third place in 17.47) and Isaiah Decrosta (fifth place in 18.21) contributed eight important points. Javan also added a point to the Revere column with a sixth-place effort in the high jump (5'-6").

In the 400 hurdles, Tommy Desir took second

place in 1:02.51 -- just 0.04 behind Goncalves -- and 1.1 seconds faster than the Somerville competitor in third place. Tommy also added two points for Revere with a fifth place in the long jump with a flight of 18'-6.3".

In the 200 dash, senior Mark Marchese took second place with a sprint of 24.31 and teammate Allen Hou was right behind in third spot with a time of 24.64.

The Patriot duo of Keny Guerrero (fourth place in 54.82) and Latrell Ashby (fifth place in 55.81) gave Revere six points in the 400 dash.

In the mile, freshman Kenan Batic outdueled a Somerville opponent for third place, edging the Highlander by less than three seconds with a clocking of 4:58.85.

In the discus, sophomore Kevin Purciul took fourth place with a throw of 99'-2" and senior Anwar Marouh grabbed sixth spot with a spin of 95'-5".

### TWO MORE WINS FOR BOYS VOLLEYBALL

The Revere High boys volleyball team earned two more victories this past week to improve their record to a sterling mark of 13-5.

Coach Lianne Mimmo's Patriots defeated Essex Tech, 3-1, and Medford, 3-0.

"Our setter, Christyan Berger, has been dependable in earning 20+ assists per game," said Mimmo. "Really starting to stand out is senior Altin Haziri with 18 kills at Medford. Also helping out in the middle hitter position

is senior Kenny Arango, who recently recovered from an ankle injury.

"On defense, Ruben Rodriguez, Alex Serrano, Brian Novoa, and David Paiva have been very good in serve/receive," Mimmo added.

Mimmo and her crew are scheduled to host Somerville today (Wednesday) in a match that will be highlighted by Senior Day festivities.

The Patriots will conclude their regular season at Brookline tomorrow (Thursday) and then will await word of their seeding and first-round opponent in the post-season MIAA state tournament.

### RHS BOYS LACROSSE TO CONCLUDE SEASON

The Revere High boys lacrosse team will conclude its 2022 campaign with contests today (Wednesday) at Winthrop and tomorrow (Thursday) at Harry Della Russo Stadium against Somerville at 4:00.

Although the Patriots dropped their three contests this past week, head coach Zach McDannell praised his team's effort.

"The boys played tough against Lynn, with our goalie, Vinny Snyder, recording 15 saves against them," said McDannell. "Malden Catholic was a strong opponent, but the boys kept fighting. Once again, Vinny came up with 11 saves.

"We're looking forward to Winthrop and Somerville this week to wrap up the season," McDannell added.

RHS head football coach John Furey has

announced his resignation after five years at the helm, during which his teams achieved a 21-21-2 record with the best season being the 8-1 mark of 1958. Furey was the most successful grid coach at Revere High in the past 25 years, but the reasons for his sudden resignation are a secret, though Furey has indicated that he was not happy with the succession of one-year contracts he has been given in the past.

John Feerick was the winning pitcher and Bud Mercer provided most of the offense to power the Immaculate Conception baseball team to a 13-7 win over Sacred Heart of Weymouth. In a 12-2 victory over St. Joseph's of Salem, Dan Clark tossed a one-hitter and Bruce Dobson and Jack Buckley were the hitting stars.

The RHS baseball team improved to 4-2 on the season with a pair of ex-

tra-inning victories. Leo Siciliano went all the way in a 4-3 triumph over Malden, allowing just six hits in 10 innings. Brian Rebholz drove in the winning run. In a 9-8 win over Chelsea, Ron Lanza's base hit brought in Bill Melchionno with the winning tally in the 11th inning.

Be it ordained by the City of Revere as follows: **SECTION 1. Title 17 of the Revised Ordinances of the city of Revere is hereby amended by inserting the following new Chapter:**  
**Chapter 17.29- AFFORDABLE HOUSING**

**Sections:**  
**17.29.010 - Purpose.**

The purpose of this chapter is to expand affordable housing options in the city of Revere in furtherance of the city's housing goals articulated in its 2020 master plan, "Next Stop Revere," which includes creating new deed-restricted affordable housing and preserving existing deed-restricted affordable housing, mitigating displacement pressures and creating greater housing stability for vulnerable residents, and increasing access to a variety of homeownership opportunities for moderate and low-income households.

**17.29.020 - Applicability.**  
A. This chapter shall apply to any development involving the creation of six (6) or more dwelling units on one or more contiguous parcels, including the following:  
1. New residential construction or new mixed-use construction that includes six or more dwelling units.

2. The conversion, alteration, redevelopment, change of use, or expansion of an existing structure, if such development results in an increase of six (6) or more dwelling units.  
3. A division of land resulting in the creation of six (6) or more residential lots.

B. This chapter shall apply to all residential dwelling types defined in Title 17 with the exception of lodging house or rooming house. This chapter does not apply to institutional uses such as a nursing or convalescent home, independent elderly housing, or congregated care elderly housing.  
C. Developments shall not be segmented or phased to avoid compliance with the provisions of this chapter. Where such segmentation occurs, it shall be subject to the provisions of this chapter.  
**17.29.030 - Definitions.**  
The following words,

terms, and phrases, when used in this chapter, shall have the meanings ascribed to them in this chapter, except where the context clearly indicates a different meaning:

A. "Affordable Housing Restriction" means a deed restriction, covenant, contract, mortgage agreement, or other legal instrument, acceptable in form and substance to the city of Revere, that effectively restricts occupancy of an affordable housing unit to qualified low-income purchasers or renters, and meeting the requirements in MGL c. 184, § 31, and the requirements of this chapter.

B. "Affordable Housing Unit" means a dwelling unit that is affordable to and occupied by a low-income household and meets the requirements of the Massachusetts Department of Housing and Community Development Local Initiative Program for inclusion on the Chapter 40B Subsidized Housing Inventory, and is sold, leased, or rented to an eligible household in accordance with the requirements of this chapter.

C. "Area Median Income" means the median household income for the metropolitan area that includes the city of Revere, as defined in the annual schedule of low-income limits published by the U.S. Department of Housing and Urban Development (HUD), adjusted for household size.

D. "Eligible Household" means a household of one or more persons whose maximum income does not exceed the income limits established in this chapter.

E. "Local Action Unit" means an affordable housing unit created through this chapter or special permit process as part of the Local Initiative Program and eligible for inclusion on the Subsidized Housing Inventory.

F. "Local Initiative Program" means a program administered by the Massachusetts Department of Housing and Community Development (DHCD) pursuant to 760 CMR 56.00 to develop and implement local housing initiatives that produce affordable housing units, with or without a comprehensive permit as defined in Chapter 40B, §§ 20-23.

G. "Low-Income Household" means a household with income at or below 60% of area median income, adjusted for household size, for the metropolitan area that includes the city of Revere, as determined annually by HUD.

H. "Market Rate Unit" means all dwelling units in a development subject to this chapter that are not affordable housing units as defined herein.

I. "Revere Affordable Housing Trust Fund" means a fund established by the city of Revere per Revere Revised Ordinance (R.R.O.) 2.90, and pursuant to MGL c. 44, § 55C, for the purpose of creating or preserving affordable housing in the city of Revere for the benefit of low-income households.

J. "Segmentation" shall mean any development or any division of land that would cumulatively result in an increase of six or more residential lots or dwelling units above the number existing on a parcel of land or contiguous parcels in common ownership up to twenty-four (24) months prior to the application. A subdivision or division of land shall mean any subdivision as defined

in the Subdivision Control Law, MGL c.41, §81K-81GG, or any division of land under MGL c.41, §81P, into lots for residential use.  
K. "Subsidized Housing Inventory" means the Massachusetts Department of Housing and Community Development Chapter 40B Subsidized Housing Inventory as provided in 760 CMR 31.04.

**17.29.040 - General requirements.**  
No building permit shall be issued for a development subject to this chapter unless the applicant provides the percentage of the total dwelling units in the development as affordable housing as described herein. The following are conditions of development for projects subject to this chapter:

A. No less than twelve percent (12%) of dwelling units shall be an affordable housing unit for a household with income at or below sixty percent (60%) of the area median income.

B. When the requirement for affordable housing units results in a fraction of a unit equal to one-half or above, the requirement shall be increased to the next highest whole number.  
C. Affordable housing units shall be made available to eligible low-income households at the income limits determined by the U.S. Department of Housing and Urban Development (HUD) applicable to the city of Revere, at purchase prices or rents that comply with DHCD's Local Initiative Program (LIP) regulations, 760 CMR 56.00.

D. Affordable housing units shall comply with the requirements set forth in MGL c. 40B, §§ 20-24. It is intended that the affordable housing units that result from this ordinance be considered as local action units, in compliance with the requirements specified by DHCD's LIP.

E. Nothing in this chapter shall preclude the applicant from providing additional affordable housing units or affordable housing units at a cost lower than the minimum affordability requirements.

**17.29.050 - Methods of providing affordable housing units.**

A. Projects larger than twelve (12) units in size shall provide the affordable housing units on the locus of the development (on-site).

B. Projects up to twelve (12) units in size may satisfy the requirements of this chapter by providing the affordable housing units on-site or by making a cash payment in lieu of affordable housing units to the Revere Affordable Housing Trust Fund.

C. The cash payment for affordable housing units shall be equal to the required number of affordable housing units multiplied by the most current total development cost as articulated in the MA Department of Housing & Community Development's Qualified Allocation Plan for Low Income Housing Tax Credit, for the areas described as within Metro Boston/suburban area, as adjusted for the type of project and number of units.

C. The special permit granting authority may grant a special permit to satisfy the requirements of this chapter by providing the affordable housing units in a separate building on the locus of the development through a development agreement with a non-profit housing

developer. The special permit granting authority must find that such an arrangement more effectively addresses local housing need, with consideration for:

1. Whether the location of the affordable housing units is appropriate and advantageous in terms of proximity to public transit, public open space, and other amenities.

2. Whether the arrangement results in more efficient funding and delivery of supportive services offered by the non-profit housing developer to the residents of the affordable housing units.

3. Whether the arrangement results in a greater number of affordable housing units, affordable housing units at a cost lower than the minimum affordability requirements, or affordable units that have more bedrooms than the average number in the market-rate units.

**17.29.060 - Offsets.**  
To facilitate the objectives of this chapter, the following dimensional and parking regulations shall apply:

A. Any development in compliance with the affordable housing requirements of this chapter shall be permitted to reduce the total number of required off-street parking spaces under R.R.O. 17.28 as follows:

1. For developments located within a half mile of a subway or railroad station, no off-street parking shall be required.

2. For developments located further than a half mile from subway or railroad station, the minimum number of required off-street parking spaces shall be reduced to a half space (0.5) per unit.

3. The parking reduction shall apply to residential use only and does not apply to any other use.

4. The parking reductions described in this section shall be available by right.

B. For developments that provide the required affordable housing units on-site, the following reductions in dimensional requirements shall apply:

1. The minimum lot area required under R.R.O. 17.24 shall be reduced by fifty percent (50%).

2. The minimum front, side, and rear yard setbacks required under R.R.O. 17.24 shall be reduced by twenty-five percent (25%).

3. The maximum floor area ratio required under R.R.O. 17.24 shall be increased by twenty-five percent (25%).

4. The dimensional requirement reductions and increases described in this section shall be available by right to projects that provide the required affordable housing units on-site. These dimensional requirement reductions and increases shall not be available to projects satisfying the requirements of this chapter through a cash payment in lieu of affordable housing units.

C. For developments that provide the required affordable housing units on-site, the city shall waive the project building permit fee. Such a waiver shall be available for any building permit(s) associated with a project that is subject to the requirements of this chapter that are issued after site plan approval and before the Certificate of Occupancy is issued. This waiver applies to project building permit fees only, and does not apply to other fees

required for the project. This building permit waiver shall not be available to projects satisfying the requirements of this chapter through a cash payment in lieu of affordable housing units.

A. Affordable housing units shall be dispersed evenly throughout the development in terms of both location and type of unit (e.g., townhouse unit, duplex unit, multifamily unit).

B. The exterior of affordable housing units must be indistinguishable from the market rate units in terms of quality of design, appearance, materials, and construction.

C. The size and interior finishes of the affordable housing units may differ from the market rate units within the following parameters:

1. Affordable housing units shall have the same floor area as the median market rate units of the same number of bedrooms within a margin of twenty percent (20%), provided that units are not smaller than the minimum size set forth by DHCD in the most recent Local Initiative Program (LIP) design and construction standards.

2. Interior features of affordable housing units shall be comparable to the standard package for market rate units, though designer and high-end finishes, fixtures, and appliances are not required. Affordable housing units shall comply with the LIP minimum design, size, and construction standards.

3. Affordable housing units shall be supplied with the same mechanical systems and energy efficiency features as market rate units, including windows, insulation, plumbing, and heating and cooling systems.

4. The bedroom mix of the affordable housing units shall be proportionate or larger to the bedroom mix of the market rate units.

5. Residents of affordable housing units shall have comparable access to all building and site common areas and amenities as residents of market rate units.

D. Affordable housing units shall be constructed, or otherwise provided through cash payment in lieu of affordable housing units, at the same time as market rate units.

1. For phased projects in which affordable housing units are dispersed evenly throughout the development, affordable housing units shall be constructed in proportion to market rate units. Proportionality shall be determined by the number of building or occupancy permits issued for affordable and market rate units, or lot releases in the case of a subdivision, as applicable.

2. For projects providing affordable housing units in a separate building consistent with R.R.O. 17.29.050, affordable housing units must be completed and occupied no later than completion and occupancy of the market rate units.

**17.29.080 - Affirmative marketing and local preference.**  
Applicants creating new affordable housing units under this chapter are required to select qualified homebuyers or renters via lottery under an Affirmative Fair Housing Marketing Plan (AFHMP) that complies with federal and state fair housing laws MGL

c. 40B Comprehensive Permit Guidelines, and any applicable local fair housing and local preference guidelines established by the city of Revere.

A. The AFHMP shall be prepared and submitted by the applicant and approved by the city of Revere's Office of Planning and Community Development and DHCD as part of the LIP. The affirmative marketing costs for the affordable housing units shall be the responsibility of the applicant.

B. To the greatest extent permitted by the law, the AFHMP shall provide for a local preference for Revere residents for up to 70% of the affordable housing units.

The city shall provide the developer with supporting documentation for the AFHMP, including the documentation required to support a local preference. Where a project results in the displacement of low-income households, first preference shall be given to those displaced households, provided that the household is an eligible household under LIP guidelines, that the household qualifies for an affordable housing unit in terms of household size and income, and that such preference would be allowable under the rules of any source of funding for the project.

C. Prior to the marketing or otherwise making available for rental or sale any of the units in the development, the applicant must obtain approval of the AFHMP from the city of Revere's Office of Planning and Community Development and DHCD. No Certificate of Occupancy for a development subject to this chapter shall be issued until such approvals are obtained.

**17.29.090 - Preservation of affordability.**  
Affordable housing units created in accordance with this chapter shall be subject to an affordable housing restriction that contains limitations on use, occupancy, resale, and rents, and provides for periodic monitoring to verify compliance and enforce said restriction. The purpose of these limitations is to preserve the long-term affordability of the unit and to ensure its continued availability and affordability for the designated income group(s). Affordability restrictions shall be contained in applicable affordable housing restrictions, regulatory agreements, deed restrictions or covenants, contractual agreements, land trust arrangements and/or other mechanisms to ensure compliance with the affordability requirements of this chapter (collectively, "Affordable Housing Restriction").

A. The affordable housing restriction shall comply with LIP requirements or any other applicable guidelines issued by DHCD, acceptable to the city, that ensures affordable housing units can be counted toward Revere's Subsidized Housing Inventory. The applicant shall be responsible for preparing and complying with any documentation that may be required by DHCD to qualify affordable housing units for listing on the Subsidized Housing Inventory.

B. The affordable housing restriction shall run with the land and be in force in perpetuity or for the maximum period allowed by law and be enforceable under the provisions of MGL c. 184, § 26 or

§§ 31 and 32.  
C. The affordable housing restriction shall provide that initial sales and rentals of affordable housing units and subsequent re-sales and rentals shall comply with federal, state, and local fair housing laws, regulations and policies, and DHCD's LIP guidelines. For affordable homeownership units, the procedure for resale and the responsibilities of the homeowner, the City and/or its monitoring agent, and DHCD are described in detail in DHCD's LIP regulations.

D. The affordable housing restriction shall provide for monitoring intended to verify that affordable housing homeownership units remain owner-occupied and are resold at a price affordable to qualified low-income homebuyers, and that affordable housing rental units are occupied by low-income tenants at rents affordable to qualified renters. The applicant shall be responsible for providing ongoing monitoring through an organization qualified to serve as a monitoring agent on behalf of the city. The city or its designee shall verify compliance with and enforce the affordable housing restriction.

E. For affordable ownership units, the affordable housing restriction shall grant the city of Revere or its designee the right of first refusal to purchase the unit.

F. The affordable housing restriction shall provide that in the event that any affordable rental unit is converted to a condominium unit, the condominium unit shall be restricted in perpetuity as affordable to the same income range as prior to the conversion. The affordable housing restriction for the rental project shall include a provision which reflects this chapter.

G. When affordable housing units are provided on-site, no Certificate of Occupancy, or lot releases in the case of a subdivision, shall be issued until the applicant executes an enforceable affordable housing restriction and provides evidence acceptable to the city of Revere's Office of Planning and Development that the affordable housing restriction has been recorded at the Suffolk County Registry of Deeds and, in the case of affordable ownership units, signed by the homebuyer. It is the applicant's responsibility to prepare a complete regulatory agreement and supporting documentation for review and approval by the city, to obtain the necessary signatures, and to record a fully executed agreement at the Registry of Deeds.
